255	Chapter 6 : Classes of 2024
302	Chapter 7 : Our Key Collaborators

CHAPTER 1:
SJI Community

PRINCIPAL'S MESSAGE

As we prepare for the year ahead, it is a good time to take stock and reflect on what we've accomplished together over the past year as one Josephian community. We celebrate with gratitude everything that came and passed us by. This year, SJI continued its tradition of performing strongly in a range of domains, from the academics to the sports, uniformed groups and performing arts. Beyond this string of accolades, the heart and hallmark of a Josephian education lies in real service – borne out of a strong sense of personal commitment and social responsibility.

In SJI, our definition of success is measured not just by the achievements of our students and staff. More importantly, it is measured in terms of our various contributions to the school and the wider community and in finding purpose, fulfilment and joy in giving back to society. And that is why I'm heartened and proud to share that many Josephians have sought to uphold this tradition by giving of themselves, be it to the school or to the wider community. They have contributed by supporting numerous social causes through initiating student-led projects at various levels be it school-wide, level- wide, via CCAs/CAS, as a class or at the individual level this year in showing care and concern for others. The dedication, enthusiasm and positive spirit the students displayed are commendable. In doing so, Josephians have role-modelled servant leadership, demonstrated what it means to be of service to others and promoted a sense of community. This indeed is the uniqueness of SJI and it is this mission to be persons for others and the instinct of giving back to the community that differentiates Josephians in this increasingly individualistic and materialistic world.

This year's issue of the Josephian Annual centres around our school theme for 2024 which is, Deepening Our Connections with the World, Industry, and the Community. This theme reflects our commitment to preparing our students for an interconnected world, where knowledge, industry, and community are closely linked, and learning extends far beyond the walls of our school.

In today's rapidly evolving landscape, the traditional boundaries between local and global, school and industry, theory and practice are increasingly blurred. Our students face a world that will demand new knowledge and abilities, and the need to become adaptable, life-long learners. To prepare our students for this complex and uncertain environment, we in SJI have embraced a holistic approach to education – one that encourages curiosity, critical thinking and resilience. We aim to equip our students with these skills, attitudes and mindsets needed to navigate this dynamic world with confidence and integrity.

Expanding Learning Beyond the Classroom

Through strategic partnerships with local industries and organisations, we have brought authentic learning and real-world insights into our teaching, showing students how their classroom knowledge can be applied in practical settings.

By engaging with professionals across various sectors through the Work Experience Programme (WEP), students gain a clearer understanding of the skills, competencies and dispositions needed for the future and how their learning translates to real-life applications.

Community involvement and service-learning projects have also been a key focus this year, as we believe that meaningful engagement with society helps students develop empathy, compassion, social responsibility, and a strong sense of purpose. The giving of oneself in the service of others, with a deep-seated sense of commitment, is a fundamental trait of a true Josephian, as demonstrated by the many old boys and girls of the school who have contributed selflessly to our community and nation.

Our Year 5 Josephians on GEP teaching English to students in a school in Cambodia

Josephians embarking on the Work Experience Programme

From participating in Values-in-Action projects to volunteering in local initiatives, our students have had numerous opportunities to serve, empathise and experience the positive impact they can have on others. These activities foster a deep sense of connection and help them understand their role as contributing members of a larger community.

Fostering Global Connections and Awareness

We live today in a world that is both diverse and interconnected. To help our students appreciate this complexity, we have continued to strengthen our overseas student exchanges and partnerships. We have embarked on numerous initiatives such as twinning, immersion programmes and learning journeys. Through our annual Year 3 International Experience and Year 5 Global Education Programmes (GEP), students gain exposure to different cultures and perspectives, broadening their understanding of the world and appreciating that despite our differences, we share common values and aspirations. We need to sensitize our students to developments taking place worldwide and prepare them for the future so that they can be culturally versatile and are comfortable working, communicating and collaborating with people all over the world.

Our students have had the opportunity to collaborate with peers from other countries, engage in international dialogues and symposiums, and participate in projects that address global issues and challenges. These experiences have instilled in them a sense of global citizenship and a commitment to making a positive impact on the world.

Celebrating Achievements and Growth

I am immensely proud of our students' achievements across both academics and co- curricular activities. Our students have excelled in national competitions, achieved top honours in various fields, and demonstrated remarkable skill, dedication, and perseverance.

In sports, we have witnessed outstanding performances this year at the National School Games, with our student-athletes showing exceptional talent and sportsmanship. The season came to a fitting finale, with the C-Division football boys emerging National Champions. Additionally, SJI clinched top 4 positions in over 20 competitions across 16 sports at the National School Games. These successes are a testimony to the strength of spirit and resolve of the students, teachers and coaches of all the sports teams.

Academically, our students have also garnered accolades in prestigious competitions, showcasing their intellectual curiosity and pursuit of excellence. They have kept the school colours of green and white flying high and made us extremely proud.

Nurturing Character and Citizenship

Character development remains at the heart of our educational mission. This year, initiatives such as the Lent project the Migrant Brothers project were aimed at reaching out to the migrant workers community in Singapore and to show appreciation for their hard work and contributions to the growth and development of Singapore. The Hair for Hope event that was organised with the aim of raising awareness and funds to support childhood cancer, highlighted the spirit of compassion and selflessness within our school community. Such projects are not your run-of-the-mill community service projects.

Our C-Division footballers winning the National Championship

What distinguishes them from the rest is the degree of thought that has gone into them to make sure that they serve their communities well and deliver lasting impact.

Through leadership roles, participation in seminars, and involvement in outreach activities, our students have had numerous opportunities to develop the qualities of good citizenship. We have also continued to strengthen character-building programmes like Signum Fidei, equipping our students with the skills needed to make ethical decisions and lead with courage, conviction and purpose.

Looking Forward

As we reflect on 2024, I am filled with a sense of optimism for the future. We have laid a strong foundation for growth, innovation and meaningful engagement. I am confident that the experiences and skills our students have gained will serve them well as they navigate the challenges and embrace the opportunities that lie ahead.

I am immensely proud and filled with gratitude at how our school community has embraced this year's school theme wholeheartedly and have come together to support our shared vision of holistic education. We will continue in our endeavours towards providing a quality education by enthusing each and every Josephian to be passionate about learning as well as to be engaged and inspired. We want every student to be nurtured into resilient, reflective and responsive individuals who are confident and adaptable in meeting the challenges of the 21st century. We celebrate the good year we have had and look forward to new opportunities for learning and growing as we prepare our students for the exciting world of possibilities.

Wishing all Josephians and friends of the school a 2025 filled with meaning and a sense of purpose.

Have a great new year ahead.

Staff Retirement

Mdm Lee Pick Siew

Mr William Tan

Mdm Lee Pick Siew has been a remarkable teacher at SJI from January 1996 to December 2024. She received the Distinguished Chinese Language Teacher Award in 2019 and the SJI Lasallian Star Teacher Award in 2022, reflecting her mastery and innovative teaching methods. Respected and admired, Pick Siew's retirement marks the culmination of a career devoted to inspiring and nurturing students with patience and IT-savvy approaches to learning.

Beyond academics, Pick Siew created vibrant opportunities for students to connect with Chinese language and culture. She organised events like storytelling contests, song competitions, and celebrations for Chinese New Year and Mid-Autumn Festival, fostering cultural appreciation and engagement. Her efforts made language learning dynamic, relevant, and deeply impactful.

From 2001 to 2024, she led the Society of St. Vincent De Paul (SSVP), instilling values of service and compassion. Under her guidance, students engaged in meaningful community work, including visits to nursing homes, fundraising, and organising celebratory events for the elderly. Her leadership transformed SSVP into a platform for students to develop empathy, adaptability, and communication skills while making a difference.

Known for her genuine care and dedication, Pick Siew has left an indelible mark on SJI, shaping students into compassionate individuals who contribute meaningfully to society. Her legacy of excellence, kindness, and service will continue to inspire all who had the privilege of knowing her.

Mr William Tan retires after 24 years of exemplary service in education, including 12 impactful years at SJI. His passion for physics, dedication to student growth, and collaborative spirit have left a lasting legacy.

William's enthusiasm for physics has inspired countless students to approach the subject with curiosity and excitement. Whether unraveling the properties of waves or explaining Newtonian physics, he brought science to life, fostering a love for the subject that endures. Open to feedback, William continuously refined his teaching, integrating innovative technology, project-based learning, and hands-on experiments to make physics accessible and engaging for diverse learners.

Beyond academics, William prioritised his students' holistic development, creating a nurturing environment where they felt valued and supported. He recognised that success goes beyond grades, taking time to address their emotional and social well-being.

As a Tennis CCA teacher, William's calm and steadfast leadership brought stability and structure to the team, effectively managing players across all divisions. His unwavering commitment and positive attitude inspired his colleagues and students alike.

A humble and generous colleague, William contributed meaningfully to curriculum development and school initiatives, earning the respect and admiration of his peers.

We celebrate William's remarkable contributions to SJI by wishing him fulfilment and joy in the next chapter of his life. His passion, humility, and dedication have profoundly impacted the community, and his influence will inspire future generations.

Staff Welfare Committee

In today's fast-paced work environment, the well-being of employees is paramount to fostering a productive and engaged workforce. At our organisation, the Staff Welfare Committee plays a crucial role in enhancing the work experience for everyone. This dedicated group of teachers works tirelessly to organise events, activities, and initiatives that support staff well-being and morale throughout the year.

WELL-BEING DAYS

These special days are dedicated to providing staff with resources and activities that promote health and wellness. From yoga sessions and mindfulness workshops to nutrition talks and massages by visually handicapped masseurs, Well-Being Days encourage employees to take a break from their regular routines and focus on self-care.

SOCIAL EVENTS

To foster camaraderie and strengthen relationships among colleagues, the committee organised numerous social events such as Teachers Day lunch, Health checks, and themed lunches. These gatherings not only provided a much-needed break from work but also create opportunities for staff to connect, collaborate, and form lasting friendships.

The Staff Welfare Committee is a vital part of SJI. By promoting well-being and morale, the committee helps create a workplace where employees feel valued, supported, and motivated.

Staff Wellness Day
Shoulder & Foot Massage

SPECIAL TREATS AND SURPRISES

Who doesn't love a surprise treat? The committee often arranges surprise snacks, durian and fruits fiesta, and even a perfume sales day to brighten up the workday and show appreciation for staff efforts.

The Staff Welfare Committee is committed to continuously improving and expanding its offerings. Plans for future initiatives include wellness challenges, mental health awareness campaigns, and more opportunities for professional development and personal growth.

We celebrate the successes of the past year and look forward to new initiatives. Together, we can cultivate a culture of care and commitment that benefits everyone.

2024 STUDENT LEADERS' INVESTITURE

CHAPTER 2: *Roll of Honour*

ARIEL AIMAN BIN NOORISMAN (FN401)

Senior Josephian & Lasallian Distinguished Service Award

Ariel Aiman is a well-rounded student whose exemplary academic performance, leadership, and service to the community embody the qualities of a true Josephian. Known for his charismatic and enthusiastic personality, Aiman creates a positive environment for those around him. He consistently demonstrates perseverance in all his endeavors, both academic and extracurricular, and is empathetic and understanding, building strong friendships with his peers. His reflective learning approach enables him to grow from his mistakes and continually improve himself.

Aiman takes his responsibilities seriously and is highly motivated to succeed. His calm demeanor and methodical approach allow him to prioritise tasks effectively and tackle challenges with enthusiasm. His love for learning is evident in his academic achievements, which include the Prime Minister's Book Prize in 2021 and the 4 Science 4 Math and Science Award in 2023. Aiman's talent for language also shines through his success in debate competitions. He was a finalist in the Saya Boleh Berpidato Competition in 2023 and 2024, and in 2024, he was named Best Speaker in the Bahas 4PM competition, where his team emerged as champions.

Aiman's teachers speak highly of him. His Chemistry teacher, Miss Gina Tan, praises his attention to detail and time management, while his Malay Language teacher, Ms Siti Rahimah, commends his passion for the language and his leadership in national debates. Aiman's commitment to the Malay Language, along with his leadership and oratory skills, have brought glory to SJI and earned him widespread recognition.

Beyond academics, Aiman's leadership is evident in his role as Unit Sergeant Major (USM) of the SJI National Cadet Corps (NCC), where he was also recognised as Master Sergeant by NCC Headquarters. He represented SJI in the National Day Parade marching contingent and was awarded the NCC HQ Outstanding Cadet Award in 2024. His peers view him as dependable and committed, and his achievements in the NCC are a testament to his perseverance.

Aiman's leadership was further recognised in his appointment as Head of the Prefectorial Board in 2023. He played a key role in organising events like Teachers' Day, Founder's Day, and the SJI Open House. He also led school camps and Values-in-Action projects, such as the Muhammadiyah Sports Day for orphans. His commitment to serving both the school and the wider community reflects his deep sense of compassion and purpose.

Aiman's remarkable journey at SJI has been marked by his dedication to service, leadership, and academic excellence, making him a truly worthy recipient of the Senior Josephian Award.

RAAD TIAN PUTHUCHEARY (FN401)

Lasallian Distinguished Service Award

Raad Puthuchearry has consistently demonstrated a deep commitment to service and leadership, making significant contributions both within and beyond SJI. He is especially known for his ability to bring people together toward a common goal, encouraging and inspiring others to serve the community.

Raad credits his Year 2 Form teacher, Ms. Karen Teo, for encouraging him to take on his first leadership role as a Peer Support Leader for new Josephians. This experience set him on a path to become an influential leader at SJI, contributing meaningfully in numerous capacities.

Within the Drama Club CCA, Raad quickly rose through the ranks to become Vice-President, where he demonstrated his maturity, confidence, and reliability. In this role, he managed key projects like Drama Night, developed the curriculum for Year 1 and 2 Josephians, and organised bonding camps. He also oversaw administrative and logistical needs for the club, earning praise from his Drama Teacher, Ms. Valerie Koh, who commended him for his strong sense of duty, empathy and responsibility. These qualities made him a highly effective leader, playing a key role in the growth and success of the Drama Club during his time there.

Raad's leadership extended beyond his CCA to his role as a Prefect. He was selected to serve in the Prefects' Executive Committee (EXCO), where his leadership skills were recognised and endorsed by many teachers. One of Raad's standout contributions as a prefect was during Prefect Camp 2023, where he developed training modules for new prefects and gathered feedback from students to better understand how prefects could serve the school. His insights led to meaningful improvements in student engagement, which were evident in major school events like the Mahalo Carnival, Chinese New Year Celebrations, and Teachers' Day Celebrations, where he played a leading role.

Raad's commitment to service also extended beyond SJI, where he took on the responsibility of being a member of the organising committee for the Hair for Hope initiative. His efforts to rally the school community to support children with cancer were deeply impactful, inspiring younger students to continue the work he had started, thus creating a ripple effect of positive change.

Raad's service and leadership at SJI have left a lasting impact. His ability to empathise with others, combined with his dedication to making a difference, has earned him the respect and admiration of his peers and teachers. His contributions are a source of pride, and his legacy will inspire others to follow in his footsteps.

LOH YIN CHEN BRIAN (FN401)

Lasallian Distinguished Service Award

Brian Loh has consistently demonstrated a deep commitment to service and leadership, contributing significantly to his school and the broader community. Proactive and driven, he actively seeks opportunities to make a difference and is frequently invited to participate in leadership roles due to his reliability and dedication.

Despite joining SJI only in Year 3, Brian quickly earned the trust and respect of his peers and teachers. This led to his election as Fintan Fraternity Captain, where he played a pivotal role in fostering a stronger sense of identity and belonging among students. He also took the initiative to collaborate with other Fraternity Captains to promote school spirit through joint programmes and interactions across cohorts.

Brian's leadership qualities are widely recognised by both students and staff. His Form Teacher and Fraternity Teacher Mentor, Mr. Sarabjeet Singh, praised him as an authentic, relatable, and approachable leader. Brian is known for generating innovative ideas and seeing them through to completion, organising initiatives that bring tangible benefits to his peers. Confident in expressing his ideas, Brian is also open to learning from others, a trait that enhances both his leadership and personal relationships.

In his CCA, NPCC Air, Brian demonstrated resilience and responsibility, rising through the ranks to join the Executive Committee (EXCO). He represented SJI at prestigious national events such as the MOE National Camp and National Day Parade, excelling in these demanding platforms while ensuring his peers' interests and welfare were maintained. Brian's high standards and commitment to excellence did not go unnoticed, further solidifying his reputation as a dependable and effective leader.

Beyond his CCA, Brian earned strong endorsements from his teachers to join the Prefectorial Board, where he quickly adapted and took on significant responsibilities. One of his major contributions was organising and emceeing the inaugural VIA Scubillion Fair, where he coordinated with partner organisations and aligned them with his peers' strengths, fostering impactful community initiatives. His professionalism and ability to empathise with others were key to the fair's success. Additionally, Brian spearheaded his own VIA project, Project Parsimonia, focusing on upcycling clothes to raise awareness about sustainability among his fellow students.

Brian is a leader with a heart for service, consistently inspiring those around him with his passion, empathy, and dedication. His contributions have left an indelible mark on his peers and teachers, and his leadership has been a source of inspiration. Brian is truly deserving of the Lasallian Distinguished Service Award 2024, exemplifying the spirit of community, leadership, and service.

LIM EE-RUEY (FN401)

Lasallian Distinguished Service Award

Ee-Ruey exemplifies a responsible and dependable young man who excels in both academic and leadership roles. Known for his hardworking nature, Ee-Ruey gets along well with his peers and displays a willingness to share knowledge, whether working in teams or independently. His resilience and adaptability allow him to remain motivated and undeterred when faced with challenges, handling unfamiliar contexts with ease.

With a strong sense of self-discipline, Ee-Ruey consistently completed tasks with minimal supervision, demonstrating his drive and commitment. His well-mannered and respectful demeanor made him a welcome presence everywhere, and his inquisitive mind and thoughtful perspectives enriched classroom discussions.

At SJI, Ee-Ruey has demonstrated a positive attitude and enthusiasm for his studies, consistently achieving good academic results. His leadership abilities are evident in the many roles he has held, including Class Vice-Chairman, School Prefect, Peer Support Leader, Peer Support Facilitator, and Deputy Head Prefect. These roles allowed him to communicate effectively with his peers, understand their needs, and guide them toward common goals. Ee-Ruey displayed strong moral courage and ethics in his actions, earning the respect of his teachers and classmates alike.

Mr Tay Zhi Qian, his History teacher, commends him for his insightful contributions to class discussions, his thirst for knowledge, and his ability to adapt to changing circumstances. Similarly, Ms Tan Kah Choon, Ee-Ruey's Chinese Language teacher, praises his perseverance in overcoming challenges in learning Chinese, highlighting his determination and generosity in helping classmates struggling with the language. Ms Cassandra Lim, Ee-Ruey's Form Tutor and Biology teacher, also speaks highly of his curiosity and dedication to biology, noting his leadership in collaborative projects.

Beyond academics, Ee-Ruey has made significant contributions to the community. He volunteered at the Children's Church at Living Sanctuary Brethren Church in 2022, leading weekly activities for 50 children. As Chairman of the Speech Buddy Programme in 2023, he helped conduct public speaking workshops for students at De La Salle Primary School and SJI Junior. Additionally, Ee-Ruey performed as the male lead in "Starstruck," an SJI musical that raised over \$4,500 for Children's Wishing Well, with more than 110 hours spent in rehearsals.

Over his four years at SJI, Ee-Ruey has embodied the school's values of faith and service. His selflessness, integrity, and dedication have left a lasting impact on the school and the community, making him a worthy recipient of recognition for his exceptional service.

IBRAMSA IDRIS AHAMED (FN401)

Lasallian Distinguished Service Award

Idris is a responsible, hardworking, and disciplined individual who takes pride in his work and constantly seeks self-improvement. He speaks with confidence and often shares insightful perspectives on various topics.

Idris is well-liked by his peers, showing sensitivity to their needs and a willingness to lend a helping hand. He is compassionate, frequently offering to share his knowledge and ideas. His positive attitude towards learning and dedication to his academic goals make him a diligent and committed student, always striving to fulfill his potential by setting and achieving high standards for himself. Idris is conscientious and meticulous in his work, consistently seeking to optimise his strengths.

Idris participated in numerous competitions and programmes, including the Philippine International Mathematics Olympiad, Plain English-Speaking Award (PESA), Singapore Math Project Festival, Queen's Commonwealth Essay Competition, and the Singapore Junior Physics Olympiad. He was selected to represent SJI in oratorical competitions and emerged as the Champion in the 2024 Tamil National Debate Competition, where he was named Best Speaker in all five rounds.

Ms Cassandra Lim, Idris' Form Tutor and Biology teacher, praised his scientific mind, noting his deep understanding of biological principles and innovative approaches to research, which demonstrate a true passion for the subject. His Chemistry teacher, Miss Gina Tan, highlighted his creative problem-solving skills, collaborative spirit, and positive attitude towards challenges.

Idris also exhibits strong leadership qualities. As the Deputy Unit Chairperson of SJI's National Police Cadet Corps (NPCC), he led training sessions, camps, and events, working closely with teacher officers. He was awarded the Best Skills Award in the 2021 SJI Muster Parade, recognising his proficiency in various NPCC activities. In 2024, Idris was honored with the prestigious Singapore Police Force NPCC Badge Award, following a series of rigorous interviews. He attained the rank of Station Inspector, the highest rank a cadet can achieve in secondary school.

Beyond his CCA, Idris served as a Prefect from Year 3 to 4 and held a leadership role in the Prefectorial Board's Executive Committee. He also led the ACE Camps for Year 2 students, promoting outdoor skills and personal development. Committed to service, Idris participated in Values-in-Action projects and served as an ambassador at the SJI Open House. As a Singapore Police Force Public Youth Ambassador, he raised awareness about online crimes.

Idris' dedication to faith, service, and integrity exemplifies Lasallian values, and his contributions have made a lasting impact both at SJI and within the broader community.

TAN JING HENG (FN401)

Lasallian Distinguished Service Award

Tan Jing Heng is a distinguished Josephian whose experiences at SJI showcase his commitment to serving the community. He believes in applying what he learns in the classroom and from school life to make a meaningful impact on society. This is evident in his leadership and involvement in numerous Values-in-Action (VIA) initiatives, often taking the lead in organising and executing these projects with his peers.

As President of the Vocal Ensemble, Jing Heng led the group with distinction, overseeing activities and ensuring high-quality performances. His leadership extended beyond performances to community service, such as organising the Willing Hearts VIA event, where he led the ensemble in preparing meals for families in need. This initiative required collaboration with Willing Hearts, careful coordination, and commitment to ensuring timely meal deliveries. Jing Heng recognised the significance of this project and was driven by the knowledge that his efforts directly supported vulnerable families.

Jing Heng also held significant leadership roles in the school's student body. As a member of the Prefect Executive Committee, he played a crucial part in planning major school events, representing SJI at external functions, and enhancing school spirit through various initiatives. He organised the Prefect EXCO camp, managed logistics for multiple events, and even served as emcee for Teachers' Day celebrations. Jing Heng's leadership was always motivated by a desire to serve the collective good, never for personal gain. His empathetic and collaborative nature was further demonstrated in the Peer Support Program, where he guided new students and facilitated camps, contributing to a supportive and welcoming school environment. Many new Josephians found him an inspiring role model, motivating them to become more deeply involved in school life.

Jing Heng's sense of social responsibility extended to his participation in various community service projects. He led a team at the Lasallian Leadership Training Camp in 2023, where they visited an old folks' home, cleaned medical equipment, and engaged with the elderly. In 2024, he led recreational activities for residents at NTUC Health Nursing Home and participated in Project Tersus, a beach cleanup initiative, and Project Amica, helping to clean homes of elderly residents. These initiatives reflect his dedication to making a positive impact in the community.

Jing Heng's academic excellence, leadership, and commitment to community service makes him a role model for his peers. His journey at SJI is one of inspiration, showcasing a young leader prepared to face future challenges and continue making meaningful contributions to the world around him.

SEOW YI XUAN ETHAN (FN401)

Lasallian Distinguished Service Award

Ethan Seow is an absolute joy to teach. He is an inspiring student who has a talent for bringing out the best in everyone around him. His leadership, marked by compassion, kindness, and empathy, has made him highly respected and well-liked among both his peers and teachers. Ethan's involvement in various Values-in-Action (VIA) initiatives and service projects is a testament to his dedication to serving others, and he is often a natural choice to lead these initiatives due to the widespread support he receives.

As a cadet in the National Police Cadet Corps (NPCC) at St. Joseph's Institution (SJI), Ethan quickly rose through the ranks due to his motivation and willingness to learn. He organized key training initiatives and oversaw community involvement projects such as the Police Youth Ambassador (PYA) program. In this role, Ethan coordinated resources and worked with police officers from the Kampung Java Neighbourhood Police Centre to increase community vigilance and resilience against crime. His leadership as Unit Chairperson earned him the respect and admiration of his peers, and in 2024, he was awarded the prestigious SPF-NPCC Badge, the highest honor for NPCC cadets in Singapore.

Ethan's leadership extended beyond his CCA to his role as a student leader with the Prefectorial Board, where he was selected to serve on the Prefects Executive Committee (EXCO). In this position, he contributed significantly to improving the school experience for all Josephians. One of his notable achievements was organizing the Year 1 Orientation Camp, a project that helped new students transition into SJI. Ethan described this experience as eye-opening, as he learned valuable project management skills and recognized the importance of fostering friendships and bonds among Josephians. This was also a way for him to give back, as he had similarly benefited from the support of senior Josephians when he first joined the school.

More recently, Ethan played a key role in the Mahalo Carnival Committee, which raised funds to support migrant workers in the community. His commitment to advocating for underappreciated members of society demonstrates his deep sense of empathy and his desire to uplift those in need.

Despite his many achievements, Ethan remains humble and grateful for the opportunities he has had at SJI. Over the past four years, he has made a lasting positive impact on the lives of others, making him a deserving recipient of the Lasallian Distinguished Service Award. His dedication to service will undoubtedly continue to shape his future.

ZACHARY YAN TJUN (FN401)

Lasallian Distinguished Service Award

Zachary is a confident, competent, and driven individual, excelling in both academic and extracurricular activities. His strong work ethic and independent nature allow him to accomplish tasks with minimal supervision, consistently producing high-quality results. His jovial and understanding nature fosters strong friendships among his peers, and he is known for his systematic, methodical approach to his studies.

Throughout his time in school, Zachary demonstrated a remarkable ability to balance his academic pursuits with active participation in other areas of school life. As a highly dedicated member of the National Cadet Corps (Land), Zachary achieved the rank of Staff Sergeant. In this leadership role, he mentored and guided Year 3 cadets, focusing on their physical fitness, drill standards, and leadership development. His outstanding contributions earned him the Best Cadet award in 2023, highlighting his leadership and commitment to excellence.

Zachary's teachers spoke highly of his academic and personal qualities. Ms Cassandra Lim, his Biology teacher, praised his deep understanding of complex concepts and his ability to connect theoretical knowledge with practical applications. His History teacher, Mr Tay Zhi Qian, noted Zachary's intellectual curiosity and strong analytical skills, describing him as a highly motivated student who consistently delivers excellent work. Despite his talents, Zachary remains humble, always willing to help his peers and work collaboratively to achieve shared goals.

As a member of the Prefectorial Board from 2023 to 2024, Zachary served on the Prefect Executive Committee, where he played a crucial role in organising major school events such as the SJI Open House, Year 1 Orientation Camp, SJI Carnival, and the Council Camp. His leadership in these events earned him the respect and admiration of both junior prefects and his peers. Additionally, Zachary held leadership roles as Vice-Chairperson in 2022 and Class Chairperson in 2023.

Despite his demanding responsibilities, Zachary actively participated in other school events, such as serving as a Peer Support Leader, Peer Support Facilitator, and student helper during the SJI Sports Meet and Chinese New Year Celebration. He was also involved in various Values-In-Action (VIA) projects, including a book donation drive, beach clean-ups, and community service activities to support migrant workers and senior citizens. His role in the planning committee for the SJI Carnival in 2024 helped raise funds for the Migrant Workers' Centre.

Zachary embodies the core Lasallian values of Faith, Service, and Community. His leadership, humility, and dedication make him a deserving recipient of the Lasallian Distinguished Service Award.

TONG TZE ZHONG LUKE (FN402)

Lasallian Distinguished Service Award

Luke Tong is an accomplished all-rounder, excelling both academically and in his non-academic efforts. He is resilient, committed, and unwavering in his efforts to achieve his personal best.

Luke's leadership qualities were evident early on when he was selected as a school prefect from Year 1 to Year 4 and as the class Vice-Chairman in 2023. As Vice-Chairman, he created a supportive learning environment, encouraging his peers and inspiring involvement. His leadership grew further when he was appointed a Peer Support Facilitator in 2024, where he played a key role in planning and facilitating the Year 1 Orientation Camp. Luke's empathetic and thoughtful nature has made him a valuable contributor to the SJI community.

In addition to his leadership, Luke is articulate and diplomatic. His communication skills enable him to express his ideas effectively in group discussions, while also being receptive to the views of others, fostering teamwork. His peers appreciate his ability to listen and contribute meaningfully to group efforts.

Luke's passion for learning spans both the Sciences and Humanities. His interest in world affairs led him to participate in various Model United Nations (MUN) conferences. In 2023, he took part in the SJI MUN and the Preparatory MUN, where his eloquence earned him awards such as Best Position Paper and Honourable Mention. In 2024, he represented SJI at the Singapore MUN, competing against international universities, and was awarded a Verbal Commendation.

Luke also possesses a keen entrepreneurial spirit and problem-solving ability. He was selected for the Youth STEM Empowerment Programme (YSEP), where he developed innovative solutions to real-world problems. His team won the Design Marvel Award at the Ngee Ann Polytechnic Marine Offshore and Sustainability Challenge in 2023. His problem-solving skills were further honed in the Signum Fidei programme, where he collaborated with organisations such as Space Faculty to promote the International Space Challenge.

A disciplined athlete, Luke represented SJI in the National School Games (NSG) for Track and Field and Cross Country in 2023 and 2024, reaching the finals in the 800m event. As Captain of the Cross-Country team, he led with integrity and high standards. He also volunteered at the Singapore Athletics Club Combined Track and Field Meet, reflecting his commitment to serving the community.

With his strong values, leadership, and dedication, Luke is poised to continue making a meaningful impact in the future.

EDGAR MAUNG (LE401)

Lasallian Distinguished Service Award

Edgar Maung exemplifies the core Lasallian values of Faith, Service, and Community, consistently demonstrating a deep commitment to these principles. He is a people-centered individual who finds meaning in his actions. As a student leader, Edgar displays values such as empathy, responsibility, gratitude, and humility. Academically, he maintains a positive attitude, participating actively in class and showing perseverance when faced with challenges.

A natural leader, Edgar served as the Unit Sergeant Major (USM) of NCC Land, where he was responsible for planning weekly training sessions. He ensured that cadets were well disciplined and trained in necessary drills, military related knowledge and physical training. He is a role model to his juniors emphasising the importance of doing what is right.

In 2024, he served as Parade Commander for the SJI Anniversary Parade and oversaw the NCC Land annual camp. Despite his academic commitments, Edgar also made time to collaborate with leaders from Singapore Chinese Girls' School to organise a cluster training session.

Edgar's leadership and dedication in his CCA have earned him multiple accolades. In 2022, he received the SJI Anniversary Parade Outstanding Cadet Award, given to one student per level in each CCA. In 2024, he was awarded the highest honour attainable by a Senior Cadet Leader, the NCC Outstanding Cadet Award.

Edgar also took on leadership roles in the Prefectorial Board from 2023-24, overseeing major school events such as Racial Harmony Day and CNY celebrations. As a Peer Support Leader (PSL) and Peer Support Facilitator (PSF), he played a crucial role in mentoring younger students. He was certainly a great role model for the young Josephians joining SJI. Edgar also led the inaugural SJI Mighty Mousetrap Car Challenge, the school's first STEM competition. He took on numerous roles and contributed greatly to the success of the event.

Edgar's service extended beyond the school community. In 2024, as Vice President of the SJI X Ray Of Hope VIA event, he promoted awareness of the migrant worker community in Singapore, encouraging Josephians to engage with social issues. He was also an EXCO member of the Speech Buddy VIA, where he helped educate P6 students on public speaking. Additionally, he organised sharing sessions at his primary school, helping younger students transition to secondary school life.

His form tutor, Ms Surjeet Kaur shares, "Edgar's strong sense of commitment towards SJI and the community at large is truly commendable. He truly epitomizes the words 'Enter to Learn, Leave to Serve'. He will undoubtedly make a difference in society."

THIRRUSHAN S/O THANA RAJAN (LE402)

Lasallian Distinguished Service Award

Thirrushan is a person of integrity with a deep sense of faith, service, and community. He is hardworking and determined, always striving to improve the lives of those around him. Courteous and well-mannered, he displays an impressive level of maturity and reflection.

Thirrushan's passion for learning is evident in his proactive approach to seeking knowledge, often clarifying doubts with teachers and peers. His thirst for knowledge drives his personal growth, and his resilience and commitment are demonstrated in the time and effort he dedicates to his academic goals. His positive attitude shines through in his participation in various courses and competitions. He took part in the Queen's Commonwealth Essay Competition, receiving a certificate of participation. He also represented SJI at the RI Youth Mental Wellbeing Challenge, where his team placed 2nd, and earned a participation certificate in The Straits Times' Future Forecast Competition.

As the Deputy Head Prefect (2023-2024), Thirrushan acted as a peacekeeper, maintaining a harmonious school environment with fairness and impartiality. He also served as the sole IC for the GRAIN seminar, an inter-school leadership seminar, and was a Peer Support Facilitator for the ACE camp from 2023-2024, leading his class and ensuring a positive experience for all. Outside of council duties, he contributed to the media organising committee for the 2024 SJI Carnival. As class chairperson (2022-2023), Thirrushan mediated conflicts among classmates, helping to resolve issues amicably.

Thirrushan demonstrated ambition and perseverance in his Co-Curricular Activity (CCA), Drama Club. He represented SJI in the 2023 SYF Arts Presentation, receiving a certificate of Accomplishment. He also acted in Starstruck: The Musical, a student-led production, further expanding his experience in drama. Beyond CCA involvement, he helped organise the visit from Wah Yan College, Hong Kong, and facilitated conversations with their students. He also participated in the Y.LEAD Seminar at River Valley High School, a significant leadership opportunity as Deputy Head Prefect.

In his role as Deputy Head Prefect, Thirrushan contributed to several school events, including the Year 4 Graduation Assembly, Thanksgiving Assembly, and Founder's Day. His concern for the wider community was evident through his participation in Values in Action (VIA) projects like the National Day Parade 2024, organised by Heartware Network, where he assisted the public.

Thirrushan's sense of responsibility, social awareness, and dedication to the Lasallian community are commendable. With his drive, commitment, and leadership, Thirrushan's positive impact on his school community is undeniable, and he is well-prepared to continue making meaningful contributions in the future.

PUTT SAWASMONGKOL (LE403)

Lasallian Distinguished Service Award

Putt Sawasmongkol is a shining example of a Josephian leader whose influence extends across multiple aspects of school life. Grounded in five core values—character, kindness, a growth mindset, discipline, and integrity—Putt has become a respected role model for his peers. His leadership is driven by honesty and empathy, which allows him to connect deeply with others and inspire positive change. Self-reflection is key to Putt's personal development, helping him stay true to his values while fostering growth in both himself and those around him.

Putt's warm and reliable nature, coupled with his authenticity, has earned him the admiration of his peers and teachers alike. As Vice-President of both the Vocal Ensemble and Green Club, he led with empathy, creating a sense of camaraderie and belonging. His leadership in the Vocal Ensemble helped the group secure a Certificate of Distinction at the 2023 Singapore Youth Festival (SYF), and he ensured that every member felt valued and appreciated.

In the larger SJI community, Putt played a significant role on the Prefectorial Board's Executive Committee, organising key school events such as Prefect Camp, Teachers' Day, and Chinese New Year celebrations. He also contributed as Peer Support Leader and with the ACE Camp Executive Committee, where his focus was on motivating juniors to grow as leaders. Beyond school, Putt demonstrated his commitment to service through volunteer work with his local church, Kwong Wai Shiu Hospital, and the Heartware Network, always approaching these opportunities with compassion and a genuine desire to help others.

As the President of MOE Secondary Scholars Executive Committee in 2023 and 2024, Putt led 11 student leaders in organising events that brought together over 200 students from across Singapore, fostering inclusivity and bridging cultural divides. He also led a team of 40 students and volunteers to organise the AY2024 Scholar Orientation for over 500 incoming scholars, showcasing his exceptional leadership and organisational skills.

One of Putt's most impactful initiatives was the "Bridging Worlds Through Football" VIA program, which used football to address social isolation among migrant workers in Singapore, breaking down cultural barriers and fostering understanding. His research on the environmental impact of green solvents in the pharmaceutical industry, completed during a year-long attachment with NTU, culminated in a published paper. He received numerous accolades, including a Bronze Medal at the International Elementz Fair and a Platinum Award in the Nanyang Junior Science Research Program.

Putt's embodiment of the Lasallian values of Faith, Service, and Community has left a lasting impact on SJI, inspiring his peers to lead with purpose and integrity.

RATUL RAMACHANDRAN (ML402)

Lasallian Distinguished Service Award

Ratul Ramachandran is an exemplary young man whose warmth and enthusiasm illuminate every aspect of his life. His conduct, both in and out of the classroom, reflects his unwavering integrity and serves as a positive influence on those around him. Empathetic and open-minded, Ratul embraces diversity with grace and respect, while his interactions with classmates and teachers consistently demonstrate his commitment to high moral values.

Academically, Ratul sets high standards for himself. His approach to challenges is driven by a growth mindset and a deep thirst for self-improvement. With effective time management and a positive attitude towards learning, he consistently contributes to classroom discussions with insightful questions that elevate the academic experience for his peers. His determination and resilience are evident in his strong academic performance, where he views both successes and setbacks as valuable opportunities for growth.

Beyond his academic achievements, Ratul has distinguished himself as a leader and a dedicated member of his community. As the team captain of his Badminton Co-Curricular Activity (CCA) throughout both Lower and Upper Secondary, he earned the respect of his peers, coaches, and teachers. His leadership was key in coordinating training sessions, fostering team camaraderie, and guiding the team to consistent success in the National School Games (NSG) and South Zone competitions. Known for his exemplary sportsmanship, Ratul received commendations from NSG umpires for his polite and respectful demeanor. Additionally, he played a vital role in supporting teachers during Direct School Admission trials and welcoming prospective students at SJI's annual Open House.

Ratul's dedication to his sport extends beyond the school environment. Demonstrating remarkable independence and initiative, he travelled to Thailand and Malaysia on his own for intensive training camps in badminton and football. These experiences not only sharpened his athletic skills but also nurtured responsibility and self-reliance, qualities that are reflected in his leadership and academic pursuits.

His dedication to service is equally commendable. In 2024, Ratul took the initiative to guide the elderly in redeeming Community Development Council vouchers using their smartphones, and in 2022, he contributed as a committee member for a student-led donation drive for the Canossian Home. These efforts underscore Ratul's deep commitment to serving others, even amidst a demanding school schedule.

Despite his numerous accomplishments, Ratul remains humble and grounded. His sense of social responsibility is profound, particularly in his role as a student leader. Having embraced the holistic education offered at SJI, Ratul is well-prepared to continue making a positive impact on society. He embodies the qualities of an exemplary student and is a worthy recipient of the Lasallian Distinguished Service Award.

ETHAN NG MUN HOE (WU WENHAO) (ML403)

Lasallian Distinguished Service Award

Ethan Ng exemplifies the qualities of a Josephian, consistently showing humility, compassion, and a deep desire to serve others without expectation of reward. Whether offering assistance to teachers or volunteering for tasks that require time and effort, he embodies a true "man for others". His empathetic nature and selflessness make him a role model for his peers and a testament to the school's values.

Ms Wong Kah Yan, Ethan's teacher in charge of leadership, remembers him for his resilience and tenacity, particularly during his role as the overall IC of the Year 1 Orientation Camp. In this role, Ethan stepped out of his comfort zone, managing and addressing large groups of students, which showcased his leadership and ability to inspire others. He consistently strives for excellence, whether in his academics, duties, or Co-Curricular Activities (CCA).

In 2021 and again in 2023, Ethan was appointed as class vice-chairman, where he earned the respect and cooperation of his classmates. His leadership qualities were further recognised when he was appointed to the Prefect Executive Committee in 2023. In this role, he oversaw many of the Prefectorial Board's initiatives and took on key responsibilities such as organising the Year 1 Orientation Camp and Campfire 2024. Ethan also successfully planned and executed the Teachers' Day programme in 2023, including organising auditions, selecting performances and preparing goodie bags.

One of Ethan's most notable achievements this year was reviving the Hair for Hope event, which aims to raise awareness and funds for childhood cancer through head shaving. His leadership in organising this initiative demonstrated his compassion and commitment to meaningful causes that benefit the wider community.

In his CCA, Ethan was appointed Senior Staff Sergeant and Head of Logistics for the National Cadet Corps (NCC) Air. He handled administrative tasks, facilitated camps, and managed the NCC booth at the SJI Open House 2023. Ethan's dedication and responsibility in balancing his leadership roles within the NCC further highlight his ability to manage complex tasks effectively.

In addition to his leadership roles, Ethan has been consistently involved in voluntary service. He served as an ambassador for the SJI Open House in both 2022 and 2024 and volunteered at the Christian Brothers Schools Open House in 2022. These efforts demonstrate his unwavering commitment to serving others and maintaining the highest standards in his work.

Ethan's humility, leadership, and service make him an exemplary role model for his peers. His impact on the SJI community is profound, and he is a deserving recipient of the Lasallian Distinguished Service Award.

WESLEY CHOW (MN403)

Lasallian Distinguished Service Award

Wesley Chow is a conscientious, driven, and honest individual who consistently excels in academics, leadership, and community service. He honours his commitments and always gives his best effort in any situation. Guided by a firm moral compass, Wesley stands up for what is right, even when it may be unpopular.

As the Class Chairman, Wesley is a proactive individual who takes the initiative to make positive contributions and address challenges. Disciplined and focused, Wesley accomplishes every assigned task with pride. In his day-to-day interactions with his classmates, Wesley relates well to his peers and is sensitive to their needs. He has on many occasions looked out for the interest of his classmates, showing genuine concern when they are facing problems.

In his role as Assistant Corps Sergeant Major of the SJI St. John Brigade, and the Sergeant Major In-Charge of Public Relations, Logistics, and Public Duties, Wesley exhibited exemplary leadership and organisational skills. He instilled discipline in his juniors and honed their skills in Foot Drills and regimentation. Wesley's democratic leadership style values the input of all team members, believing that diverse perspectives lead to stronger outcomes. He dedicated time to coaching his juniors for the District First Aid Competition, playing a key role in helping the Year 2 and 3 teams emerge as champions in 2024.

Wesley's own competition record in the St. John Brigade is equally impressive. He placed second in the District First Aid Competition in 2022, first in 2023, and third in 2024. His most notable achievement was securing third place in the National First Aid Competition in 2022. Through his leadership in planning and executing various CCA activities, Wesley displayed perseverance, overcoming challenges alongside his team. His dedication was recognised when he received the Lasallian Award in 2022 and the Outstanding Cadet Award in 2024, along with the Chief Commissioner's Badge.

Wesley's commitment to service is evident. As a Peer Support Facilitator for the Year 1 Orientation Camp in 2024, he played an essential role in ensuring the event's success. He also contributed to public duties, such as the Chingay Parade and National School Games Cross Country, and collaborated with River Valley High School students in a beach clean-up. A true embodiment of the school's values of Faith, Service, and Community, Wesley strives to make a positive impact on those around him.

LIM KAI SHEUN (LE403)

SJIOBA Sportsman of the Year

Lim Kai Sheun is a respectful and charismatic student who embodies the traits of a dedicated and resilient athlete. Over the past four years at SJI, he has shown consistent growth and character development, standing out for his unwavering dedication to both his athletic and personal growth.

Kai Sheun's passion for football runs deep, and since the age of 12, he has maintained the discipline and commitment akin to that of a professional athlete. His football journey began early, training with esteemed programmes like the Euro Soccer Academy.

Kai Sheun's exceptional football talent and strong academic performance secured his place at SJI through the Direct School Admission (DSA) programme in 2021. At SJI, he developed into a respected leader, earning the trust of his peers. His positive attitude and strong interpersonal skills led to his appointment as Vice-Captain of the C-Division football team in 2022. In 2023, he continued as Vice-Captain of the B-Division team, often stepping up as Captain during matches, where he guided his team with strategic insight.

His football coaches recalled Kai Sheun's ability to motivate his teammates. His legacy as a key playmaker in the National School Games (NSG) is remembered fondly. In 2024, during the B-Division NSG competition, Kai Sheun's incredible tally of 18 goals earned him the accolade of Top Scorer of the competition. His stellar performance was instrumental in earning the third place position for the school.

Throughout his time at SJI, Kai Sheun's perspective as a budding professional athlete evolved. His talent and dedication led him to join the National Development Centre (NDC) teams, where he earned his first national call-up in 2023 to compete in an invitational tournament in Bangkok. His commitment continued to bear fruit, as he represented Singapore in the 2024 ASEAN Football Federation (AFF) Under-16 Championships in Indonesia. Most recently, Kai Sheun was selected to train with the Under-17 Singapore National Team in preparation for the Asian Football Confederation (AFC) Under-17 Asian Cup, marking another significant milestone in his football career.

As a role model, Kai Sheun leads by example, upholding strong moral values and showing empathy toward others. His peers respect and trust him for his ethical conduct and supportive nature. In academics, Kai Sheun displays the same discipline and resilience he exhibits on the field. His proactive approach to his studies is evident in the way he seeks guidance from his teachers, ensuring that he not only keeps up but excels.

As he completes his secondary school education in SJI, Kai Sheun leaves behind a legacy of excellence in both academics and sports.

POH XUAN EN
KIMBERLY (FN602)

Senior Josephian & Lasallian
Distinguished Service Award

Kimberly Poh is a remarkable individual whose dynamic blend of leadership, responsibility, and passion for sports sets her apart in her school community. With a confident and responsible demeanour, she was trusted to complete tasks efficiently while remaining receptive to different perspectives—a testament to her exceptional character and versatility.

In the realm of leadership, Kimberly shines brightly. As a student councillor in the Service Executive Committee (Exco), she exemplified dedication and initiative, leading by example in service-oriented endeavours. Her crowning achievement came as the Overall-in-Charge of the 2024 Year 5 Orientation Camp, where she demonstrated exceptional organisational skills and leadership acumen. Coordinating with various committees and orientation group facilitators, Kimberly ensured the seamless execution of the camp, fostering a sense of belonging and camaraderie among participants. Her leadership prowess was further honed through her involvement in the Lasallian Leadership Training Camp. After serving as a facilitator for her juniors in 2023, Kimberly was entrusted with the responsibility of planning and organising the 2024 camp as overall-in-charge—a testament to her experience and ability to lead effectively.

Kimberly's commitment to service extended beyond the school's borders through participation in the Global Education Programme. During her trip to Binh Phuoc, Vietnam, she embraced the challenges of communication barriers and limited resources with resilience and adaptability. From installing lights in the village to interacting with local children, Kimberly immersed herself in the experience, gaining a deeper appreciation for the simple joys of life and the interconnectedness of global issues. Her involvement in the CURA 2023 online international exchange programme further underscored her dedication to addressing global challenges. By collaborating with students from around the world to discuss the United Nations' Sustainable Development Goals (SDGs), Kimberly demonstrated her commitment to effecting positive change on a global scale through innovative solutions and collaboration.

In addition to her leadership and service endeavours, Kimberly was an active participant in sports, exemplifying a well-rounded lifestyle. As a member of the school's Track and Field team and Dragon Boat team, she showcased her athletic prowess and teamwork skills, contributing to the school's sporting achievements while fostering a sense of camaraderie among teammates.

Kimberly embodies the qualities of a true Lasallian—confident, responsible, and passionate about serving others. Her exemplary leadership in various capacities, coupled with her commitment to service learning and active participation in sports, makes her a role model for her peers and an asset to her school community.

CHOO YI MING (FN601)
Lasallian Distinguished Service Award

Choo Yi Ming is a confident and driven individual whose dynamism and exceptional leadership skills inspire and rally his peers. His teachers find him to be a mature, articulate, and effective leader and thinker.

As General Secretary of the 11th Student Council, he has consistently demonstrated exceptional dedication, initiative, a strong sense of responsibility, and exemplary leadership. Working closely with the President and Vice President, he has played a pivotal role in managing large-scale various school events, including the Orientation Programme, Year 6 Graduation, Night Study, Prom 2023, Investiture, and Open House, ensuring their seamless execution. Through the many school events organised, he has been instrumental in building the school community spirit and sense of belonging.

His passion for global issues has led him to represent the school at several external Model United Nations (MUN) conferences, where he has received accolades for his outstanding debating skills. As Head Chair of the Society of International and Current Affairs, Yi Ming organised the in-house MUN Conference 2023 for both the secondary and senior sections. He envisioned the conference theme and debate topics while training chairpersons in his council, showcasing his intellectual and dynamic leadership.

With a keen interest in politics, Yi Ming represented the school at the prestigious Pre-University Seminar in 2023, where he engaged with fellow youths to discuss and propose solutions to local political issues. Additionally, he participated in the Youth Leadership Dialogue 2023, addressing contemporary global challenges.

Yi Ming was instrumental in conceptualising and producing the successful Senior School Musical in 2023 and 2024. Despite lacking prior musical or theatrical experience, he embraced the challenge of playing the lead antagonist role in the 2023 production. His ability to collaborate and lead was evident in his multifaceted contributions, which helped to make the musical a phenomenal success, raising funds for Children's Wishing Well through ticket sales.

Yi Ming is a multi-talented young man who served the school in so many varied ways. Through his passion, dedication, and diverse contributions, Yi Ming has exemplified the school's Lasallian values of Faith, Service, and Community. He is most deserving of this award.

HORATIUS KOH JIN YANG (FN601)

Lasallian Distinguished Service Award

Horatius Koh has demonstrated exemplary leadership and unwavering dedication to the school community in his many roles as a leader in the school. Humble and warm in his ways, Horatius is a reliable leader who executes his responsibilities judiciously. One of his strengths is his ability to inspire and rally his teammates to work towards a common vision.

As Vice-President of the 11th Student Council, Horatius has consistently demonstrated exceptional initiative and a strong sense of responsibility in leading a team of 33 councilors. Previously, he served as President of the Student Council in the secondary section, where he honed his leadership skills. His contributions to the meticulous planning and effective organisation of numerous large scale school events, such as Teachers' Day, Chinese New Year and Christmas Celebrations, Orientation Camp, Graduation Day, Night Study, Prom Night, Leaders' Investiture, and Open House, have been instrumental in fostering school spirit and engagement.

One of Horatius' key responsibilities was to conceptualise and organise the Lasallian Leadership Training Camp 2023 and 2024. This was aimed at nurturing effective leaders within both the secondary and senior sections. He actively participated in planning significant conferences, including CURA, an online international event focused on addressing real-world issues such as sustainability, and Youth Leadership Dialogue, a national conference designed to promote youth engagement and activism in global and societal issues.

In addition to his contributions to the Student Council, Horatius has also served as Captain of the Track and Field 'A' Division Team which is reflective of his versatility and ability to lead different groups of students in the school. He has represented the school in numerous competitions throughout his secondary years, achieving notable success, including being a finalist in the 5000-meter event at the National School Games. As captain, he recognised the importance of nurturing camaraderie among teammates and supporting their mental and emotional well-being, especially given the demanding training regimen of 3-4 sessions per week.

Horatius has also been an active member of the school's Catholic fraternity where he has served to lead his peers in weekly prayer and worship and organising camps.

Through his actions and interactions, Horatius exemplifies the Lasallian values of Faith, Service, and Community. Horatius' fine personal attributes and varied contributions in school activities make him a deserving recipient of this award.

LEUNG WING KAN ERNEST (FN603)

Lasallian Distinguished Service Award

Ernest Leung is an esteemed Chairman and student councillor who consistently demonstrates exceptional leadership, remarkable character, and a deep commitment to our community.

As a leader, Ernest guides his team with integrity and vision. His ability to articulate clear goals has been instrumental in achieving success. Defined by honesty, transparency, and fairness, he fosters a culture of trust and respect, ensuring every member feels valued and heard. Always open to feedback, he actively seeks ways to improve processes and outcomes. His commitment to excellence is evident in his attention to detail and pursuit of the highest standards. Known for his empathy and compassion, Ernest genuinely cares for his team members and goes out of his way to support them, both professionally and personally.

As a student councillor, Ernest has demonstrated outstanding leadership and organisational skills. Serving as Vice-Chair for CURA, the Online International Asian Sustainability Conference, he played a key role in ensuring the event's success. His dedication to promoting sustainability on a global platform reflects his commitment to meaningful causes.

Ernest's role as an Orientation Camp Group Leader and Planning Committee member highlights his ability to foster community and support his peers. He guided new students and contributed to the camp's planning and execution, ensuring a welcoming and enriching experience for all participants.

His involvement in the Lasallian Leadership Training Camp (LLTC) in 2023 and 2024 further exemplifies his dedication to leadership development. In 2023, as an organising team member, he coordinated with external speakers and led reflection sessions aimed at instilling Lasallian values in new leaders. In 2024, he stepped up as a mentor, planning physical leadership activities and guiding new team members, showcasing his mentorship abilities and deep understanding of leadership principles.

Beyond his leadership roles, Ernest's achievements extend into academics. In 2023, he received the Engineering and Tech Programme Scholarship, awarded to students with a talent for applied, interdisciplinary, and hands-on learning. This scholarship is a testament to his ability to apply classroom knowledge to real-world challenges.

Ernest is an exemplary student whose dedication, resilience, and positive attitude make him a valuable member of our academic community.

NICHOLAS GERARD KOENIG (FN603)

Lasallian Distinguished Service Award

Nicholas Koenig embodies a cheerful and positive attitude that uplifts those around him. His optimism and warm personality create a welcoming atmosphere in any setting, fostering camaraderie and enhancing teamwork among his peers. Nicholas demonstrates exceptional initiative and a natural ability to inspire others. Whether serving as a team captain, leading group projects, or taking charge in extracurricular activities, he consistently exhibits strong leadership qualities.

Nicholas is committed to academic excellence and shows determination in improving himself. In the classroom, his subject teachers have commended him for a positive attitude towards learning and diligence in various fields.

Nicholas embodies a rare combination of academic excellence, profound leadership capabilities, and a deep commitment to service, making him an exemplary student and leader at our school. Academically, Nicholas has consistently demonstrated outstanding achievements since his early years, distinguishing himself with numerous accolades including the First in English, and other top awards across various subjects, as well as numerous best student awards. He actively participates in external competitions such as the Queen's Commonwealth Essay Competition and the NXplorers Challenge, where his contributions have been noteworthy. Nicholas's passion for science is evident in his involvement in rigorous competitions like the Biology Olympiad and his impactful internship at Tan Tock Seng Hospital. During his internship, he displayed exceptional curiosity and dedication, immersing himself in the environment and actively engaging with medical professionals to expand his understanding of healthcare.

As a leader, Nicholas has left an indelible mark through his roles within the student council and beyond. As the head of the Service Committee, he has orchestrated successful events like Teacher's Day, Year 4 IP Talks, prom and orientation camps, demonstrating meticulous planning and leadership. His ability to delegate effectively and nurture leadership among his peers underscores his commitment to empowering others. His leadership style, characterised by empathy and inclusivity, fosters a supportive environment where everyone feels valued and encouraged to excel.

His contributions to the Lasallian Leadership Training Camp (LLTC) highlight his dedication to mentoring younger students. As an organising team member, Nicholas not only planned engaging activities but also served as a role model, imparting Josephian values and guiding juniors towards realising their leadership potential. His ongoing mentorship beyond the camp reflects his genuine commitment to nurturing future leaders.

Nicholas is not only an exceptional student academically but also a compassionate leader dedicated to serving his school and community.

TAY KIA YONG (FN604)

Lasallian Distinguished Service Award

Tay Kia Yong is an exceptional individual who has made significant contributions to the SJI community. Among both peers and teachers, he is highly regarded for his intelligence, empathy, and convivial disposition.

As a committed and dedicated leader, Kia Yong has taken on numerous CAS activities with the aim of contributing to the broader community. He is a member of the 11th Senior Student Council and has played a key role in planning and executing various events, including Teachers' Day celebrations, CURA 2023 (an online conference on sustainability), the Year 4 IP Talk, and Council Camp—all of which had a meaningful impact on the school.

His most notable contribution to the council was serving as an executive member of the Orientation Camp 2024 planning committee. In this role, he was responsible for organising and coordinating the heritage trail and heritage play, both of which were instrumental in inducting the incoming Year 5 students into SJI's culture and history. Both events were resounding successes.

In addition to serving the school through these events, Kia Yong is a compassionate individual who extends his care to the wider community. In 2023, he participated in the Youth for Causes competition, organised by YMCA, where he received a merit award for raising awareness and funds for the Singapore Heart Foundation. Through this initiative, he and his team helped low-income heart disease patients gain access to necessary treatments.

Kia Yong was also a passionate organiser of the Lasallian Leadership Training Camp, which aims to instill Lasallian values of faith, service, and community in young leaders. He helped plan the camp's reflection sessions and social realities panel, where he had the chance to work with incoming student leaders, sharing his own experiences just as his seniors did for him. The social realities panel and reflection sessions exposed these new leaders to the challenges faced by the less fortunate, inspiring them to become compassionate servant leaders.

Kia Yong's journey through SJI is a testament to his commitment to the Lasallian values of faith, service, and community. His exemplary performance across various fields, along with his strong leadership abilities, make him a role model for his peers and a promising scholar poised to make meaningful contributions to society. Kia Yong's pursuit of excellence, both personally and socially, makes him a deserving recipient of the Lasallian Distinguished Service Award.

R SAI SHASHANK (LE609)

Lasallian Distinguished Service Award

R Sai Shashank has earned the admiration of his peers for his eloquent and insightful contributions during discussions. As one of the more well-read and recognisable voices in school, he is never afraid to go against the grain and stand by his beliefs. He passionately defends his views and opinions when the need arises. Shashank is positive towards challenges and possesses a willingness to take up responsibilities, showcasing his dependability and commitment in his studies and other pursuits.

Shashank was selected for the School-Based Science Mentorship Programme in 2021, organised by the MOE Gifted Education Branch. He collaborated with an A*STAR researcher for eight months, investigating biodegradable materials to mitigate the negative impacts of acid rain. His research was showcased at the Youth Science Conference in 2022. Additionally, Shashank earned a Silver Award in the 2022 International Biomedical Quiz and participated in the Problem X Challenge, where his team's research on alternative meat sources received a Special Award for the Video Bulletin.

In the Signum Fidei programme, Shashank worked with Animal Concerns Research and Education Society (ACRES) to create educational tools for children about wildlife protection. As a Patrol Leader in the Pelandok Scouts Unit, he led meetings, camps, and hikes, nurturing junior scouts and earning the Chief Commissioner's Award.

Shashank was a Prefect from 2020 to 2022. In 2021, he attended the Joint School Overseas Leadership Online Programme, where he honed his leadership and diplomatic skills through international collaboration. He also participated in the National Youth Achievement Award (NYAA) programme, achieving the Silver Award for his commitment to personal development and community service.

Shashank played a pivotal role as a member of the Student Council's Faith Exco from 2023 to 2024 organising the Year 6 Night Study, JC Open House, Orientation Camp, and various celebrations. In 2023, he was a member of the Organising Committee for the Lasallian Leadership Training Camp (LLTC), where his exceptional work led him to be invited to LLTC again in 2024 as a mentor.

Shashank worked with the Ulu Pandan Star Tuition and the Reading Odyssey programme, tutoring students and helped to foster a love for reading. This heightened his passion for education and highlighted areas for improvement within the education system. His involvement in Dance (CAS) built his self-confidence and resilience, and he learnt the importance of personal growth over competition. Shashank's GEP experience in Taiwan deepened his understanding of sustainability, education systems, and the importance of cultural exchange.

Shashank is a role model for his peers. He has a sincere commitment to making the world a better place.

JASMINE GOH YAN-LIN (ML611)

Lasallian Distinguished Service Award

Jasmine Goh is a polite, bright and cheerful student who shows a genuine want to work with others and help those around her. She readily reaches out to classmates in need, displaying empathy and kindness. A charismatic student leader, she is responsible, upright, and assertive, and has earned the respect and trust of peers and teachers alike.

As a member of the Student Council's Executive Committee, Jasmine has proven herself to be a reliable team player, pragmatic and adept at problem-solving. Jasmine strives to strike a balance between being a person of integrity and a person for others. She has established herself as such, being someone who her teammates, friends and juniors trust and look towards for help and advice. Jasmine gives her service willingly, always one to put others' needs above her own, and readily responds to calls for assistance, be it teachers, councillors or friends, academically or otherwise. She can be counted on for tasks ranging from planning events — Prom Night, Christmas Celebrations, Council Camp to name a few— to small logistical tasks such as setting and cleaning up or doing supply runs.

Besides serving in the Student Council, Jasmine also takes pride in contributing to many other Service CAS, such as Paper Bridges, YoungxHush and BLOODay. Jasmine is fully committed to serving not only SJI, but the wider community. In smaller acts of service, Jasmine is always one to help her batchmates and juniors, be it academically, sharing notes and helping to clarify topics, or emotionally, lending a listening ear to many.

Jasmine's greatest quality is her empathy, which is the driving force behind her service and passion for helping others. Jasmine demonstrates great conviction, willing to stand up for what is right, but always open-minded and ready to learn from others. Jasmine's proudest achievement is to have passed on the SJI spirit to the Year 5s in her orientation group, of which she is proud to have inspired not only love for the SJI community, but sowed seeds of service. Indeed, the Year 5s shared that her warm-hearted disposition and sincere service have inspired their own leadership journeys.

Jasmine is a passionate and determined person who can be counted on to give her best to any project and any person, and has demonstrated the Lasallian qualities of Faith, Service and Community consistently in her leadership and her everyday interactions in SJI.

RACHEL SONSUN (ML611)

Lasallian Distinguished Service Award

Rachel Sonsun has proven to be a dedicated and effective leader during her tenure as Student Council President. Her role required not just oversight but active involvement in various council activities. Her approach to leadership involved actively listening to her peers, providing support and guidance, and facilitating effective communication. This collaborative spirit was evident in the successful execution of events like the fully student-led Open House, where Rachel's coordination and team-building skills were crucial. Her resilience in overcoming setbacks and her proactive mindset aided in navigating challenges and helped in driving the council's initiatives forward.

Rachel's passion for debate has been a central aspect of her school life. Her participation in NUSPA 2024 and her role as a mentor to peers and juniors showcase her dedication to both her own growth and the development of others. This enthusiasm for debate complements her broader interests, including community service. As an EcoGuide for HDB's Go Green Initiative, Rachel leads tours of eco precincts in Singapore, reflecting her commitment to sustainability and her ability to engage with the community on important environmental issues.

Rachel's involvement in the Singapore Introductory Mooting Programme (SIMP), where she emerged as the overall champion, highlights her strong legal skills and competitive spirit. Her participation in dialogues and seminars, such as the NYC Youth Forum and the Kent Ridge Ministerial Dialogue, further demonstrates her eagerness to explore global issues and broaden her perspectives.

In the classroom, Rachel's genuine curiosity and enthusiasm for learning are evident. She approaches her studies with a positive attitude, remaining attentive and engaged in lessons. Her ability to stay calm under pressure, combined with her approachable nature helps her navigate both academic and extracurricular challenges effectively. Rachel consistently embodies Lasallian values through her everyday interactions. Whether supporting her friends or engaging with her peers, she exemplifies qualities such as compassion, respect, and a genuine commitment to the well-being of those around her.

Rachel consistently moves forward, even in the face of setbacks, demonstrating resilience and a proactive mindset. Her contributions reflect a blend of warmth, selflessness, and integrity, which, coupled with her passion for learning and service, make her a standout figure within the school community.

Rachel's journey exemplifies her dedication to making a positive impact while maintaining a humble and thoughtful approach.

PASINDU NIMSARA YAPA (ML612)

Lasallian Distinguished Service Award

Pasindu Yapa is a truly remarkable student whose journey has been defined by resilience, humility, and excellence. Pasindu embodies the qualities that not only make him an exemplary student but also an outstanding individual in general. His perpetual positivity, respect for others, and genuine concern for the well-being of his peers have earned him the admiration of both his teachers and classmates alike. Despite facing his own challenges, he consistently offers support to those around him, reinforcing the notion that true strength lies in kindness and empathy.

Pasindu has made an indelible mark on the school's football team. As Vice-Captain, he led with humility and perseverance, fostering a culture of unity and camaraderie. In the face of defeat during the 2023 National School Games, Pasindu rallied his team to embrace introspection and growth. This culminated in a triumphant second-place finish in the 2024 National School Games. His leadership both on and off the field has not only shaped him into a better athlete but has also instilled valuable life lessons in humility, resilience, and teamwork.

Beyond sports, Pasindu's contributions to the Global Education Programme further exemplify his desire to broaden his horizons and make meaningful connections with people from different cultures. Through his participation, he gained invaluable insights into diverse ways of life, forming lasting bonds with peers and teachers alike. His reflections on these experiences reflect a maturity and appreciation for the world beyond the classroom as he continues to cherish the memories of shared moments and newfound friendships.

Academically, Pasindu's dedication and perseverance shine through his achievements in subjects ranging from Economics and Chemistry to English and Spanish. Whether it is his thoughtful analysis of literary texts or his deep dives into economic theory, Pasindu has demonstrated a keen intellect and a thirst for knowledge. His ability to apply critical thinking and analysis to real-world issues, such as demonstrated in his Extended Essay on water sustainability, where he combined his knowledge of economics and chemistry to address global challenges.

Pasindu is a well-rounded individual who excels not only in academics and athletics but also in character. His journey at this school is a testament to his resilience, determination, and kindness. As he embarks on the next chapter of his life, Pasindu will continue to inspire those around him and make meaningful contributions to society.

PANG KUAN JENG

(ML614)

Lasallian Distinguished Service Award

Pang Kuan Jeng is a remarkable individual whose dedication and leadership consistently sets him apart. His proactive approach and unwavering commitment to excellence are truly commendable.

As a disciplined student with strong work ethics, he remains calm under pressure, organised, and responsible. He displays emotional maturity and is well respected by his peers for his empathy and consideration. His academic journey is marked by a motivated approach to learning, consistently completing tasks to a high standard. His excellent comprehension skills, clarity in expressing thoughts, and willingness to reflect on feedback position him for continued success in his academic endeavours.

Deeply committed to the school's service culture, Kuan Jeng has made significant contributions to both the SJI community and external organisations. As the Corps Sergeant Major of SJI St John Brigade (2021-2022), his leadership shone through. He successfully led the 2022 Muster Parade, involving all Uniformed Groups in SJI, and played a key role in training the competition team, which earned second runner-up in the National First Aid Competition. His strategic vision was evident in organising SJI's 170th Annual Parade and launching a School-Based VIA project focused on plastic recycling. He also planned a 2-Day Training Camp and instructed a District Leadership Course during a 4-day camp.

As a Staff Officer with St John Brigade Singapore, Kuan Jeng continues to excel. Serving as Corps Liaison Officer for SJI Corps, he facilitated communication between the School and District, overseeing cadet activities. His leadership contributed to winning first place in the District First Aid Competition, securing a spot in the National Competition. His impact extends as a Staff Officer for Community Engagement at the North District (HQ level), where his efforts in social media promotion and organising community outreach projects have been significant. Leading Project IGNITE, he mentored 54 cadets and facilitated activities for elderly residents.

Kuan Jeng has also demonstrated his commitment to public service by leading cadets in providing first aid at major events, including the National Day Parade, Formula One Grand Prix, and Chingay Parade. As a Life Support Instructor, his dedication to community service is evident. Additionally, he served on the organising team for the 2023 Lasallian Leadership Training Camp (LLTC) and later as a mentor for LLTC 2024, guiding juniors in planning and executing the event.

Kuan Jeng's meticulous approach to safety and compassionate care earned him respect from peers and mentors alike.

SUMUGAN KAPILAN

(ML614)

Lasallian Distinguished Service Award

Sumugan Kapilan is a standout individual whose time at SJI has been marked by an exceptional blend of diligence, responsibility, charisma, and leadership. His unwavering commitment to excellence and natural ability to lead have left a significant mark on our school community.

Sumugan's passion for the pursuit of knowledge is evident in his positive attitude towards learning and his continual efforts to hone his skills and improve himself. This dedication translates into his consistently high-quality work and his impressive academic achievements. Witty and charismatic, Sumugan is a natural leader. He genuinely cares for people and is well-liked by both peers and teachers. He leads by example and is a principled person who remains unfazed by peer pressure, standing firm in his beliefs.

Academically, Sumugan has an inquisitive mind and is unafraid to question the status quo. He has consistently demonstrated a profound aptitude, particularly in Tamil. He has achieved fourth place in the Tamil Annamalai University Alumni Research Essay Writing Competition (2022) and second place in 2023. His notable fifth place in the Tamil Writers Association 'Kambar' Festival Competition further highlights his talent amidst intense competition.

Sumugan is equally equipped in creative problem solving. His success in the Singapore International STEM Innovation Challenge 2023, where he won the Best Engineering Award and Promising Sustainability Award, underscores his versatility and drive for excellence.

Sumugan is a servant leader who gives himself selflessly for others. As a Senior Student Council member, Sumugan was an EXCO member of CURA 2023, which is an International Student Forum on Sustainability, the 2024 Council Camp as well as part of the planning committee for Prom 2023, Teachers' Day 2023, Open House 2024 and Orientation Camp 2024. His role as President of the Indian Cultural Society Senior Division and contributions to the Film Club and Science Club reflect his diverse interests and leadership capabilities.

As one of the leaders for Josephian Service Day, he led efforts to connect students with the community through service at NTUC elderly homes. He also created meaningful experiences for his peers at the Concert Under the Stars and the Indian Cultural Society Camp. Beyond school, Sumugan is in the Youth Wing Executive of the Singapore Association of Tamil Writers and the Singapore Ceylon Tamil Association and a member of the Shruthy Matha Laya Pitha Academy.

Sumugan's dynamic and caring nature has made a positive impact on those around him, contributing to a stronger school community.

THNG TOH YONG, WESLEY (MN616)

Lasallian Distinguished Service Award

Wesley Thng is an academically strong student. All his teachers praised him for his intellectual ability and his self-directedness in learning. He is independent, but at the same time, he is able to work in a team effectively.

Wesley's Economics teacher said that he is one of the most diligent and motivated students who is enthusiastic about learning. He can be seen actively participating in classroom activities and discussions. His Chemistry teacher commended his work, which is often of the highest quality and exceeds expectations. His Extended Essay supervisor was impressed with his initiative to research extensively on his topic and he was always prepared for consultations.

Wesley is a really mature student who is an example for others. His form teacher, Mr Kenny Teoh, stated that he was impressed by Wesley's humility, his responsibility for his own learning and his positive learning attitude. There is so much potential in this impressive young man.

Wesley was part of the School Student Council from 2023–2024. In his role as Committee Head, Wesley has honed his leadership skills and decision-making ability. He learnt to delegate his workload, manage peers, and chair meeting sessions to manage several school projects such as Racial Harmony Day Commemoration, Prom and Graduation Night, Open House and Orientation Camp. He also volunteered in a community vaccination drive in a housing estate. Being part of the SJI Student Council is something close to his heart. To him, this is a service to the school that he loves. And it is through this love for his school that he is able to overcome the stress, tiredness, and conflicts encountered while serving as the Committee Head. All in all, he is a responsible leader and can be trusted to complete any task given to him.

In conclusion, Wesley is a driven and motivated person. Despite the stress of managing multiple deadlines, he juggled them very well. He has excellent time-management and discipline. He took pride in his work and has a positive attitude. Wesley takes ownership of his life's journey and is determined to do well.

Wesley has led a well-balanced IB life in SJI where he has done well academically, showcased his leadership ability, served others sincerely and built strong friendships. His commitment in all these areas is impressive and commendable.

WONG KEI HOI RICO (MN617)

Lasallian Distinguished Service Award

Rico Wong is a highly responsible, diligent, and hard-working student with a humble and positive attitude towards learning. What is most impressive about him is his inner resilience. He manages his time well and possesses strong management qualities. Acknowledging that there is always room for improvement, he actively seeks guidance and incorporates constructive feedback into his approach. This openness to advice not only demonstrates his maturity as a learner but also facilitates a positive and collaborative relationship with teachers and peers.

Rico's resilience and time-management skills were evident in his CAS leadership roles, where he effectively balanced his academic demands with extracurricular responsibilities. As the Vice-President of the Beacon Club, he focused on ideating and planning new events such as the school-wide Concert Agape and Bake Sale, to promote collaboration and community spirit in school and to provide opportunities in service learning. This helped him grow into a resilient, reflective, and people-centred leader.

Rico's other extracurricular accomplishments include leading a team of students in a research project on the energy content of various chips that was presented at the virtual Global Scientist Award conference organised by the Ikeda High School in Kagoshima, Japan. Rico demonstrates strong commitment to fitness in daily gym training sessions. This was showcased when he competed in the National Sports Games with his Dragon Boat team. Rico explored entrepreneurship at national business competitions as part of the Prism Club, giving back to the school community as a servant leader during Orientation Camp.

Another memorable experience for Rico was his Global Education Programme trip to Lasalle Bamboo School in Bangkok, Thailand. Through interactions with a local community in Bangkok, Rico learnt about the value and importance of communication and interpersonal connections and helped him to reflect on this experience, which in turn contributed to shaping his outlook on life and reinforced his commitment to making a positive impact wherever he goes.

Rico's academic journey was characterised by his exceptional diligence, critical thinking skills, and commitment to learning. His ability to connect classroom learning with real-world issues, coupled with his resilience and proactive approach, positions him as a standout student poised for continued success in his academic and personal endeavours.

GABRIEL PECK JIN JIE (LE608)

Lasallian Distinguished Service Award

Gabriel Peck is a cheerful, straightforward and well-adjusted individual who has a good sense of humour and a positive approach to life. He possesses a strong belief in himself, working hard towards achieving the goals he sets for himself. He has a calm disposition and thus is easy to work with. He can work well in a group or equally well independently.

As the President of the Beacon CAS programme, Gabriel has demonstrated exemplary leadership and dedication in his role. In this capacity, he has effectively overseen the service activities for the entire cohort, exhibiting an exceptional ability to collaborate with his Executive Committee (EXCO) members. Gabriel's contributions extend beyond just administrative tasks; he has played a pivotal role in both the strategic planning and successful execution of numerous events, reflecting his commitment to excellence.

One notable example of Gabriel's impact is his leadership of the Concert Agape 2023, a significant fundraising concert. Spearheaded by Gabriel and his team, the concert featured both SJI students and external performers and overall managed to raise \$6000 for the beneficiary, Friends of the Disabled Society. In this role, he was instrumental in every aspect of the event, from its initial planning stages to its successful completion. His meticulous organisation and strategic oversight were crucial in ensuring the event's success, which has been widely recognised and appreciated.

In addition to his achievements with Concert Agape, Gabriel has effectively managed the largest Service CAS group within his cohort, guiding it through a variety of fundraising initiatives and community service projects including 'Splash for Impact' which was a charity car wash. His ability to inspire and lead his peers, coupled with his forward-thinking approach to succession planning, has not only exceeded the expectations of his teachers but has also greatly contributed to the successful running of both in-school and external events.

Overall, Gabriel has the ability to absorb ideas easily and apply them correctly. He displayed an ability to learn rapidly and build a depth of understanding due to his strong motivation and keen interest in learning.

Gabriel possesses strong motivation to excel, he is an intelligent student who takes a genuine interest in his studies. A hard-working and independent individual, he faces challenges with confidence, turning them into opportunities for learning. This character trait certainly augurs well for his future.

CHAPTER 3:
Diary of Events

Congratulations to our Class of 2023 for their good results at the International Baccalaureate Diploma Programme (IBDP) November 2023 Examinations.

All 270 IBDP students passed and were awarded the International Baccalaureate Diploma, with an average score of 40.4 points. Approximately 7 in 10 students scored 40 points and above.

The school is immensely proud of the Class of 2023. They have grown both as critical thinkers in the classroom and beyond, and as servant leaders who would step out of their comfort zone to serve the community in Singapore in various ways. The results we see today are also testament to the expertise and care of the teachers at SJI who go the extra mile for all Josephians.

Mr Justin Arul Pierre, Principal, shared, "Congratulations to the Class of 2023. You have demonstrated perseverance and remarkable dedication throughout your IBDP journey, especially having to navigate studies and various other commitments through the Covid-19 period. Your tenacity and resilience are truly commendable. We hope that you will carry these values close to you as you graduate from SJI, and continue to thrive as men and women of integrity and men and women for others."

The IBDP results are an affirmation of the quality of the balanced and holistic education at SJI.

RELEASE OF GCE
O-LEVEL RESULTS

Josephians from the Class of 2023 performed exceedingly well in the 2023 GCE O-Level Examinations. All 232 students passed the examinations and will advance to junior colleges and polytechnics for their post-secondary education, with 98% of the boys qualifying for junior college.

147 boys (63.4%) scored 6As or better, and 149 students (64.2%) achieved scores of 10 points or less (LIB5).

Mr Justin Arul Pierre, Principal of SJI, shared "Once again, our Josephians have risen to the occasion. Their results should be appreciated in the context that this cohort had stood stronger together through three years of unprecedented challenges due to the pandemic when they were in Year 1-3.

They have shown tremendous resilience, determination and grit in the O-Level Examinations. They worked hard as a cohort, supported and looked out for one another, to achieve these outstanding results."

"To the Class of 2023, the Josephian community (school leaders, teachers and staff) is immensely proud of you, and we rejoice with you. As you embark on the next phase of your education and life journey, keep close to your heart the school values of Faith, Service and Community that you have learnt in SJI, and continue to inspire others and make a positive impact wherever you go."

SJI'S GCE 'O' LEVEL EXAMINATION RESULTS		2023
CANDIDATURE SIZE		232
% QUALIFIED FOR JC/POLYTECHNIC EDUCATION		100%
% QUALIFIED FOR JC EDUCATION		98%
% WHO SCORED 6A'S OR MORE		63.4%
% WHO SCORED 10 POINTS OR LESS		64.2%

TABA DAY

SJI organised TABA (Together And By Association) Day, a programme aimed at fostering meaningful connections among Year 3 students in their new form class, setting the stage for a harmonious and supportive class environment throughout their educational journey at the school

The camp comprised two parts: the first involved building sandcastles at the beach. Coupled with fun-filled games and activities on the beach that encouraged collaboration, the experience provided an opportunity to forge new friendships.

The second part of the programme saw our boys engaged in meaningful discussions and creative exercises in school. During these discussions, the boys articulated their shared vision, outlining goals, and aspirations that will guide them through their academic journey as a united class.

TABA 2024 is a journey of camaraderie, mutual support, and shared aspirations. This SJI programme marks the beginning of the school year for our Year 3 students, and it helps to lay the foundation for a vibrant and supportive learning community.

YEAR 1 ORIENTATION
CAMPFIRE

SJI welcomed our new Year 1 Josephians with a 2-week Orientation Programme strategically planned to build bonds with peers in their class and their cohort, and also to get to know their senior Josephians.

The Orientation Programme highlights the strength of the SJI community, bringing together Peer Support Leaders, Peer Support Facilitators, CCA leaders, and teachers with whom the Year 1s will grow during their time at SJI.

In addition to familiarising themselves with their new school campus, the bright-eyed and eager Year 1s were introduced to the Josephian family through various activities that facilitated interactions with their seniors and staff. The programme took new Josephians on a journey through the school with an overnight camp, exploring the various CCAs, from sports to the uniformed groups and performing arts, and also our rich heritage of over 170 years in Singapore.

The Orientation programme concluded with the Initiation Ceremony and a Campfire. During the Initiation Ceremony, all Year 1 students were officially inducted into the school as full-fledged Josephians when their seniors pinned the school badge on their shirt. The evening culminated with a rousing Campfire, when each fraternity—Fintan, Lawrence, Marcian, and Michael—sang together in joyous harmony.

JOSEPHIANS BOND AT YEAR 5 ORIENTATION WEEK

SJI welcomed our Y5 cohort on 2 Feb. This year's Year 5 Orientation Programme was themed: "In Caelum!" which means "Into the Skies" with all 20 orientation groups named after cities around the world where Lasallian schools are located.

Student leaders and teachers were excited to introduce our new Year 5 cohort to the Josephian culture, ethos and to induct them into the Josephian community.

Across the 4 days of the Orientation programme, the Y5 students were engaged in various activities such as the Josephian Challenge, Mass Games at Sentosa, Heritage Trail in the Civic

District, and culminated with the Campfire. These activities were carefully designed to be fun, interactive, educational, and relevant so that the Y5 cohort had the opportunity to explore the school, forge meaningful friendships with their peers, learn more about the SJI and Lasallian heritage, ignite a deep sense of belonging to the school and to care for one another.

The Orientation Programme for the Year 5s which was led entirely by the Year 6 cohort, was a brilliant example of how Josephians rise to the occasion to be Men and Women for Others.

INAUGURAL ASSEMBLY

The Inaugural Celebration is a cherished tradition celebrating the beginning of the new academic year. It is the first formal assembly when the entire Josephian community comes together in a spirit of prayer. We also officially welcomed the newest additions to the school – our Year 1 and Year 5 students, and new members of the teaching and non-teaching staff.

During the Principal's Address, Mr Justin Arul Pierre set the direction and priority areas for the school in 2024 with emphasis on Nurturing Adaptive and Inventive Thinking, and Global and Cross-Cultural Literacy. He also introduced the school theme for the year, "Deepening Our Connections with the World, Industry and Community".

As we embraced the challenges and various disruptions confronting us in this ever-evolving and uncertain world, Mr Pierre called upon the school community to broaden their worldview, to adopt an open mindset and to be courageous to experiment and do things differently. This would enable us to be adaptable, nimble and resilient to changes and ambiguous situations.

Mr Pierre reminded Josephians to uphold our Lasallian ethos and traditions. In the midst of a world that seeks instant gratification and is more self-centred, we must continue to stay true to the Lasallian education philosophy encapsulated in our motto, "Ora et Labora" (Pray and Work).

The school community also witnessed our Principal and several teachers sharing the stage to sing "We Are the World"; their collective voices echoed with passion, spreading a message of unity, hope, and solidarity. Their heartfelt rendition of this song was a powerful reminder that as educators they also role-model the values of empathy, love and the sense of community.

The Inaugural Assembly concluded with the celebration of the Eucharist when Friar Michael D'Cruz OFM further emphasised the significance of Community, a very precious bond that we all share here in SJI. He also blessed the School Flag and the School Colours. These much-cherished symbols have carried many generations of Josephians through the school and beyond.

This year marks the 32nd Anniversary of the annual parade series for the SJI Uniformed Groups (UG) family.

The Anniversary Parade showcases the school's UG cadets and acknowledges the achievements for the year of the SJI Uniformed Groups. This event is also a platform for many old boys of the UGs to meet up with one another and their UG teachers, exchange contacts as well as reminisce about their days in the UG.

This year's parade had to be adjourned indoors to the Founders' Hall due to inclement weather. Nevertheless, the pomp and pageantry of a parade was still felt by all present as the sounds of the SJI bagpipes and drums began the evening's programme.

We were honoured to have COL Alvin Tjioe, Commander PERSCOM, Singapore Armed Forces, to be our reviewing officer this year. COL Alvin (Class of 1997) presented awards to recognise the outstanding cadets from the 5 Uniformed

Groups. He also presented Long Service Awards to teachers and Adult Volunteer Leaders. This year, Mr Lim Meng Chye, Assistant Superintendent of the SJI St John Brigade (SJB) was recognised for his 30 years of dedicated service and contributions to the Uniformed Group.

During the parade, SJI Principal Mr Justin Arul Pierre presided over the Change-of-Command ceremony when the highest ranking Year 4 cadet in each UG, handed over his symbol of office, to the designated Year 3 cadet.

The parade ended with the retreat of the Year 4 cadet ICs in slow march to the sound of Auld Lang Syne, a befitting closure to their term of office.

On 30 April, SJI celebrated its 172nd Founder's Day in honor of St John Baptist de La Salle, recognising the exceptional achievements of Josephians in both academics and cocurricular activities. The event celebrated students who brought pride to the school in the past year.

Mr. Bernard Tan (SJI Class of 1982, Country President of Singapore for Sinar Mas) served as the Guest-of-Honour. The day began with a solemn Mass, expressing gratitude for the 172 years of blessings since SJI's founding in 1852.

The Founder's Day Assembly included performances by the SJI Vocal Ensemble, the SJI Symphonic Band, and a special rendition of Elton John's "I'm Still Standing" by student Aidan Gregory Khoo (LE607). The school's Principal, Mr Justin Arul Pierre, presented the School Report for May 2023 to April 2024, highlighting the achievements and contributions of numerous Josephians. The audience of over 2,300 was captivated by the showcase, and their pride and joy were clearly visible.

In his address, Mr. Pierre urged the school community not only to celebrate its rich heritage but to recommit to the vision and mission of St John Baptist de La Salle. He encouraged Josephians to continue living by the Founder's values, especially his emphasis on serving others and becoming servant leaders.

This year, more than 250 students were honoured with awards for their outstanding academic and cocurricular achievements. Additionally, tokens of appreciation were presented to the Parent Support Group members in recognition for their dedication and invaluable contributions to the school.

The celebration of Founder's Day not only highlighted the past achievements of the SJI community but also inspired a renewed commitment to its guiding principles and mission for the future.

STUDENT LEADERS INVESTITURE

The SJI Student Leaders Investiture was held in May. The school witnessed the ceremony, which marked the formal handing over of the leadership mantle from Year 4 and Year 6 student leaders to the Year 3 and Year 5 student leaders respectively. In attendance also were Student Leaders from Anglo Chinese Junior College, Methodist Girls School, Mayflower Secondary School, St. Nicholas' Girls School, Nanyang Junior College and St. Andrew's Junior College.

Leadership is not just a title but a responsibility and we are proud of what our student leaders have accomplished, be it in the Sporting arena, Uniformed Groups, Performing Arts or Student Leadership. We are also confident that the incoming leaders will build on the foundation laid and continue to lead with integrity and serve with distinction.

NATIONAL CELEBRATIONS

At SJI, the celebrations of Chinese New Year, Deepavali, and Hari Raya Puasa reflect the school's dedication to cultural and religious inclusion, providing opportunities for all students and staff to participate and appreciate diverse traditions.

This year, Chinese New Year was celebrated with vibrant performances, including lion dances, festive music and calligraphy, symbolising unity and good fortune. Josephians and staff engaged in customs such as the exchange of mandarin oranges, experiencing the richness of Chinese culture firsthand.

Deepavali, the festival of lights, saw colorful decorations and cultural performances in the school to highlight the triumph of light over darkness. Various activities and decorations in school allowed students to immerse themselves in the beauty of Hindu culture, fostering appreciation and understanding.

Hari Raya Puasa, celebrated by the Muslim community, emphasised themes of forgiveness and renewal. Students learnt about fasting during Ramadan and the significance of Eid, promoting a spirit of inclusivity.

Together, these celebrations not only enriched the school experience but also promoted a deeper understanding of the different cultures and religions within the SJI community.

CROSS-COUNTRY MEET

The SJI Annual Cross Country Meet was held on 21 March at the OCBC Square, Singapore Sports Hub. The venue was brightly decorated with the four Fraternity colours.

The Cross Country Meet started at Tanjong Rhu bridge and traversed into the park connector, Benjamin Sheares Bridge, and then a final dash to the finish line at OCBC Square. The Meet involved close to 2000 students and 175 teachers through a scenic 3.8km route.

Students and staff experienced a fun-filled day of athleticism, sportsmanship and bonding as one Josephian community.

TRACK AND FIELD CHAMPIONSHIPS

SJI's 114th Annual Track and Field Championships returned with great excitement under the theme "Unleashing the Athlete Within". The event was officially opened by our Principal, Mr Justin Arul Pierre after the Athlete's Oath was recited by the Track & Field student leaders. The competition kicked off with the 100m and 400m races, followed by the 4x100m relay, Lasallian Invitational Race, Fraternity Race, and 4x400m relay.

A fierce rivalry between the Lawrence and Marcian Fraternities unfolded throughout the day. Despite Marcian's strong efforts, Lawrence narrowly won the overall championship by just a few points, making it a thrilling contest to the very end.

The SJI Track and Field Championships certainly showcased sportsmanship, excellence and unity among participants.

MUTIEN FESTIVAL

MAHALO – SJI CARNIVAL

On 2 August, the SJI community gathered for an unforgettable evening of drama and music, presented by the five Performing Arts groups at SJI. This year's Mutien Festival embraced the theme 'Believe,' reflecting the performers' journey together to conquer challenges, embrace their talents, and shine on stage.

Junior members showcased their skills with confidence, demonstrating the growth and dedication of months of practice. The Pipe Band mesmerized us with their renditions of beloved classics. This was followed by the Drama Club's touching portrayal of a coming-of-age story. The Vocal Ensemble then delivered a spectacular performance, filling the first half of the festival with heartwarming moments.

In the second half, the SJI Symphonic Band and the Guitar Ensemble delighted the audience with familiar tunes, from iconic soundtracks to trending hits. The festival culminated with a powerful combined performance of "When You Believe" by the SJI Symphonic Band and Vocal Ensemble, echoing the theme of faith and self-belief, inspired by the song from the animated movie Prince of Egypt.

Mutien Festival 2024 was a night to remember for both the audience and performers.

On 20 July, SJI held the much-anticipated Mahalo Carnival, marking its return after a six-year hiatus with the enthusiastic support of Josephians past and present. The school grounds were filled with excitement as students, staff, and families came together for a day of fun and festivity, in support of the Migrant Workers' Centre (MWC).

The carnival kicked off with a showcase of student talent, featuring performances that ranged from captivating dance routines to musical acts, highlighting the diverse skills and passions within the school community.

Students took the lead, managing interactive booths that offered games, face painting, and crafts. These hands-on activities engaged participants of all ages and fostered a sense of camaraderie among peers.

The air was filled with the tantalising aroma of delectable treats at the food fair, offering a variety of mouth-watering options from *nasi lemak* to pizza. Both children and parents

delighted in the sweet indulgence of popcorn, cotton candy, and ice cream, generously sponsored by the SJI Old Boys Association (SJIOBA). Excitement mounted as the lucky draw took place, with winners walking away with an array of prizes generously donated by our Parents Support Group (PSG).

Our Principal, Mr. Justin Arul Pierre shared, "We had an awesome carnival, and many students – past and present – teachers, parents, and guests shared with me that they had a wonderful time and experience." He also expressed his immense gratitude towards the staff and students for their hard work and efforts in making this event a success.

Together, we made Mahalo 2024 possible!

HAIR FOR HOPE

The SJI community came together in support of a cause that touches the very heart of our wider community – the fight against childhood cancer and the incredible initiative, Hair for Hope.

Organised by a group of Year 4 Student Leaders, in partnership with the Children's Cancer Foundation, Josephians chose to shave their heads to stand in solidarity with children battling cancer, many of whom lose their hair during treatment. This act of empathy and courage sent a powerful message: you

are never alone on this journey, and together, we can face any obstacle.

This year, we saw about 135 staff and students shave their heads. We celebrated each participant, volunteer, donor, and supporter at the SJI satellite event; it was a testament to the strength of our community. To date, SJI raised \$125,286.18, the third highest fundraiser for Hair for Hope and the top fundraiser among all schools.

SJI LEARNING FESTIVAL

The SJI Learning Festival is a key professional learning initiative by our school to provide educators with an avenue to share innovative ideas and effective practices with the broader community, and to deepen collaboration across schools. More than 340 local and overseas participants from over 50 schools attended this year's edition.

The theme for this year's Learning Festival was "Celebrating Innovative Practices to Nurture Future-ready Learners". In his opening remarks, our Principal, Mr Justin Arul Pierre, highlighted the need for educators to re-examine the way we facilitate teaching and learning, so that our students can thrive and be hopeful in this rapidly changing world.

At the festival, educators had the opportunity to reflect on what it meant to be future-ready as schools and educators. As part of the Learning Festival, selected SJI teachers also opened up their classrooms to fellow educators, focusing on pedagogical practices and approaches to equip students with question formulation skills to develop adaptive and inventive thinking.

During the event, presenters from 16 schools, through 20 concurrent sessions, shared their innovative ideas and practices on equipping students with future-ready dispositions and skills. Participants were energised and enriched by the rich sharing of experiences and discussions, which featured diverse topics such as the use of artificial intelligence for learning, building school cultures of sustainability, leveraging computational thinking and many more.

RACIAL HARMONY DAY

Josephians had the unique opportunity to participate in workshops and dialogues focused on promoting racial and religious harmony. These sessions aimed to equip students with the knowledge and skills necessary to navigate diversity with sensitivity, a crucial aspect of fostering a harmonious society.

Year 5 Josephians attended the Race, Religion, and Intergroup Cohesion (RRIC) workshop, organised by the Institute of Policy Studies (IPS), a research centre under the Lee Kuan Yew School of Public Policy. The workshop engaged students with discussions on identifying various forms of racism and how to respond constructively to such situations. One highlight included a poll based on real-life scenarios, revealing the diverse perceptions of racism even among students.

The workshop also featured a forum theatre segment through which students engaged in role-playing exercises to better understand how to respond constructively to challenging situations. Pappu Krishiv (LE506) said, "It can be difficult to respond constructively to racist remarks because of the emotional reaction they provoke, but the workshop reminded us of the importance of trying."

Year 3 and 4 Josephians engaged with Ms Nazhath Faheema, founder of hash.peace, a youth-led social harmony advocacy group. Ms Faheema shared her personal motivations for promoting racial harmony, rooted in her own experiences with racism. She emphasised the importance of engaging and educating others to create a more inclusive society.

Vice-Principal Mr. Dominic Ang highlighted Ms Faheema's contributions as an example of how individuals can make a positive impact in the community. Her dedication to fostering harmony serves as inspiration for Josephians to contribute meaningfully to society.

Both workshops provided invaluable insights into promoting racial and religious harmony, reminding students of their role in fostering inclusivity in Singapore's diverse society.

NATIONAL DAY CELEBRATIONS

The SJI community came together, filled with pride and excitement, to celebrate our nation's 59th year of independence. The day kicked off with a vibrant display of patriotism, followed by a fun and energetic mass exercise routine that got everyone moving.

It was heartwarming to see students, teachers, and staff unite in a shared spirit of togetherness and joy. This celebration not only reminded us of the importance of our national heritage but also strengthened our bonds as a school community where all of us are valued and respected, for who we are.

Majulah Singapura!

TEACHERS' DAY CELEBRATIONS

On 29 August, the SJI community celebrated Teachers' Day. We are grateful for the way our Josephian teachers shape each Josephian into a well-rounded individual, developing not just their minds, but their hearts and character too.

Thank you, teachers, for having a lasting impact on the lives of Josephians and for being the driving force behind their growth and success.

YEAR 4 IP MILESTONE ASSEMBLY

The Milestone Assembly marked the final gathering of the 2024 Year 4 IP cohort, serving as a poignant moment of closure as they united as a class one last time.

At the Assembly, Vice-Principal Mr. Nicholas Tsao shared with Josephians that success transcends academic achievements. He urged them to celebrate one another's strengths and talents and to recognise that success also

encompasses adaptability and resilience in the face of change. He highlighted the importance of community collaboration, encouraging the welcoming of new Year 5 students joining SJI in 2025.

The Assembly concluded with the presentation of the Singapore School Sports Council Colours Awards and the prizes for the best students in the Signum Fidei programme.

YEAR 4 OP FAREWELL PARALITURGY & GRADUATION CEREMONY

The SJI community celebrated the graduation of our Year 4 students from the O-Level Programme on 27 September. The ceremony officially marked the end of the boys' four-year secondary education in SJI.

Four Josephians were presented the Lasallian Distinguished Service Award:

- Edgar Maung (LE401)
- Putt Sawasmongkol (LE403)
- Ratul Ramachandran (ML402)
- Wesley Chow (MN403)

Lim Kai Sheun (LE403) was awarded the SJOBA Sportsman of the Year for his achievements in Football.

The Graduation Ceremony was graced by Guest-of-Honour Mr Azfer Khan (Creator & Content Governance for TikTok Shop, ByteDance, and alumnus Class of 2011).

YEAR 6 IBDP FAREWELL PARALITURGY & GRADUATION CEREMONY

The SJI community celebrated the graduation of our Year 6 students on 4 October. It was a day of great pride and celebration as we honoured the achievements of the Year 6 Graduating Class of 2024. It was indeed a happy occasion as we celebrated this important milestone in their lives. We graduated a total of 283 students in the presence of over 900 parents, guests, and students.

Kimberly Poh (FN602) was the recipient of the Senior Josephian of the Year Award.

Mr Nicholas Fang (SJI Class of 1991), Managing Director of Black Dot Pte Ltd, graced the occasion as the Guest of Honour.

The Lasallian Distinguished Service Award was also presented to the following Josephians:

- Choo Yi Ming (FN601)
- Horatius Koh Jin Yang (FN601)
- Nicholas Gerard Koenig (FN603)
- Leung Wing Kan Ernest (FN603)
- Tay Kia Yong (FN604)
- R Sai Shashank (LE609)
- Jasmine Goh Yan-Lin (ML611)
- Rachel Sonsun (ML611)
- Pasindu Nimsara Yapa (ML612)
- Pang Kuan Jeng (ML614)
- Sumugan Kapilan (ML614)
- Thng Toh Yong, Wesley (MN616)
- Wong Kei Hoi Rico (MN617)
- Gabriel Peck Jin Jie (MN620)

Embracing the true spirit of gratitude, the Thanksgiving Assembly provided the school community with an opportunity to reflect on the journey we walked together in 2024.

The Thanksgiving Assembly was also a moment to acknowledge the strength that lies in our connections to one another, the tenacity and resilience we have shown in overcoming any adversities and challenges that

came our way, and the collective achievements and accomplishments of the school community.

We also bade farewell to two esteemed staff members, Mdm Lee Pick Siew (from the Mother Tongue Language department) and Mr William Tan (from the Science department), who were celebrated their retirement after collectively dedicating 56 years of exemplary service to education.

The following awards were also presented during the Thanksgiving Celebrations:

- Peter Martens Award: Nigel Tan (MN202)
- Patrick Zehnder Award: Chew Jie Yang (FN202)
- Year 1 Class Champion: MN102
- Year 2 Class Champion: ML202
- Year 3 Class Champion: FN301
- Year 4 Class Champion: LE403
- Fraternity Championship Shield: Fintan Fraternity
- Senior Josephian of the Year Award: Ariel Aiman Bin Noorisman (FN401)

Lasallian Distinguished Service Awards (Year 4 IP):

- Raad Puthucheary (FN401)
- Ariel Aiman (FN401)
- Brian Loh (FN401)
- Lim Ee-Ruey (FN401)
- Ibramsa Ahamed (FN401)
- Tan Jing Heng (FN401)
- Ethan Seow (FN401)
- Zachary Yan Tjun (FN401)
- Luke Tong (FN402)
- Thirrushan Thana Rajan (LE402)
- Ethan Ng (ML403)

CHAPTER 4:
Learning Beyond the Classroom

Group photo with all the mentors in Temasek Polytechnic

The Innomakers Programme (IMP) provides a student-driven learning environment for Josephians to develop and apply their understanding of various design and innovation concepts and skills. IMP encourages students to use Design Thinking to empathise, design prototypes, and create real-world solutions, strengthening 21st-century competencies like Adaptive Thinking, Inventive Thinking and Communication. Students learn to be Agents of Change by innovating in service to the broader community.

Project Hive 5 won the Certificate of Distinction in the National Design Project 2023. The team started with the seed idea last year and continued their iterative process of refining the 3D model during the June Holidays in a one-week mentorship by Temasek Polytechnic lecturers, Mr Bryan Lim and Mr Simon Yap. They visited the elderly residents in Toa Payoh.

Project Hive 5's commitment to empowering the elderly in Toa Payoh by promoting independence and enriching their daily lives through social interaction at a specially designed community centre caught the attention of Design Council Singapore. As a result, they were invited to present at the media launch of the Design Education Advisory Committee's Report 2.0 on 13 June 2024. The students were also interviewed by local media.

Learning about architecture in DP Architects

The DRV Challenge required the Year 1 students to design a multi-part vehicle that is capable of transporting a variety of materials such as food, water and medical supplies to support relief efforts on a mountainous terrain. The prototype was to be created using the Onshape application and were to be 3D-printed for assembly.

JOSEPHIAN ARTS PROGRAMME

Liyu Jiong Yang (Year 5 Art 2024), Cohen Seah and Oliver Khoo (Year 4 JAP Art 2024) with distinguished guests from various religious organisations featured in their Kembangan MRT station mural at the grand opening in February.

Curriculum Overview

In JAP Visual Arts and Music, students are stretched to achieve their artistic potential either as young artists or musicians. The programme develops Josephians through the four domains of growth, namely challenge, collaborate, coach and connect.

The aims of JAP are to encourage and enable students to:

- Develop specific skills to create art and music
- Make purposeful connections between investigation and practice
- Communicate and express artistic thoughts
- Respond to and reflect on art and music
- Be socially aware and relevant

For JAP Visual Arts, the elements of Content, Concept and Context underpin the curriculum design. For JAP Music, the elements of Explore, Experiment and Present structure the learning experiences in the curriculum.

At the heart of JAP is the use of inquiry-based learning, and students craft their investigations into ideas and issues, skills and techniques, to develop their own artistic or musical practice. JAP students also develop art and music criticism skills to analyse and interpret works by established artists and musicians.

The programme offers a variety of structured activities for students to explore, explain, extend and evaluate their learning individually and with their peers. The works that the students create hold personal resonance and connections to pertinent real-world issues such as sustainability and mental wellness.

The JAP curriculum requires between 80 minutes (Year 1 and 2) and 180 minutes (Year 3 and 4) of weekly afternoon lessons.

Assembly presentation of SYF Arts Presentation certificates of recognition to Jorim Tan, Joshua Lee (Y2 JAP), Cheng Jae Hin and Dylan Seah (Y3 JAP)

Challenge

Josephians are regularly challenged with performance tasks that are provocative, inspiring personal artistic responses from them. The enabling constraints develop Josephians into better learners as they innovate, problem-solve and take risks.

Josephian artworks were on display at the National Gallery as part of 2025's SYF Arts Presentation, 'Artist and Collaboration'

Collaborate

Learning collaboratively helps Josephians develop higher-level thinking skills and boost their confidence and self-esteem. Through JAP, Josephians develop into expressive and reflective members of the community who value and respect one another.

Artist Michael Loke coaching upper secondary JAP Art student Ryan Goh (FN303) as part of '3D clay Impressions', a 10-week course on clay modelling

Connect

Josephians are connected with the world and develop into community builders who understand the power of art advocacy. They also participate in at least one art competition a year, for exposure, networking and sharing.

WORK EXPERIENCE PROGRAMME

SJI implemented the Work Experience Programme (WEP) for Year 4 IP students to nurture their adaptability and resilience to challenges, transfer their learning across different situations, and develop as confident individuals.

The SJI WEP aims to prepare the students for the dynamic future and provide them with the opportunity to know themselves better, explore their career interests, understand the world of work beyond school, appreciate and value all occupations as well as create authentic learning experiences that help them see the connection and relevance between what is taught in the classroom and how it can be applied in the real-world context.

Here are two accounts from Josephians.

WEP at NETS

Gauthier Hugo's (FN505) internship experience at NETS marked his first time working for any company, and he was selected for the programme alongside Josephian Jayden Lam (MN520), a close friend. This partnership helped ease his nerves as they navigated the unfamiliar environment together.

Initial Impressions and Onboarding

When Hugo first entered the company, he felt a mix of excitement and apprehension. The work environment was completely new to him, and he wasn't sure what to expect. However, the staff greeted him and his friend warmly, which quickly dispelled any doubts and made Hugo and Jayden feel welcome from the start. This positive reception set a reassuring tone for the rest of the internship.

Work Environment and Assignments

Hugo noticed that the employees at NETS were deeply passionate about their work. The energy and dedication displayed by the team motivated him to adopt a similar attitude toward his own tasks. When Hugo received his first assignments, he and Jayden were excited to have their own desks and computers in the office, which made them feel integrated into the team.

The tasks assigned to them were challenging but manageable, thanks to the guidance and support provided by the staff. During lunch breaks, the Josephians were invited to join the team for meals, where they were introduced to various staff members. These social interactions helped Hugo and Jayden feel comfortable and connected with the NETS team.

Learning Experience

Throughout the internship, Hugo learned several valuable lessons, particularly about the importance of a strong work ethic. One of the highlights of the experience was meeting the company's leadership team, including the CEO, CTO, and CFO.

During these meetings, Hugo had the chance to ask the leaders about their career journeys and the keys to their success. The most consistent advice he received was to maintain a strong work ethic and avoid laziness. This message resonated with him and has influenced his perspective on work and personal growth.

Hugo's internship at NETS was a highly rewarding experience. It gave him a deeper understanding of the professional world, reinforced the importance of a strong work ethic, and allowed him to connect with inspiring leaders. Although the internship showed him that he had not yet found the perfect fit for his career, the lessons learned will guide him as he continues his search.

WEP at Fullerton Health

Angus Lim Zi You (ML513) and Ang Jan Adan (MN518) shared their WEP experience with Fullerton Health here:

"WEP at Fullerton Health was a very enriching experience as activities that I had done in the past did not have as many opportunities for learning as this programme did. I had the privilege of shadowing Dr Bernard Thio and learn many things from him; I even got to try out some of the medical equipment.

What I learnt is that the job of a health worker can be very stressful but all of the staff were very coordinated and communicated very well. Especially in the mornings when the clinic would be extremely busy, they worked well together, assisting each other in times of need. I came to realise that I did not know as much about the medical field as I thought. I learnt that it is not simply about procedures and diagnosing diseases, but that I would also have to take into account ethics and many other things when dealing with a patient. This work experience has also made me curious about the different branches of medicine that I can pursue once I graduate from medical school since Dr Bernard Thio specialises in occupational medicine, a branch of medicine that I had never heard of.

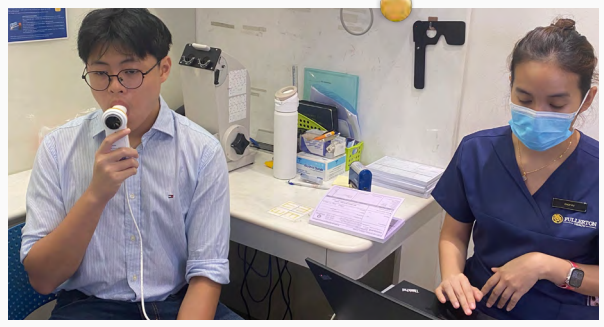

I would advise anyone considering doing this work experience to ask as many questions as possible, as I learnt many things from Dr Thio and the nurses due to the questions I asked. I also read a book that Dr Thio provided me and learnt more about the topics that interested me."

- Angus Lim (ML513)

"My experience at Fullerton Health was amazing as I got a very clear glimpse of the lifestyle of a doctor. The doctor and nurses there had to be very patient and calm in order to deal with an abundance of patients. It did get quite busy sometimes and they really have to try their best to be quick with their work.

I also had the opportunity to ask many questions that were difficult to find the answers to. I noticed that I was able to understand and follow most of the things that the doctor would talk to us about. This was good in the sense that my knowledge of biology and anatomy paid off. However, I did notice that I have a lot to figure out, such as certain ethical issues in medicine, which are important. In the course of my time with Fullerton Health, I also questioned whether I really wanted to spend a rigorous 5 years in the medical course and what kind of specialist I would like to become, in the instance that I actually read medicine in university. I think that for anyone considering this work experience, you need to be curious and attentive as there is a lot to ask and know about."

- Ang Jan Adan (MN518)

YEAR 3 INTERNATIONAL EXPERIENCE (IE) & YEAR 5 GLOBAL EDUCATION PROGRAMME (GEP)

The 2024 Year 3 IE and Year 5 GEP trips span 19 trips to seven countries, involving over 620 Josephians and 86 staff members. Each trip offered Josephians a chance to engage deeply with different cultures, participate in meaningful service-learning activities, and reflect on their role as global citizens. Service is at the heart of these trips – a hallmark of our Lasallian identity.

International Experience Trip to Bangkok

Our recent immersion trip to Bangkok provided an invaluable opportunity for the Year 3 boys to strengthen bilateral relations with Thailand through meaningful sports, cultural, and community engagements.

These trips not only broaden students’ horizons, deepen their cultural understanding, and prepare them to navigate an increasingly globalised world and take that step toward building a globally engaged community and becoming socially conscious individuals.

Anchored around collaborative activities with Suphanburi Sports School (SSS), this four-day experience offered students an educational journey beyond the classroom, fostering cross-cultural understanding and personal growth.

Friendly Game Mr Irfan, Mr Loqman and the B-Div team

Suphanburi_Jotham, Owen & Ethan Lai learning Sepak Takraw from the girls of Suphanburi Sports School

Service Learning – Justin, Xin Cheng & Zayden painting structures to the kindergarten’s playground

Service Learning at Kindergarten playing outdoor team building games

Muay Thai Boys warming up with basic moves for Muay Thai

Connecting through Sports

The trip began in Suphanburi, two hours north of Bangkok, where Josephians participated in sports exchanges with students from SSS. The boys had hands-on experiences with traditional Thai sports such as *sepak takraw* and gymnastics. These sessions allowed them to not only learn new athletic skills but also appreciate the rich sporting culture of Thailand, nurturing camaraderie and respect through shared physical activities.

Service Learning: Giving Back to the Community

A significant component of our visit was a service learning project at Wat Bann Po Ta Wan Tok School, where our boys engaged with kindergarten students through various community service initiatives. The students repainted several playground structures and touched up paint finishes on the school’s kerb to add vibrancy to the school. They also improved their soft skills by organising interactive sessions and classroom activities for the young children. The activities were thoughtfully planned and carried out, emphasising creativity and problem thinking skills through various enablers and parameters set with the stationery materials provided. Through these activities, the boys developed a sense of responsibility, empathy, and teamwork as they actively contributed to the learning environment of a local Thai school.

Cultural Immersion: Rice Planting Experience

Beyond sports and service, the boys explored traditional Thai agrarian practices at the Herechai Rice Learning Centre. Guided by local farmers, they experienced the process of rice planting firsthand. This activity offered them insight into Thailand’s agricultural heritage and instilled a deep appreciation for the efforts behind daily food resources.

Football Exchange at Muang Thong Thani

On our fourth day, we moved to Muang Thong Thani in Pak Kret District, where the football players among our group had the unique opportunity to play a friendly match with Muangthong United’s football academy. This match between our Under-15 teams promoted teamwork, sportsmanship, and cultural exchange, highlighting the universal language of sports as a bridge between diverse communities.

Cultural Immersion Enoch & Ms Haidar feeding the water buffaloes

Final Cultural Experience: Muay Thai Training

To round off the trip, we organised a Muay Thai training session on our last day in Bangkok. This traditional martial art offered the boys a unique and physically challenging experience, giving them a taste of Thai discipline, mutual respect, and resilience inherent in the sport. They showed remarkable enthusiasm and admiration for this ancient practice.

Reflections and Takeaways

Throughout this journey, the boys not only acquired new skills but also learnt about values such as resilience and respect, while being exposed to the idea of global citizenship. Hearing directly from our students about their experiences has been inspiring, and many have shared insights on how these activities have broadened their minds and developed their sense of responsibility.

We are confident that the connections made, the skills learnt, and the perspectives gained on this trip will leave a lasting impact, enhancing our students’ global awareness and empathy as they grow into responsible individuals.

Global Education Programme Trip to Chiang Mai

The Chiang Mai Global Education Programme (GEP) 2024 was an enriching journey, immersing students in the vibrant culture, breathtaking nature, and rich traditions of Chiang Mai while making a meaningful impact through community service. This experience combined exploration, learning, and service, fostering personal growth and global citizenship.

One of the most rewarding aspects of the trip was the community service project, where students collaborated to build mud - brick houses for a rural village – Earth Home in Moo Baan Maejo (Maejo Village). This collective effort was far more than a construction task but a testament to the power of teamwork and the impact of sustainable practices. The students took on every stage of the building process, from mixing mud and forming bricks to laying them in place and plastering the walls. This hands-on activity not only equipped them with practical skills but also reinforced the importance of working together toward a common goal. Beyond the technical aspects, the project underscored a vital purpose of providing a temporary roof for those in need while promoting eco-friendly, pollution-free construction methods that align with sustainable living principles. It was a humbling and deeply fulfilling experience, as students saw how their united efforts could serve a broader community and benefit nature too.

At the Chang Chill Elephant Sanctuary, students observed elephants in their natural habitat, respecting their routines and learning about ethical tourism. They also gained insight into the historical importance of elephants in Thailand’s culture and heritage. The visit deepened their understanding of wildlife conservation and instilled a greater respect for nature.

The group explored the Bua Thong limestone waterfall, climbing its unique natural steps and enjoying the lush surroundings. At the Doi Suthep Temple, with over 700 years of history, they admired its golden architecture and panoramic views of Chiang Mai while learning about its cultural and spiritual significance to Buddhists across Thailand.

Evenings at the Anusarn Night Market were lively and engaging, as students sampled local dishes, shopped for handicrafts, and connected with locals, experiencing Chiang Mai’s vibrant daily life. Cultural activities like crafting and releasing Krathongs, symbolising gratitude and renewal, and learning to cook Pad Thai, blending creativity with flavour, added depth to the program.

The Chiang Mai GEP 2024 was a journey of growth, connection, and service. Students returned with unforgettable memories, stronger friendships, and a deeper appreciation for diverse cultures, along with an awareness of their ability to make a meaningful impact. This program truly embodied the spirit of global education and community engagement.

In 2024, the SJI FIDEI programme remained a rich Josephian tapestry of prayer, community and faith-building among everyone present in the SJI family. Guided by the teachings of St. John Baptist De La Salle, the variety of events brought both Catholics and non-Catholics in SJI, to recognise the essentiality of faith.

FIDEI in SJI was exemplified in the following manner.

Way of the Cross during Lent

F - (BEING IN A) FELLOWSHIP COMMUNITY;

FIDEI programme provides a supportive and welcoming environment to all students aimed at the need of building a Christ-centred community. In 2024, various FIDEI groups organised lunch gatherings and mini-game sessions to allow members time for fellowship.

Fellowship through Camp

I - (GAINING) INSIGHTS INTO THE FAITH;

FIDEI groups meet up for weekly sessions. Led by individual teacher ICs and their respective leaders, the SJI students spend time in contemplation and prayer. This structured timetabled slot creates an intentional time for Catholic Josephians to gather for prayer and sharing faith - a key responsibility of a Catholic school. Each of these weekly sessions constitute segments of Bible sharing, reflective activities and prayer time. Occasionally, guest speakers are invited to give talks on interesting faith-based topics. These include priests and religious figures who share about their own faith-journey and vocation. Groups have also gone on learning journeys to learn more about the heritage of the Singapore Catholic Church.

D - (HAVING) DEVOTION TO PRAYER;

Prayer is central in everything that takes place at SJI. Each day begins with daily reflection and prayer during assembly. In addition, each lesson commences with quiet time of prayer. In addition, devotion to prayer is fostered through observances of the Church's liturgical calendar. Days of obligation are marked with Mass and key moments like Lent and Easter are celebrated as a school during assembly.

E - EVANGELISATION THROUGH SERVICE;

Over the course of 2024, Catholic Josephians supported a number of major Catholic events held. These included those organised by the Singapore Archdiocese. For example, SJI students supported the annual Commencement of School Year Mass 2024 that was celebrated at the Cathedral of the Good Shepherd.

In addition, over the weekend of Catholic Education Sunday, SJI students volunteered at three parishes St. Joseph's Church (Victoria Street), Cathedral of the Good Shepherd and Risen Christ Church where they supported the eucharistic celebration through roles such as lectors and hospitality ministers. Parents of the Catholic students were also present for the various Masses to lend their support to the Josephians.

Catholic students from SJI also supported as altar servers at the 2024 Papal Mass in September and the CHIJ 170th Anniversary Mass in May, both of which were held at the Singapore Sports Hub.

Group photo at the Franciscan Mission of Mary House after the Year 4 retreat

I - INTIMACY WITH THE LORD (ANNUAL RETREATS)

Each Catholic Josephian attended one spiritual retreat over the course of 2024. These took the form of Residential retreats (Y3 and Y4 students) or day retreats (Y1, Y2 and Y5). In each of these retreats, specially curated programmes were planned to give the students time to reflect, reconnect and strengthen their faith in God. In addition, time was set aside during each retreat for participants to spend time in silent reflection.

Altar Servers with Cardinal William Goh

Parmenie Experience for Year 5 students

Year 3 Project Exhibition Booth

The Signum Fidei (SF) Programme is an initiative for Year 3 and 4 Integrated Programme (IP) students that employs the Design Thinking framework to solve real-world problems. Students are empowered to think differently, solve problems, and create innovative outcomes—showcasing adaptive and inventive thinking in action to develop sustainable and innovative solutions.

Year 3 students were challenged to envision a better future for the world. Throughout the design challenges, students

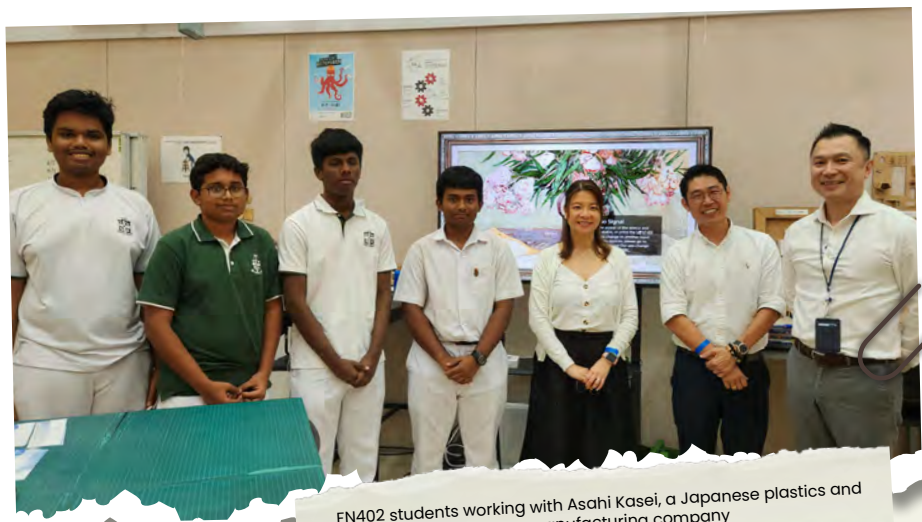

were encouraged to imagine, explore new alternatives, and bring ideas that previously didn't exist. The students also delved into contemporary issues such as sustainability and inclusivity, uncovering root causes and developing solutions that are centred on the human experience. By contributing to and positively impacting the lives of others, students not only honed their problem-solving skills but also cultivate civic literacy, becoming more socially conscious and responsible citizens.

A KKH nurse demonstrating to students the procedure for Nasogastric Tube feeding

FN402 students working with Asahi Kasei, a Japanese plastics and rubber manufacturing company

FN402 students meeting Smart Urban Co-Innovation Lab executives

Year 4 students took a more independent journey, where students initiated contact with organisations such as NParks, KK Women's and Children's Hospital, and Sentosa Development Corporation. They worked over six months, applying their design thinking skills to propose solutions. Examples of their projects include mobile games for Sentosa to increase user engagement and educational gacha machines to raise awareness about Singapore's flora and fauna. The programme concluded with students pitching their solutions to these organisations.

A standout feature of the SF Programme is how it pushes students out of their comfort zones, encouraging them to approach problems from new angles. From brainstorming ambitious ideas to refining prototypes, students learn the importance of open-

mindedness and collaboration. The programme culminates in the Special Programme Exhibition. Through the programme, students develop valuable skills such as innovation, teamwork, time management, and effective communication with external organisations. These skills go beyond theoretical learning, equipping students to navigate real-world challenges with creativity and critical thinking.

The Signum Fidei Programme has been an enriching and fulfilling experience for students, offering them a deeper sense of camaraderie and preparing them for future challenges with enhanced creativity and problem-solving abilities.

OUTDOOR EDUCATION

Pointing the way to a brighter future... or just giving the world a giant pointer.

In SJI, Outdoor Education (OE) is designed and curated to engage the students' sense of adventure by encouraging exploration across a range of natural and urban settings—from familiar local areas to new and challenging environments.

Through the OE activities, Josephians are empowered to enjoy outdoor physical recreation, with a mindset of responsibility and sustainability.

The **CANOEING CONTACT TIME PROGRAMME** for Year 1 students, held in October, served as an essential introduction to kayaking, helping prepare them for the kayak expedition planned for the Year 2 Adventure Camp. This half-day programme was designed to equip students with foundational kayaking skills and build their confidence in water-based activities. They learnt to paddle forwards and backwards, turn, and stop efficiently, highlighting the importance of coordination, communication, and synchronization.

Students also participated in capsize drills aimed at enhancing their comfort and confidence in the water. By practicing how to handle a capsized kayak and return

safely, they built resilience and learned to manage unexpected situations calmly. These drills were crucial in helping them overcome the fear of capsizing, fostering a sense of assurance that will benefit them in future kayaking activities.

The **YEAR 2 ADVENTURE CAMP**, held in January, was a four day, three night camp that took place on Pulau Ubin and at SJI. One of the highlights for many participants was spending a night in tents on Pulau Ubin, where they learnt to adapt to the elements and work together as a team. The students demonstrated grit and determination, earning the title of "Ubin Survivors" for their efforts.

The camp featured a variety of outdoor activities, including kayaking, cycling, hiking, and outdoor cooking. These activities were not only physically demanding but also served as valuable learning experiences in outdoor survival and teamwork. The ACE Peer Support Facilitators played a key role in guiding the students and offering encouragement, helping to create a supportive and empowering atmosphere throughout the camp.

Synchronised raft up in perfect harmony

Mastering the art of belaying—teamwork, trust, and climbing skills in action!

Monsoon Magic Paddling through the Rain Riding the Waves

Paddle United teamwork makes the dream work on Changi Beach!

LEARNING BEYOND THE CLASSROOM

Beyond the physical challenges, the camp also provided a platform for students to bond with their peers. They spent many hours deepening friendships, sharing stories, and creating memories that will last a lifetime. The shared experiences of overcoming obstacles and exploring the natural environment helped to strengthen their camaraderie and foster a sense of unity.

Cycling adventure along East Coast Park's scenic coastline

Savoring the great outdoors, mess tins, tommy stoves and laughter – where food always tastes better with friends

The **MOE-OUTWARD BOUND SINGAPORE (OBS) 5-DAY CHALLENGE COURSE** was a significant experience for our Year 3 students, held in two batches in June and another in July. This national initiative brought together students from five different schools, encouraging inclusivity and fostering a sense of community through shared experiences. The students were grouped into "Watches," each led by an experienced OBS instructor, and worked as cohesive teams to complete various outdoor tasks and challenges.

The course included at least one land or sea-based expedition, which required students to demonstrate endurance and teamwork. They hiked through rugged terrain or kayaked along coastal areas, culminating in an overnight stay in tents where

they experienced sleeping under the stars. The core objective of the programme was to foster resilience, ruggedness, and an appreciation of diversity among students. The authentic outdoor learning experiences helped them develop essential life skills like problem-solving, adaptability, and perseverance.

Students had the opportunity to apply what they had learnt from previous outdoor education lessons and engage meaningfully with peers from other schools. The course was a valuable experience that pushed students out of their comfort zones, leading to personal growth, strengthened bonds, and a deeper appreciation for diversity and resilience.

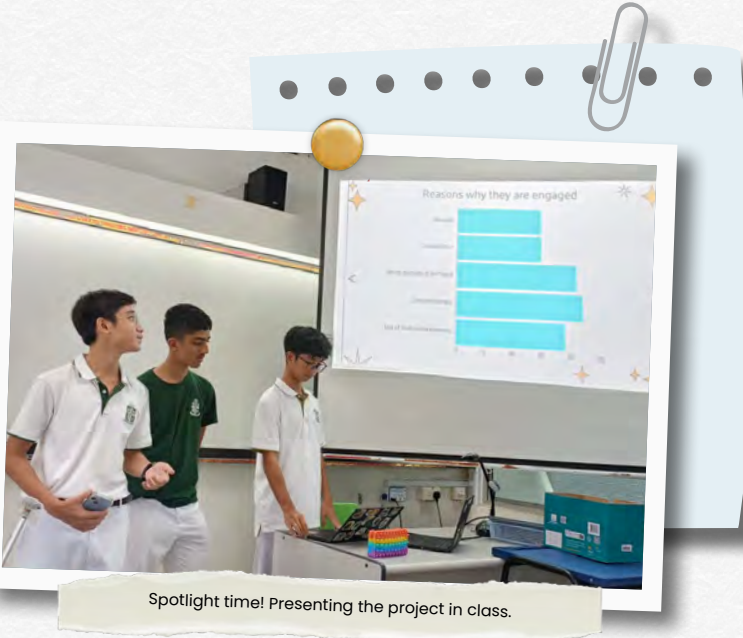

Curriculum+ is a signature programme within SJI's Secondary Education Certificate, crafted to go beyond the boundaries of national examinations and prepare our students to be future-ready. The programme emphasises cognitive development through the Levels of Learning framework. It features two main components for the Year 3 students: Project Work, where students engage in collaborative, hands-on projects that spark creativity

and critical thinking, and electives in Entrepreneurship and Programming, designed to cultivate innovative problem-solving and real-world skills. By promoting collaboration, self-directed learning, inventive thinking, and a strong service orientation, Curriculum+ empowers students to explore their passions, apply their knowledge in meaningful ways, and ignite a lifelong love of learning that reaches far beyond the classroom.

Year 3 Semester 1

PROJECT WORK provides Josephians with a dynamic, collaborative platform to explore a theme of their interest, seamlessly integrating knowledge from diverse fields to devise innovative solutions to real-world challenges. This interdisciplinary journey fosters the development of critical 21st-century skills, including self-directed learning, analytical thinking, and articulate communication. More than just an academic exercise, **PROJECT WORK** empowers students to engage deeply with pressing contemporary issues, equipping them with the skills and confidence to excel in their post-secondary pursuits.

At the conclusion of Semester 1, students proudly present their action products, evaluated through comprehensive rubrics that emphasise not only the depth of their research but also the clarity of their communication and the impact of their presentation. Exceptional groups are invited to participate in the prestigious **SPECIAL PROGRAMME EXHIBITION DAY**, where they have the unique opportunity to showcase their projects to an audience of peers, schoolmates, and educators—celebrating their hard work and creativity on a broader stage.

Spotlight time! Presenting the project in class.

Year 3 Semester 2

In the second semester, Year 3 students can choose between two electives: Entrepreneurship Unlocked or Python Programming. Each elective is designed to foster emerging 21st-century skills and competencies through an eight-week programme.

Entrepreneurship Unlocked

This elective introduces students to the fundamentals of entrepreneurship, with a focus on using the Lean Canvas framework to break down business ideas into essential components. Through this process, students enhance their analytical and strategic thinking skills. They are encouraged to identify real-world problems and develop innovative solutions, fostering confidence, resilience, and a growth mindset. These skills are especially crucial for addressing global challenges, such as climate change.

Students working on their project during an Entrepreneurship Unlocked lesson

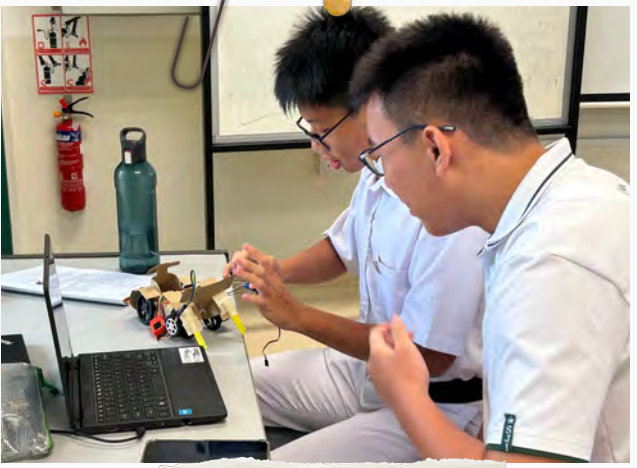

Show and Tell during the Special Programme Exhibition Day

Brainstorming session during an Entrepreneurship Unlocked lesson

Python Programming

This elective develops students in learning how to code in Python programming language and using code to interact with physical devices such as microcontrollers, servo motors and sensors. Using elements in the Design Thinking framework, the elective encourages students to think critically and logically in problem solving when they work on a project at the end of the course. This will allow students to develop their resilience, problem solving skills, computational thinking skills and appreciate teamwork.

Problem-solving and making the car move

STAFF PROFESSIONAL DEVELOPMENT

Mr. Pierre (1st on the right) with teachers who conducted the Open Classroom sessions at the SJI Learning Festival 2024.

Professional Learning in Action

In 2024, SJI educators continued to embrace professional growth with a focus on deepening connections with the broader education fraternity and trailblazing innovations to develop 21st-century competencies in our learners. From exploring the role of artificial intelligence in education to integrating educational technology into their practices, our educators demonstrated a strong commitment to being relevant and impactful in their work. By embodying a spirit of curiosity and passion for learning they have modelled a culture of lifelong learning and fostered an environment where teachers and students journey and thrive together through inquiry and discovery. Indeed, we are proud of them!

SJI Learning Festival 2024

A significant milestone for our educators this year is the SJI Learning Festival 2024. Held on 17 July 2024, it brought together over 300 participants from more than 50 local and international schools. The theme, Celebrating Innovative Practices to Nurture Future-ready Learners, underscored our intent to promote exchange of innovative ideas and effective practices for equipping students to thrive in a rapidly changing world.

For the first time in the Learning Festival, SJI educators opened their classrooms to fellow educators, focusing on lesson practices to equip students with question formulation skills to develop adaptive and inventive thinkers. Presenters from 15 schools led 20 concurrent sessions, sparking rich and dynamic discussions on diverse topics such as the use of artificial intelligence for learning, fostering sustainability in schools and leveraging computational thinking.

From right: Mdm. Roziyah, Mdm. Siti Rahimah, and Mdm. Fauziah Hussein (second from left) with fellow participants at the Malay Heritage Centre – Educators Symposium 2024.

All smiles – Participants at a concurrent session during the SJI Learning Festival 2024.

From left: Mr. Michael Ee, Mr. Nicholas Tsao and Mr. Shane Koh sharing their views on future-ready educators during the audience engagement segment of the SJI Learning Festival 2024.

Sharing and Growing Together

This year, our teachers have been actively contributing and sharing their professional expertise while learning from others at multiple local and international platforms such as conferences and workshops. In addition, they have created opportunities to bring together practitioners from various schools to exchange ideas and practices, fostering a spirit of mutual growth. For example, the Theory of Knowledge department hosted its inaugural Network Seminar to gather teachers from local and international schools to learn from one another.

By sharing their successes, challenges and insights, SJI educators have not only contributed to the collective knowledge of the teaching community, but have benefitted themselves by building networks with other educators, exploring collaboration opportunities and exchanging ideas and resources. In doing so, SJI teachers have empowered themselves and their peers to rethink classroom strategies and embrace creative approaches for the benefit of nurturing our students.

OP INTERDISCIPLINARY
LEARNING JOURNEYS

Josephians embracing fresh insights

A Language-Humanities Learning Journey Through Singapore's Heritage

On April 17, Year 3 OPAM students ventured beyond their classrooms to explore Little India and the Singapore River as they embarked on an immersive learning journey designed to foster ASEAN consciousness.

Navigating these historic sites, Josephians delved into the area's rich history and geography while forging a sense of connection with their surroundings, deepening their understanding of Singapore's multicultural fabric. The bustling Tekka Market in Little India left a lasting impression

with its sensory feast while at the Singapore River, students gained insights into the waterway's pivotal role in the nation's development and its ties with ASEAN countries.

This journey instilled a profound appreciation for Singapore's multifaceted relationship with ASEAN, cultivating a regional consciousness that will undoubtedly shape these young minds for years to come.

Cultural appreciation through fashion and food in Little India

Framed by Singapore's majestic CBD, students progress towards their next checkpoint

Josephians at the Sri Veeramakaliamman Temple

Using the clinometer to find the height of the Supertrees

Gathering at the Bayfront Plaza and ready to go

Mathematics and Science Experiential Learning Journey

In August, Year 3 OP students participated in an engaging Maths and Science Experiential Learning Journey at Gardens by the Bay. This activity was a collaboration between the Mathematics and Science departments, designed to ignite student interest in these subjects by demonstrating their relevance in the real world.

Working in teams, students collaborated to discuss key concepts and solve problems, reinforcing their understanding while promoting teamwork. This not only strengthened their grasp of Mathematics and Science but also fostered essential skills such as communication and critical thinking. By integrating

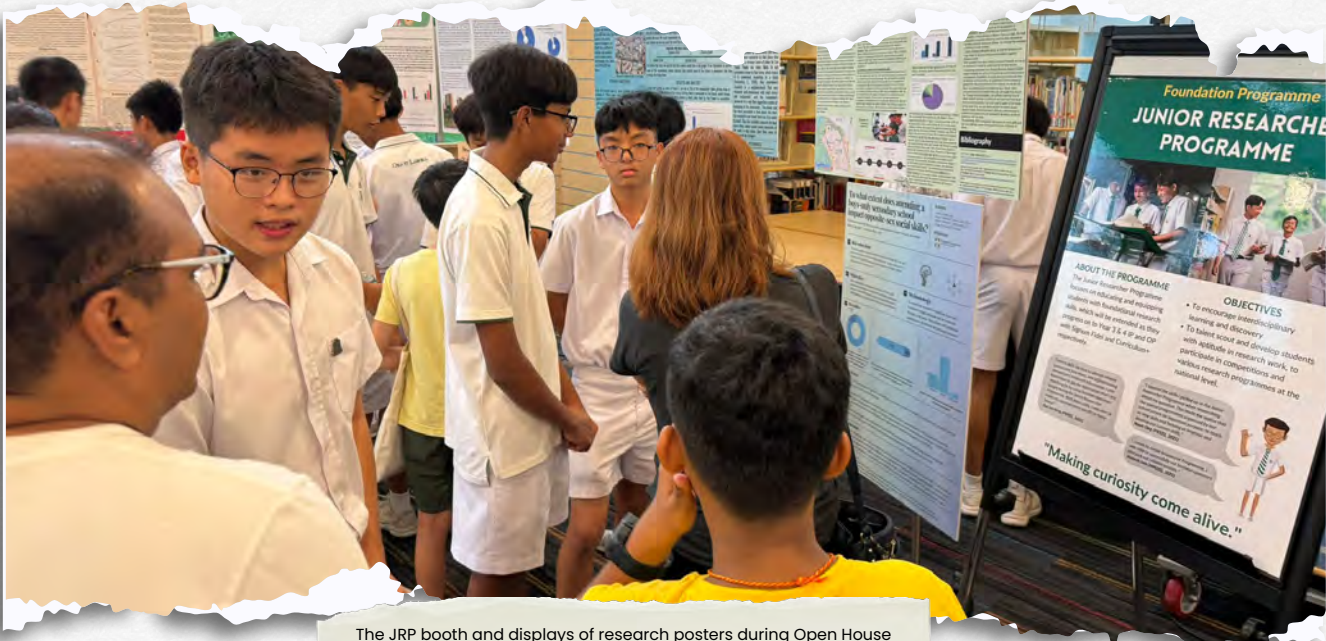

experiential learning with real-world applications, this activity aimed to inspire students to view Mathematics and Science through a different lens, emphasising their practical importance.

The journey not only enriched the students' educational experience but also aimed to cultivate a sense of curiosity and passion for these subjects, potentially guiding them towards future careers in Science and Mathematics. Overall, the Mathematics and Science Experiential Learning Journey proved to be a stimulating and valuable experience for all involved.

Together with a beautiful view

JUNIOR RESEARCHER PROGRAMME

The JRP booth and displays of research posters during Open House

The Junior Researcher Programme is designed to teach students aged 13 to 14 how to effectively conduct research, a skill that not only benefits them academically but also equips them with essential life tools. In the programme, they learn how to inquire, explore, and develop a lifelong curiosity about the world around them.

Research is more than gathering facts—it's about asking questions, seeking out reliable sources, and drawing meaningful conclusions. It encourages critical thinking, hones problem-solving abilities, and enables students to approach challenges methodically, extending far beyond the classroom. Research nurtures independence, as students take responsibility for their learning. It promotes perseverance, as they may encounter roadblocks that require creative solutions. Students also develop communication skills, learning to articulate their thoughts with clarity and confidence.

This year, the programme was conducted as a two-day workshop, in collaboration with the National Library Board (NLB). NLB shared the use of resources in the library for academic research and aspects of generative A.I. At the end of the two-day workshop, students presented their research study in the form of research posters.

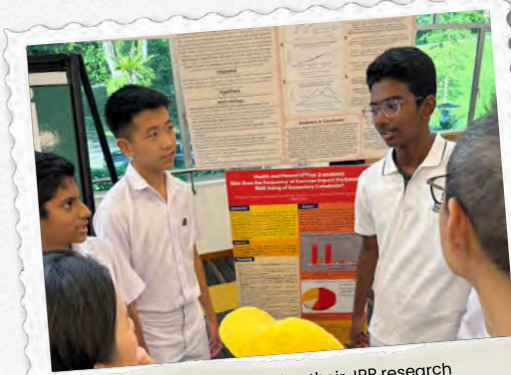

During this year's Open House, students had the opportunity to showcase their research abilities and present research posters on their topic of interest. The research topics ranged from the effects of peer pressure, related to different social strata and how cultural and racial differences play a part in school life, and many more. The results from these research projects gave students a voice and generated valuable insights to students' research projects for the school management, teachers, student population and even parents. Many parents were impressed by the quality and level of research conducted by lower secondary students.

The Junior Researcher Programme is more than just an academic exercise. It teaches students how to approach learning as a journey of inquiry and exploration. It gives them the tools to question, to discover, and to be informed, critical thinkers. In a world that constantly evolves, the ability to research effectively will help our students adapt, innovate, and thrive. The journey starts here, but the impact will last a lifetime.

"Research is formalised curiosity. It is poking and prying with a purpose." – Zora Neale Hurston

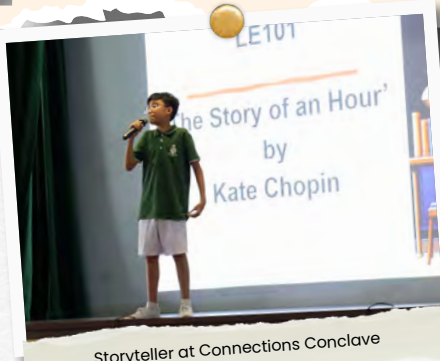

Teachers brainstorming on research questions from a given topic during the JRP teachers workshop

Year 2 students sharing their JRP research experience to P6 parents and students during Open House

SJI LITERARY FESTIVAL WEEK

Storyteller at Connections Conclave

The SJI Literary Week Festival, organised by the FPAM English Language and Literature Department, was a vibrant celebration themed "Connections," emphasising the unity within our Josephian community through a series of engaging literary activities.

At the heart of the festival stood the captivating "Tree of Wisdom," a sculpture by Br Joseph McNally, adorned with book covers of favourite reads from both students and teachers. Inaugurated by Principal Mr Justin Arul Pierre, this installation visually represented the community's shared literary passions. Students also showcased their creativity by presenting original poems, adding a personal touch to the celebration.

One of the highlights was "Whispers of Wisdom," where inspirational quotes were collected and shared with the entire school via an email blast, inspiring reflection and motivation. The Parent Support Group (PSG) contributed by supporting a bookmark-making activity in the library, encouraging students to personalise and share their favourite quotes. The library also featured a themed book display, further enhancing the literary atmosphere.

The festival saw Year 1 and 2 students enthusiastically participating in a lively literary quiz. Year 2 students also benefited from a talk on persuasive writing delivered by Mrs Cherie Tseng, and SJI parent and COO, Secur Solutions Group, and a commentator/op-ed writer for CNA.

Tree of Wisdom

The grand finale of the week was the "Connections Conclave," where students and teachers came together to deliver a series of captivating performances, rounding off a week of literary celebration that truly reflected the spirit of connection within the Josephian community.

VIA PROJECT SCUBILION

Our Josephians proactively approaching partner organisations at the VIA Scubilion Fair to explore opportunities to collaborate and contribute in the community

SJI organised the inaugural Values-in-Action (VIA) Scubilion Fair in April for the benefit of the school community to learn how they could contribute meaningfully to the community. In total, 12 Partner Organisations were invited to engage and interact with all students and staff.

At SJI, we refer to all service projects as VIA Scubilion, named after Br Jean-Bernard Rousseau, who was a French Catholic member of the De La Salle Brothers who received the name of Scubilion when he entered the novitiate.

The Partner Organisations for the VIA Scubilion Fair this year included, Caritas Singapore, Foreword Coffee Roasters, Heartware Network, ItsRainingRaincoats, Josephian Family Services, Kwong Wai Shiu Hospital, Lakeside Family Services, Mercy Relief Singapore, Ray of Hope, Singapore Chapter of the Harley Owners Group, Singapore Disability Sports Council and Society for the Prevention of Cruelty to Animals.

These organisations partnered with SJI to meet the following objectives for our school community to:

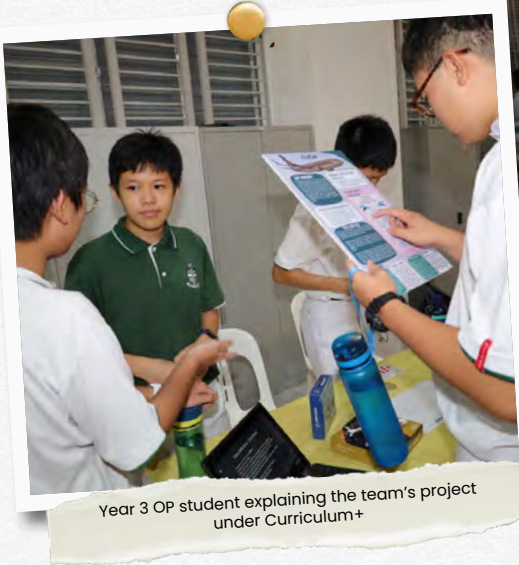

- Deepen awareness of social issues and understand existing efforts in the community.
- Discover and explore opportunities to contribute.
- Inspire and align individuals' and groups' interests with opportunities to serve.

The VIA Scubilion Fair also impressed upon all that being of service to the community should be a way of life for Josephians. This ethos is deeply integral to the SJI Education.

Our Josephians proactively approaching partner organisations at the VIA Scubilion Fair to explore opportunities to collaborate and contribute in the community

SPECIAL PROGRAMME EXHIBITION

Year 3 OP student explaining the team's project under Curriculum+

The Special Programme Exhibition was an inaugural event where students from Year 2, 3, and 4IP displayed creative projects developed under the Curriculum+, Signum Fidei, and Innomakers programmes. These programmes aim to foster inventive thinking, collaboration, and self-directed learning, with a focus on addressing real-world problems.

Innomakers Programme highlighted four student groups. One notable project was The Hive 5, a two-year National Design Project by five Year 3 students who designed social spaces for the elderly in Toa Payoh. Another standout project was Eco-Vermitech, created by a group of Year 2 students, focusing on reducing food waste in SJI. Other projects featured were the Year 1 DRV Challenge and Year 2 Architecture Projects (see page 105).

Curriculum+ extends beyond the national O-Level Examination to emphasise cognitive development through the Levels of Learning framework. For Year 3 students, it includes two key components: Project Work and electives in Entrepreneurship and Programming. The Python exhibition, for example, displayed students' skills in building and programming a controllable cardboard car. Some of the entrepreneurship projects showed potential for becoming real businesses, encouraging students to consider scaling their ideas into marketable products (see page 125).

The Signum Fidei exhibition highlighted several innovative projects from Year 3IP students, such as a car key integrated with a breathalyser to prevent drunk driving and a lock based on Rubik's cube patterns. These projects demonstrated the students' ability to think creatively and apply design thinking to real-world challenges. The focus was not only on innovation but also on creating solutions with practical applications (see page 121).

Overall, the Special Programme Exhibition fostered teamwork, communication, and problem-solving skills. Students shared their projects, collaborated to brainstorm ideas, prototyped solutions, and refined their work through multiple iterations. Presenting their projects publicly also helped them enhance their confidence and public speaking abilities while developing practical solutions for real-world issues.

YEAR 5 SG PERSPECTIVES

YEAR 6 SG PERSPECTIVES

Ambassador Selverajah shared about the changing Geopolitical landscape and the challenges and opportunities for Singapore

A delightful group discussion

Some of our Josephians had the unique opportunity to engage Ambassador Selverajah in a small group discussion. Ambassador shared more about how they could prepare for a career in the foreign service

Mr Pierre and our student moderators presenting a token of appreciation to Ambassador Selverajah

Ambassador A. Selverajah engaged Year 5 Josephians in a dialogue focused on the challenges facing the rules-based international order. He discussed Singapore's foreign policy principles, emphasising the country's commitment to upholding international laws. Despite Singapore's small size, he highlighted how adherence to the rule of law enhances the nation's credibility and relevance in global affairs. Ambassador Selverajah also shared his personal experiences from his extensive career, demonstrating how these principles have guided Singapore through evolving regional and international dynamics.

The session was moderated by members of the Society of International and Current Affairs (SICA), who found the dialogue enlightening, particularly regarding Singapore's ability to navigate global challenges and maintain a strong international presence. Ambassador Selverajah's emphasis on Singapore's diplomatic efforts reinforced the importance of strategic engagement, even for smaller nations, in contributing to global governance.

A group of students with aspirations in the foreign service had the opportunity to engage with the Ambassador in a discussion. This follow-up allowed students to delve deeper into the realities of a diplomatic career.

Minister Zaqq captivated the students with an engaging presentation

Mr Pierre shared the SJI heritage with Minister Zaqq

In April, Year 6 students had the valuable opportunity to engage in a dialogue with Mr Zaqq Mohamad, Senior Minister of State for the Ministry of Defence and Ministry of Manpower. The session included both small group discussions and a moderated engagement, providing students with a comprehensive understanding of key issues affecting Singapore. Topics ranged from geopolitical challenges and the impact of misinformation on social harmony to the migrant worker community in Singapore and the role of youth in addressing societal issues constructively.

Mr Zaqq shared insights on how Singapore navigates global uncertainties and stressed the importance of fostering a harmonious society. He also highlighted how Singapore's youth can actively engage with and contribute to national and global issues. His candid responses and personal experiences enriched

the dialogue, offering students a deeper understanding of the complexities surrounding these topics.

The moderated discussion, led by members of the Society of International and Current Affairs (SICA), allowed students to explore these issues in greater depth. The dialogue provided nuanced perspectives on familiar topics, encouraging critical thinking and a broader appreciation of the global context in which Singapore operates.

The engagement concluded with Principal Mr Justin Arul Pierre expressing gratitude to Mr Zaqq for his time and insights. He emphasised that such platforms are crucial for enhancing students' understanding of both local and global developments that influence Singapore, helping to shape them into informed future leaders.

CATHOLIC RETREATS

Students working together to find a clue to a crossword puzzle at the FIDEI Camp

Students deep in prayer at the Year 4 Retreat

Students engaged in a reflection activity at the Year 3 Retreat

Year 1 to 6 Catholic students participated in various spiritual retreats in 2024, which offered time and space for students to engage in prayer and reflection, so as to encounter God through unique and diverse experiences. The FIDEI Camp was organised for Year 1 Catholic students with the theme 'Walk in the Light' in March, while Year 2 Catholic students had a Day of Recollection themed 'Transfigured Me' in August. The Year 1 Catholic students discovered what it meant to pursue a relationship with God and what supporting one another in fellowship might look like. The Year 2 Catholic students learnt about the distinction between transformation and transfiguration, and participated in an "Old Me, New Me" activity featuring an internal evolution from their old selves to their new selves.

The Year 3 Catholic students had the opportunity to participate in the Year 3 Retreat themed 'I in the Midst' from 22 March – 24 March, held at the Franciscan Mission of Mary House of Prayer and Formation, while the Year 4 Catholic students had their Year 4 Retreat with the theme 'Everlasting Hope' from 2 Feb – 4 Feb, also at the Franciscan Mission of Mary House of Prayer and Formation.

Edgar Chow (LE303) shares his experience at the Year 3 Retreat:

The stillness and reflection offered by moments of silent prayer were particularly powerful. In these quiet moments, I found myself more connected to my thoughts and spirituality than I had been in a long time. It was a reminder of how easily we can become distracted by the noise of daily life and how important it is to take time for stillness and contemplation.

The retreat ended with Mass which was a unique experience as the Mass was celebrated outdoors. This seemingly trivial detail particularly struck me; it was in that moment that I had realised that we could celebrate Mass anywhere, at any time.

LASALLIAN LEADERSHIP TRAINING CAMP

Designed for incoming student leaders, the Lasallian Leadership Training Camp (LLTC) is an experience unlike any other. Student leaders first learn what servant leadership is all about, and then collaborate with an external organisation on a service project which allows them to apply the leadership skills, knowledge and dispositions learnt.

The theme for LLTC this year is *Ducens in Servio* or Leading in Service where participants are introduced to Servant Leadership through experiential learning and reflections.

The camp began with a walk from different locations which ended at the MOE Dairy Farm campsite. Through the walk, students experienced first-hand the idea of unequal opportunities as some routes were much longer than others and groups arrived at the campsite at different times.

This activity would eventually culminate in the Social Realities Panel on Day 3 of the camp where speakers from organisations like Heartware Network, Edible Garden City and NTUC Welfare Home engaged the participants in a dialogue session and shared about the work they did to manage various social issues.

To help them build the capacity to be able to visualise the value of contrasting views, participants also took part in a Polarity Thinking workshop, a valuable skill in a VUCA world.

Kaedin Isaacs (ML301) reflects on his experience:

The external organisation I partner with was Mamre Oaks, a home for individuals with intellectual disabilities. At first, I was apprehensive as I had no prior experience interacting with people with special needs. We were all worried about how to behave and were fearful of unintentionally causing discomfort or distress. One of my greatest concerns was doing something that could inadvertently upset the residents, which was a fear that stayed with me throughout the early part of our visit. However, as we began engaging in activities such as dancing and drawing with the residents, my apprehension slowly began to dissolve.

I discovered that the residents were easy to interact with and full of joy. Their warmth quickly put me at ease, and I began to enjoy our time together. It was heartening to see how much happiness they gained from simple activities like dancing, drawing, and laughing. These moments reminded

me of how often we take everyday pleasures for granted. I was also struck by how much they value the little things in life, the moments that many of us might overlook or dismiss. This was a humbling realisation for me. Despite the challenges they face, the residents of Mamre Oaks exhibited remarkable resilience, strength, and a capacity for joy that was truly inspiring.

The experience opened my eyes to the importance of empathy and understanding in breaking down the barriers that ignorance or fear can create. The experience challenged my preconceived notions and prompted me to reflect on my own biases and assumptions.

CATHOLIC EDUCATION SUNDAY

Group photo at the Cathedral of the Good Shepherd

Students offering the gifts of bread and wine at Mass

Group photo at Church of the Risen Christ

Catholic Education Sunday was commemorated on 25 August 2024, emphasising the vital partnership between Catholic schools, parishes, and homes, with Catholic staff, students, and parents coming together to participate in the liturgy. SJI Catholic students across Years 1–6 gathered at 3 different parishes – Church of the Risen Christ, St Joseph’s Church (Victoria Street), and the Cathedral of the Good Shepherd – to serve during the Mass, to distribute prayer cards to the congregation, and to share about their experience studying in a Catholic school.

Noah Foong from ML301 shares his experience:

I served as a lector and read the Second Reading during the Mass on Catholic Education Sunday at the Cathedral of the Good Shepherd. While I was slightly anxious before the Mass, as I carried the Book of the Gospels during the procession at the start of the Mass, I felt a sense of honour to be a vessel through which God’s Word could reach others. This put me at ease. Along with words of encouragement from my teachers, friends, and parents, I felt reassured that the preparation I had

undergone beforehand would set me up for success and that I needed to trust and allow God to work through me.

Two of my juniors from the Young Christian Students FIDEI community in SJI also served as lectors during the Mass, and I was extremely touched to witness them rise to the occasion. I knew how nervous they had been, and to see them proclaim the readings with confidence was inspiring. It reminded me about one crucial facet of Catholic Education Sunday – that it is not just about our individual faith and roles as a member of the Church, but about the strength and support we offer one another as a community of faithful followers of Christ.

Looking back, I see Catholic Education Sunday as more than a one-time event. It is a reminder of the importance of stepping up as a senior, trusting in the support of others, and embracing opportunities to serve the Catholic community. The experience has truly imparted to me the school values of Faith, Service, and Community.

PAPAL MASS

“Without love, we are nothing.”

These words, taken from St. Paul’s First letter to the Corinthians, were a recurrent theme in Pope Francis’ homily at the Papal Mass held at the National Stadium on 12 September 2024. Addressing the 50,000 people in attendance, who included government officials, civic leaders, and leaders of other religions, Pope Francis noted that even modern Singapore could not have been built without the love and support of the entire community.

A 140-strong SJI contingent comprising staff and students had the opportunity to attend the Papal Mass. Amongst them were Kaedrin Isaacs and Noah Foong from ML301, who share their experience:

We were extremely blessed to be part of the SJI contingent and to have had the opportunity to attend the Papal Mass on 12 September 2024. The moment we took our seats in the Stadium, we grew to realise the sheer mass of people gathered there, all for the purpose of praying for their

personal intentions, for their families and for Singapore. It was an eye-opening experience, taking in the sights and sounds – masses of people scurrying to their seats with familiar faces everywhere we turned, all while worship hymns were played in the background – the atmosphere was prayerful, meditative and awe-inspiring, all at the same time.

When Pope Francis arrived on his popemobile – a specially designed motor vehicle used by the Pope during public appearances – we were struck by scenes of little children running up to His Holiness with rosaries and crucifixes in their hands, waiting for the Pope to bless them and their ornaments. Witnessing the Pope bless infants with a smile on his face was an incredibly heartwarming scene.

To witness Pope Francis celebrate the Mass in spite of his old age was extremely inspiring, and being in the presence of hundreds of priests and altar servers, and tens of thousands of people gathered to pray together during the Mass was wonderful and truly unforgettable.

CHAPTER 5:
*Co-Curricular Activities (CCA)
& Creativity, Activity and Services (CAS)*

Badminton

2024 has been a remarkable year for the SJI Badminton Team. The B-Division Boys began their National School Games (NSG) journey with great promise, maintaining an unblemished record throughout the preliminary rounds of the South Zone competition. Facing formidable opponents such as Raffles Institution (RI) and Anglo-Chinese School (Independent) (ACSI), the team narrowly missed securing third place after a hard-fought match against ACS Barker.

In the National round, despite finishing fourth in our Zone, the team demonstrated resilience, overcoming Chung Cheng High in a strong performance. Unfortunately, SJI's run came to an end after close 2-3 defeats against Maris Stella High and Nan Hua High School.

The C-Division team also made waves during the NSG, narrowly losing to ACSI in the semifinals. A thrilling 2-3 loss, decided by the final singles match played by one of our Year 1 students, showed just how close we came to advancing to the finals—a feat that would have marked our first top-four finish in over 14 years.

SJI rounded up the season with grit and determination. In August 20, 2024, the team faced Maris Stella in the battle for third place. We secured a convincing 4-1 victory, sending a strong message to our closest rivals, that we are steadily closing the gap.

Kudos to the SJI C-Division Badminton team for doing so well in this competition! May we have many more good years to come!

Basketball

The SJI Basketball team competed in both C- and B-Divisions for the National School Games (NSG) this year. Under the new competition format, the C-Division team displayed an impressive performance this year. First, by being seeded into the Nationals 2nd Division and second, by narrowly missing out on qualifying for the semi-finals.

Although the B-Division team was eliminated in the preliminary round, the boys put up a valiant fight and wore the school's colours with pride.

Apart from the NSG competitions, the SJI basketball team continues to organise its annual basketball invitational tournament, hosting other prominent schools such as Raffles, Hwa Chong and Maris Stella. The team has also participated in other invitational tournaments such as the Junyuan Tournament with the objective of providing athletes with the necessary experience and strengthening the team.

Aside from inter-school competitions, many athletes from the basketball team competed externally in the various 3x3 cups and 5v5 tournaments such as the Rigorer Youth Cup and the Singapore Premier Basketball League held throughout the year.

Through these tournaments, our SJI athletes have left a positive impression and forged a strong reputation for themselves within the basketball community, bolstering the school's image. Notably, Josephians Elijah Chow Jen Xun (LE102) and Jude Matthew Ng Zhong Rui (LE101) participated in various external competitions and camps, showcasing their passion and dedication to the sport.

Working closely together with our coach and teachers, our athletes strive to excel in the sport and achieve only the best, hoping to continue to bring glory to SJI.

Canoeing

SJI's Canoeing Team soared to new heights in 2024, demonstrating unparalleled determination and resilience at the National School Games (NSG). Their outstanding performance led to gold medals in events such as the C2 500m in both the A- and C-Divisions, along with the K1 500m in the C-Division. The team not only upheld their previous standing but further solidified SJI's reputation, securing Second Runner-up in the C-Division and Third Runner-up in both the B and A-Divisions, with the A-Division achieving this success its second year of competition. This remarkable progress reflects their ability to thrive amid fierce competition.

SJI's canoeists also actively participated in other key competitions, including the Pesta Sukan Canoe Sprint Championships and the Singapore Junior Canoe Sprint Championship (SJCC). Their efforts resulted in notable finishes, such as the Under-14 K1 500m and Under-14 K2 5000m events at SJCC. At Pesta Sukan, they excelled in the Junior Men C1 2000m and Junior Men K1 2000m categories, further refining their abilities for future challenges.

Our Year 3 canoeists also continued their tradition of hospitality by welcoming international guests from La Salle College, Hong Kong. These interactions fostered stronger bonds between the two schools and deepened their connection to the Lasallian community.

This year, SJI's canoeists took the initiative to volunteer with the Singapore Disability Sports Council (SDSC), contributing to inclusive sports events and gaining valuable insights into promoting accessibility and inclusion within the community.

Several canoeists also represented Singapore on the global stage, competing in the South East Asian Canoe Sprint Championships (SEACC) and the Olympic Hope Regatta in Szeged, Hungary, earning international recognition for their impressive performances.

The accomplishments of SJI's Canoeing Team this year are a testament to their relentless dedication, passion, and talent, earning accolades on both national and international platforms.

Floorball

Our Captain, Sakthi, leading the team for a team cheer before the game

SJI scored first against Victoria School in the NSG finals

The SJI Floorball team was formed in 2023 and has risen from strength to strength, making history and leaving its mark on the local floorball scene. Coming off a disappointing first-round exit in its maiden National School Games (NSG) in 2023, the young team set its sights on a goal of a top 8 finish in 2024 and hunkered down in preparation. Through hard work, dedication and sacrifice, the team went unbeaten in its incredible journey from Pool 2 to League 1. They went through to the quarterfinals and then the semifinals, beating more established schools along the way and eventually clinching the silver medal in the 2024 NSG Floorball competition.

Discipline, commitment and diligence form the cornerstone of SJI Floorball CCA. The team trains often and takes part in the Singapore Conference League over the weekends to expose the players to a higher level of competition. On top of that, other external competitions as well as friendly matches are lined up to prepare and give our players a chance to represent the school.

Leadership development is also emphasised in the CCA. Beyond attending school wide training programs, CCA leaders are entrusted with the day-to-day training sessions, Physical Training sessions and other special events such as the annual CCA camp.

The Floorball boys also contribute actively to the school community by volunteering for school-wide events such as the Annual Cross Country Meet, Track and Field Championships and Inter-class games.

The team celebrating after our semi-final win to qualify for their first final in the short 2 years history of the CCA.

Football

The school's Football CCA celebrated a remarkable year with significant achievements across all the three divisions.

Most notably, the C-Division team emerged as the standout team of the year, clinching the Championship title. Their dominance throughout the season was evident as they remained unbeaten, showcasing not only their talent but also their teamwork and resilience. The C-Division players demonstrated consistent excellence in their matches, showing brilliant skill in both defence and offence, which culminated in their well-deserved victory. Their undefeated record reflects their dedication, disciplined training, and strong team cohesion.

The B-Division footballers also had a commendable season where they were 2nd Runner-Up in the competition. Despite facing fierce competition, they advanced to the semifinals, displaying exceptional skills and a tenacious fighting spirit. Their contribution to the CCA in terms of mentorship and fostering team spirit was invaluable.

The A-Division team, composed of senior players, had a more challenging season and definitely put up an exceptional performance and narrowly missed the championship title to emerge as the 1st Runner-Up. Their experience and leadership were vital in guiding the younger players and maintaining the team's overall morale. The A-Division's efforts are a testament

to their progress and determination, making them a strong contender for future championships.

2024 was a banner year for the school football CCA. The accomplishments of all three divisions underscore the hard work and commitment of the players, coaches and teachers. The C-Division's championship victory, in particular, stands out as a crowning achievement, setting a high standard for the future of the SJI Football CCA.

Unstoppable on the pitch! Lim Kai Sheun in full flow, guiding the team with every move.

Pure joy and elation as Scott Reid, the C-Division Captain, lifted the championship trophy high! Every scream of victory echoes their hard work and determination.

Every drop of sweat, every ounce of effort led us here. Together we rise, together we win!

- Aidan Bin Irfan (MN201) / C-Division, Vice-Captain

Talent runs deep in this squad! Every player bringing their best to create something extraordinary.

Hockey

The Hockey CCA has had a remarkable year, participating in the National School Games across all three divisions. In particular, the A-Division team helmed by Captain Aloysius Ong Pin (FN605), Vice-Captains Andrew San (MN620) and Toby Foo (LE609) achieved an impressive milestone by securing the First Runner-up position in the Plate Tournament. Meanwhile, the B and C-Division teams demonstrated significant progress, advancing through various stages of competition and showcasing their growing skills and determination.

Beyond the school circuit, the team actively participated in external competitions, notably the Pesta Sukan. This event provided an invaluable opportunity for athletes to come together in a spirit of camaraderie and goodwill, while also elevating the standard of sports through friendly competition. Furthermore, under the leadership of the incoming A-Division Captain Titus Lai (LE508) and Vice-Captain Marcus Ng (ML514), along with the support of Year 5 and Year 3 players, the team took part in the Singapore Hockey Federation Division 5 League. Their participation was marked with a series of competitive matches, where they managed to match and even defeat some of the more experienced teams.

In terms of inter-school collaboration, this year marked the second consecutive year in which the C-Division players had the opportunity to engage in friendly competition with students from Northland Secondary School (NSS). This initiative provided the players with valuable match experience and also played a crucial

role in strengthening camaraderie and fostering social cohesion between the schools. The Hockey CCA's achievements this year have been a testament to their hard work, dedication, and team spirit.

Unite, train and conquer - SJI and RI come together to build champions on the mat!

United in strength and spirit - SJI Judokas, before the NSG Judo Championships, ready to conquer together!

Filled with spirit and determination, our Josephian judokas went into the National School Games (NSG) Judo Championships with the skills of hard training under their belts. Each judoka fought hard, carrying the SJI crest on their white gis. The B-Division team performed their best, showcasing years of experience. After three days of bouts, Win Win Kyaw's (LE403) tenacity and prowess clinched him a silver medal in the U91kg weight category, putting SJI at 5th in the overall rankings for the Y4s' stunning final NSG B-Division Judo Championships. Cody Tan (LE402) and Ryan Saw (LE401) both clinched 7th placing in their respective weight categories.

Not long after, the C-Division judokas entered NSG Judo Championships, ready to prove themselves with many Y1s' competing in their first ever NSG Judo Championships. Having fought their best, the team made us proud with their results. Kenston Kok (MN202) clinched a well-deserved bronze medal in the U66kg weight category. Ethan Sim (ML202) and Azreal Anderson Lee (FN202) both clinched 5th placing in their respective weight categories, while Imran Hazrin-Tan (FN202), Jay Jonas Mok (MN201) and Hu Chengrui (FN101) clinched the 7th placing in their weight categories.

Upholding the CCA's commitment to serving the community, the judokas initiated a Values in Action (VIA) project. The judokas, in collaboration with Table Tennis CCA, organised a food donation drive for "Food From The Heart". This project garnered the collective support of SJI students to donate a substantial amount of food items in an effort to give to families and those in need.

Each judoka contributed as an ambassador to encourage their classes and in leading by example by contributing to the food items. Through this programme, the judokas, with the SJI community, learnt to serve those in need by organising and running a donation drive.

Rugby

B-Division NSG match

C-Division NSG match against RI

Throughout 2024, the SJI Rugby team's unwavering effort and grit have led to commendable outcomes. The C-Division team participated in the Singapore Rugby Union Schools Under 14s Sevens (SRU 7s) on 27 April and the Saints Sevens Rugby Tournament on 24 and 25 May, earning a commendable 3rd place at SRU 7s and a well-deserved 2nd place at Saints 7s.

Embodying the Josephian spirit, the team's hard work culminated in securing the 2nd Runner-Up position in the 2024 National Schools Games Rugby C-Division Championship. This success is a testament to their relentless dedication, teamwork and the unwavering support of coaches, teachers and parents. Their achievements on the field reflect their perseverance, discipline and passion for the sport.

Maintaining this high level of performance requires year-round commitment. Both the B and C-Division teams at SJI adhere to a strict training regimen, balancing fitness with academics, even during exam periods. This discipline drives their success and allows them to pursue ambitious goals.

The SJI Rugby team is also deeply committed to community service through various Values in Action (VIA) initiatives. In March this year, they participated in a beach clean-up at East Coast Park, demonstrating their commitment to environmental stewardship and their role in preserving Singapore's natural spaces. This reflects their dedication to making a positive impact both on and off the field.

Being part of the SJI Rugby team is about more than playing a sport; it is about joining a community built on teamwork, dedication and a spirit of service.

B-Division NSG match against SASS

Sailing

SJI sailors were focused on the goal to be fully committed to training whilst placing an equal emphasis on schoolwork. United by the mantra to “Raise above the challenge”, the team worked with teachers and coaches to maximise each training session. Each session aimed to improve physical fitness and racing skills, readying the sailors for outstanding performances in the various regattas.

The rigorous training paid dividends with the impressive haul of silverware from the various competitions. The fleet participated in the National Schools Games, the Students Challenge Trophy and the Singapore Youth Championships. Unfortunately, several competitions were cancelled or postponed because of the closure of most Sailing venues island wide due to the oil spill in June.

However, off the waters, the SJI sailors continued to lend support for Singapore Sailing’s effort to promote sailing for all by participating in the ‘Get Kids Afloat’ programme during the school holidays. This student-initiated activity required the sailors to devote a week of their time to teach underprivileged children the fundamentals of sailing under the guidance of volunteer club coaches.

Boat rigging and handling, knot tying, points of sail, launching and recovery were some of the elements that were taught. Each sailor was paired with a young learner as they sailed in the calm waters at Sembawang. Our sailors continue to find this combined effort impactful, as they make their contribution to foster care and goodwill to others in the sailing community in Singapore.

- Low Xian Rui, Darius (MN201) / C-Division, Vice-Captain (ILCA4)

Nigel Tan (MN202) launching his Optimist Dinghy at NSG he emerged 4th in C-Division.

Squash

This vibrant and close-knit CCA plays a crucial role in nurturing both the character and sporting development of its student members. Through engaging peer interactions, service-oriented activities, and regular training sessions, the CCA effectively fosters essential qualities such as teamwork, resilience, and a genuine passion for the sport.

The weekly training sessions held at PSOE B are meticulously designed to focus on various aspects of athletic development, including fitness conditioning, skill honing, and adaptive gameplay strategies. A particularly interesting feature of these training sessions is the inclusion of group and paired court workouts. These collaborative exercises not only promote a deeper understanding of game concepts but also enhance the execution of racket strokes. While the training can be physically demanding and energy-sapping, students relish the challenges presented to them, viewing these moments as vital stepping stones toward their personal progress and athletic aspirations.

As the National School Games (NSG) approached, students participated in a round-robin competition format to determine the final selection of players who represented the school. This competitive environment not only sharpens their skills but also builds camaraderie and a strong sense of community among the participants.

Beyond the pursuit of formal results and the quest for victory at the NSG, it is heartwarming to observe the spirit of sportsmanship that shines through. Players from both teams often share the court during warm-ups, exchanging congratulations for good efforts regardless of the scoreline. This supportive atmosphere serves as a powerful life lesson for everyone involved—players, coaches, officials, and supporters alike—emphasising respect and kindness.

The camaraderie among student members is truly noteworthy. Away from the court, it is uplifting to witness the mutual encouragement, spontaneous acts of kindness, and engaging bonding sessions that further strengthen their relationships.

Finishing strong

Table Tennis

The school's Table Tennis team is renowned for its unwavering determination and fighting spirit, especially during the rigorous training sessions leading up to the annual National School Games (NSG) Table Tennis Championships. Each player consistently demonstrates remarkable skill, effort, and resilience throughout the competition.

The SJI B-Division Table Tennis team garnered Silver at the NSG 2024 (South Zone). The team put up a good fight all the way from the first competition to the finals. It was a tight fight to the end, and we placed 2nd. Our Josephians carried themselves as true sportsmen and gave Raffles Institution a good fight in the finals.

The Table Tennis C-Division team also achieved a commendable 4th place at the NSG, marking a significant milestone for SJI. Their journey began with impressive victories in the group stages against ACS Barker and Dunman High, which propelled them to the League 1 Round of 16.

Despite facing tough opponents such as River Valley, Maris Stella and Anglican High, they persevered and triumphed in the quarterfinals. Although the team was defeated by Hwa Chong in the semifinals, this marked a historic moment, securing a medal on the national stage after an eight-year hiatus. The team's undefeated streak until that point highlights their dedication and skill.

Whilst not competitively participating in the NSGs this year, the A-Division started at the end of Term 1 and the students train alongside the B and C-Divisions periodically, fostering a collaborative environment.

In addition to the training and competitions, community involvement plays a key role in the Table Tennis team's development. This year, Judo and Table Tennis CCA students collaborated on a student-initiated food drive, collecting food within the school to donate to "Food from the Heart," exemplifying their commitment to making a positive impact beyond sports.

Team during training

Tennis

In 2024, all A, B and C-Division Tennis teams competed and did phenomenally well in the National School Games (NSG). Both the B and C-Divisions attained medals while the A-Division garnered a very respectable fourth position in the competition even though it was their inaugural participation in the NSG. It has been over 30 years since the B-Division has reached the finals and therefore, this year's results are a truly remarkable milestone.

Our boys showcased exceptional determination, perseverance, and mental strength throughout the competition, overcoming numerous challenges. With heads held high, they leave the court more determined than ever to return even stronger next year.

This year is also an eventful one for two of our tennis boys, Justin Lie (ML202) and Brennon Ng (MN 201). They represented Singapore in a three-member team in the World Junior Competition 2024 held in Kuching. ITF World Junior Championships are the international team events for the 14-and-under age category.

Zachary Sng (ML301) was the recipient of the 2024 Best Sportsboy for Tennis by the Singapore School Sports Council (SSSC). This prestigious Sports Pinnacle Award is presented to the overall best athlete in each sport sanctioned by the SSSC, in recognition of the students' excellent achievement in both local and overseas competitions.

Justin Lie (ML202) and Brennon Ng (MN201) representing Singapore at the U14 World Junior Team Competition (Tennis) 2024

C-Division prize presentation, celebrating their successful run in the NSG 2024

Giving back to the community is important to the team. The Tennis team participated in a friendly with SJI Junior Primary 6 Tennis boys to inspire them as young players. Some of our Year 3 and Year 4 tennis players participated in the Values In Action (VIA) project where they partnered, Soundball, an organisation that aims to help the visually

impaired to learn tennis skills. Our Tennis boys helped to rally with them and engage them in the sport.

The Tennis team anticipates an equally fulfilling and successful year in 2025 with much hope and renewed promise.

Track & Field and Cross Country

This vibrant and engaging CCA plays a vital role in nurturing the holistic development of its members. Through diverse activities centered around Track & Field and Cross Country, the CCA fosters teamwork, leadership, and a passion for the sport.

Beyond providing a platform for students to develop their athletic skills and potential, the CCA actively cultivates a sense of camaraderie and teamwork. Participation in competitions like the National School Games (NSG) and events organised by Singapore Athletics, alongside student-led initiatives such as CCA camps and Values-in-Action projects, strengthen bonds and create lasting friendships. These experiences also help students develop leadership abilities and a strong sense of responsibility.

The CCA remains a valuable platform for students to explore their talents and passions beyond academics. We are dedicated to providing a nurturing and enriching environment that fosters personal growth and inspires a lifelong love for the sport.

Key Achievements include:

NSG TRACK & FIELD 2024

- 6th placing for C-Division Boys
- 8th placing for B-Division Boys
- 6th placing for A-Division Boys
- Top 4 (Individual/Team)
 - John Lim, 1st for 100mH and 200mH (C-Div)
 - Joshua Khoo, 1st for Long Jump (C-Div)
 - Quentin Tseng, 2nd for 800m (C-Div)
 - Aydin Shabirin, Quentin Tseng, Riley Williamson & John Lim, 4th for 4x400m (C-Div)
 - Henry Zhao, 3rd for 400m and 800m (B-Div)
 - Jayden Wong, 3rd for Javelin (A-Div)
 - Asher Tay, 4th for 1500m (A-Div)

NSG CROSS COUNTRY 2024

- 3rd placing for C-Division Boys (Team)
- Top 20 (Individual)
 - Ethan Tan, 7th (C-Div)
 - Daveon Chen, 14th (C-Div)
 - Quentin Tseng, 15th (C-Div)
 - Dhiran Dev Rajah, 15th (B-Div)
 - Asher Tay, 10th (A-Div)

National Cadet Corps (Air)

Under the capable and dedicated leadership of the Air Leaders, together with the steadfast support of the teacher-officers, NCC Air has continued to excel in various domains.

In 2024, three teams participated in the Singapore Amazing Flying Machine Competition, gaining invaluable experience and measuring themselves against fellow aviation enthusiasts in Singapore. Notably, the team of Alson Mook (FN401), Nicholas Lee Mangkuliono (FN301), Poh Le Yang (LE303) and Chan Yap Tong (ML301) won the second prize for Best Presentation with their innovative RC plane design, distinguishing themselves in a competitive field.

The NCC (Air) sporting teams also achieved remarkable success, a testament to their hard work and commitment. The Ultimate Frisbee team, comprising Aloysius Low (IC) (MN202), Kaeden Loh (FN202), Wang Zi Hao (LE201), Kyler Soh (LE202), Sundaram Paviesh (MN201), Jeremy Howe (LE201), Joel Han (MN202) and Jay Foo (MN201), earned third place at the National Level. Similarly, the Soccer team showcased their skills and teamwork, securing second place at the District Level. This team included Poh Le Yang (LE303) (IC), Syed Nizar Syed Nifraaz (LE303), Thet Htun Zaw (LE303), Ashley Tan (FN301), Nagarajan Rutharan (LE302), Shibu Limuel Abraham (FN302), Nathan Chia (FN301) and Otsuki Yusuke (MN302).

Beyond competitions, the cadets have actively engaged in Headquarters-led activities. Among them, Poh Le Yang and Ashley Tan took on the formidable challenge of climbing Mount Ophir, exemplifying physical endurance and resilience. Nicholas Lee Mangkuliono also represented

NCC Air at the National Camp, fostering camaraderie and teamwork among cadets from various Uniformed Groups.

In recognition of their exceptional leadership, the Unit Sergeant Majors, MSG Alson Mook and MSG Ariel Aiman (FN401), were each honoured with the prestigious Outstanding Cadet Award. Their contributions reflect the core values and high standards of NCC Air.

These accomplishments underscore the dedication and tenacity of the cadets, teacher-officers, and leadership. Together, they have set a benchmark of excellence, embodying the spirit of NCC Air and inspiring future cadets to uphold and build upon this legacy.

NCC Air Flag Party

National Cadet Corps (Land)

Engaging the public with a smile at the open house

2024 has been another exciting year for the SJI NCC Land unit, as cadets embarked on various learning journeys to develop fundamental military-related skills.

Selected Year 2 senior cadets successfully completed the environmentally challenging 1-Star Kayaking Certification course, with all participants passing and earning their certification. This accomplishment enables them to explore more kayaking activities in the future.

In addition to kayaking, all Year 2 senior cadets participated in the Introduction to Fire Movement course, where they learned essential skills, such as how to handle their weapons, move tactically, shoot, and work in pairs to take up firing positions effectively.

For the Year 3 cadet leaders, their training extended beyond modern techniques, as they were introduced to historical warfare. Guided by experts from the Bastion Historical European Martial Arts School, the cadets learned footwork, medieval swordplay, and ancient combat strategies, providing them with a unique perspective on military tactics.

Amid the wide range of military-related activities, the SJI NCC Land unit also demonstrated their discipline by performing in a sharp formation for the Anniversary Parade at the SJI Founder's Hall. Additionally, the cadets showcased their competitive spirit by participating in the Laser Run and organizing district games for the HQ NCC Sports Championship competition.

Through their varied experiences, our cadets have continued to develop leadership, teamwork and resilience. We eagerly anticipate another year of active participation and growth as the cadets continue their journey with SJI NCC Land.

Josephians get the show going

National Police Cadet Corps

SJI NPCC has had an outstanding year, achieving a Distinction in the Unit Overall Proficiency Award—the highest accolade recognising the Unit’s exceptional performance throughout the year.

In April, SI (NPCC) Ethan Seow (FN401), SI (NPCC) Ibramsa Idris Ahamed (FN401), and Jedidiah Eo Shuo (FN401) were honoured with the prestigious SPF-NPCC Badge, the pinnacle NPCC award, exclusively presented for exemplary leadership and performance over their four years in NPCC. Additionally, SSGT (NPCC) Muhammad Khalid Mohamad S Alkaf (MN403) and SSGT (NPCC) Raphael Cheng (MN403) received the Best Unit Cadet Badge, recognising their outstanding contributions and excellence within the Unit.

SJI NPCC actively participated in numerous inter- and intra-unit parades. A key highlight was the SJI Anniversary Parade, an important occasion shared by all five SJI Uniformed Groups (UGs) to commemorate the school’s anniversary and mark the student leader transition. Four selected cadets also took part in the National Police Annual Parade in April, celebrating the achievements and performance of NPCC units across Singapore.

The Unit also engaged in enriching experiences, such as visits to police establishments including the Police Heritage Centre and the Home Team Academy Gallery. In inter-unit competitions, SJI NPCC secured second place in a football competition hosted by St. Patrick’s School and participated in games competitions organised by Nanyang Girls’ High School and Raffles Girls’ School.

As part of the Police Youth Ambassador programme, SJI NPCC collaborated with Ray of Hope, Tampines Meridian Junior College students, and Kampong Java NPC in a unique initiative. Together with migrant workers, they learned about scam prevention, played games like badminton and dodgeball, engaged in art jamming, and shared a meal—fostering camaraderie and community spirit.

SJI NPCC has demonstrated unity and resilience, achieving excellence while serving the wider community.

Cadets after the NPCC Unit Training Camp

St Joseph's Pelandok Scouts

The Pelandok Scout Unit had an eventful and productive year in 2024, filled with activities that reflected the Scout movement's spirit of youth leadership supported by adults. From the outset, SJI Scouts were actively involved in a wide range of events, including organising the Year 1 UG Orientation Day, participating in camps such as Tenderfoot for new Scouts, Skills Training for Year 3s, and the Annual Unit Training Camp. They also took part in competitions organised by Scout HQ South Area, such as the Orienteering and Cooking competitions, and contributed to Values in Action (VIA) projects, including engaging with the residents of NTUC Health Nursing Home at Jurong Spring.

Scouts continued their regular volunteering efforts with NTUC Health Nursing Home, an initiative launched in 2023. During each session, Scouts from different patrols visited the home to interact with residents through conversations and games. This year, Scouts also began volunteering at Willing Hearts, a soup kitchen charity, assisting with food preparation and organising storerooms. Additionally, around 20 Scouts took part in the OneMillion Tree planting project at Spooner Road, organised by HQ Scout South Area and the National Parks Board. These activities provided valuable lessons in caring for nature and fostering empathy towards the elderly and underprivileged in the community.

Outdoor activities remain a key focus for the unit. Scouts engaged in traditional Scouting skills such as pioneering (building towers and bridges using bakau poles and lashings), outdoor cooking and hiking. The Scouts also conducted an orienteering activity at the Singapore Botanic Gardens.

This year, Scouts were encouraged to explore various proficiency badges, including Swimmer, Sportsman, and Small Holder. Patrols worked together to set badge targets, with many Scouts showing interest in badges related to Air Scouting.

The year culminated in 20 Year 4 Scouts receiving the prestigious Chief Commissioner's Award, the highest badge in the Scout Badge Progress scheme. Presented in September by the Singapore Scout Association, this achievement is sure to inspire younger Scouts to strive for excellence in their Scouting journey.

St John Brigade

The SJI St. John Brigade's (SJB) unwavering dedication and service exhibited by our cadets and officers have not only fulfilled our mission but also enhanced the reputation of both the Brigade and the school community.

This year, the unit's annual camp adopted a refreshed format, placing a renewed emphasis on bonding and teamwork. The camp was meticulously designed to foster a strong sense of team spirit among the cadets. Through a variety of challenging and collaborative activities, cadets developed their individual skills while strengthening their bonds with one another. This focus on camaraderie has resulted in a more cohesive and motivated team, better equipped to face future challenges.

Our cadets have also made the school proud by securing Championship titles in both the Ambulance Cadet and Ambulance Adult categories at the North District First Aid and Home Nursing Competition. This remarkable

achievement highlights the high level of competence and dedication of our cadets. Additionally, 11 of our outstanding cadets were honoured with the Chief Commissioner's Badge, recognising their exceptional contributions and commitment to the Brigade.

The SJI SJB was awarded the Gold Corps Achievement Award for the 19th consecutive year, a testament to our sustained excellence and commitment to service. This prestigious accolade reflects the hard work and dedication of all our teachers, officers, and cadets.

As we look ahead, the SJI SJB remains steadfast in its commitment to upholding the values of service and excellence. We look forward to continuing our tradition of living out our motto, "For the Service of Mankind," within the school and the wider community in the coming year.

Our very capable student leaders

Our bandsmen focused on doing their best during the Mutien Festival

Band getting ready for Papal Mass

The SJI Symphonic Band has had an exhilarating year, marked by numerous achievements that showcase their musical talents and dedication. This report highlights the band's key milestones across performances, competitions and community service.

The year began with a captivating performance at the prestigious Arts Alive event, aimed at introducing Year 1 students to the school's vibrant arts culture. The band's engaging performance not only entertained but also inspired many students to explore music and the arts. The Symphonic Band also served the school by playing at the Inaugural Assembly, Founder's Day, and Thanksgiving Assembly, adding to the solemnity of the Mass.

A standout moment for the band was their performance at Mutien Fest, an annual concert featuring all of SJI's performing arts groups. Their outstanding performance received widespread applause and praise, a testament to their hard work and commitment to excellence.

The Symphonic Band also made a significant contribution to the community through their participation in a VIA project with SINDA. The band members planned and conducted a music session for children, sharing their love of music while honing their leadership skills. This initiative allowed them to extend their impact beyond the school, using their talents to serve the broader community.

The pinnacle performance of their year came with their participation in the Combined Band performance during Pope Francis' visit for the Papal Mass at the National Stadium. SJI had the highest representation in the combined

band, further affirming the band's musical excellence and dedication. The band's preparation ensured an unforgettable experience for the 50,000-strong audience.

Throughout the year, the SJI Symphonic Band has demonstrated exceptional teamwork, leadership, and artistry. Their passion for music continues to inspire both the school community and beyond, as they strive for even greater heights in the years to come.

SJI Bagpipes & Drums

The SJI Bagpipes & Drums had a memorable and fulfilling year in 2024, marked by outstanding achievements and performances that highlighted their dedication, talent, and commitment to both music and tradition. One of the band's most notable accomplishments was their participation in the Singapore Pipe Band Championship 2024, where they won First Place in the Juvenile Band category and also clinched several individual awards in the solo categories. This success reinforced their reputation as a top-tier pipe band in Singapore and served as a testament to the hard work and discipline of each member.

In addition to competitions, the SJI Bagpipes & Drums showcased their artistic flair at various school events, such as Arts Alive and the Mutien Festival, where they captivated audiences with their performances. A highlight of this year's Mutien Festival was the band's innovative inclusion of a keyboard, played by one of the members, which expanded their repertoire and added a new dynamic to their sound. The band's performances were well-received, further solidifying their place as an integral part of the school's artistic community.

The band also played a key role in several official school functions, including the Inaugural Assembly and Founder's Day, where they led the ceremonial march-in of the school flag and colours. Their presence at the Annual Parade added a sense of grandeur and tradition, elevating the experience for all participants and spectators.

Honouring their Scottish roots, the band proudly participated in the annual St. Patrick's Parade, marching through the city alongside other pipe bands from Singapore. Additionally, they lent their musical talents to the Lasallian Dinner at One Farrer Hotel, further representing the school in the broader community.

Through these various performances and events, the band continued to exemplify musical excellence, school spirit, and the enduring tradition of Scottish pipe music.

All ready to participate at St. Pat's Day parade!

SJI Guitar Ensemble

The Guitar Ensemble’s performances at the Open House and Mutien Festival in 2024 were not just about music but the growth and collaboration of its members. From seniors stepping into leadership roles to juniors contributing behind the scenes, each student experienced personal and musical growth within the ensemble.

Keon Lim (FN101) participated in the Mutien Festival as a Student Ambassador. Reflecting on the experience, he shared, “It was not just about the melodies played by the seniors; working behind the scenes made the event a success. Helping out as a Student Ambassador gave me a chance to be part of the action while enjoying the performance.”

For Izac Lee (FN201), a newly – promoted member of the Senior Ensemble, Mutien was a significant learning curve. “Moving to the Senior Ensemble felt like a big change,” he said. “It wasn’t just about learning a new piece but about teamwork. We spent weeks preparing, helping one another with the score, and breaking down parts. It was intense, but we were all in it together.”

Dexter Lee (FN403) reflected on his final performance at the Open House as part of the graduating cohort. “This was the last note I’ll play with the ensemble,” he said. “Mutien may not be as big as SYF, but it holds memories just as meaningful. I stayed to perform because this CCA is not just about playing the guitar – it’s about sharing the art.”

Outgoing President Isaac Soh (FN402) encapsulated the essence of leadership within the ensemble, noting that “Leadership was more about the people I was with than the title. Overcoming challenges wasn’t a solo effort – it was about being surrounded by peers and juniors who were just as dedicated.”

These students’ stories reflect the camaraderie, growth, and passion within the SJI Guitar Ensemble, making it a place where music and community come together to shape Josephians for life.

In 2024, the SJI Vocal Ensemble (VE) continued its harmonious journey, blending tradition and innovation to create a season of unforgettable performances. With more than 70 talented singers from Year 1 to Year 4, the choir is a vibrant, dynamic community that thrives on a shared passion for music and the SJI spirit of brotherhood. The choir's voice resounded through the school, starting with Inaugural Ceremony and Founder's Day, where their melodies set the tone for these significant moments.

At the SJI Open House, the choir performed for parents and Primary 6 students eager to join the Josephian family in the coming year. Their performance was a resounding testament to their talent, inspiring the next generation of Josephians with harmonious melodies and showcasing the vibrant culture of the school.

The VE's talents extended beyond the walls of the institution. At the biennial Mutien Festival, the choir captivated a broader audience, showcasing both artistry and cohesion.

Their diverse repertoire tested their vocal prowess and featured lively choreography. The choir's harmonized voices formed a symphony of skill, discipline, and passion, truly embodying the essence of a refined choral group.

As part of their Values In Action (VIA) project, the VE members volunteered at Willing Hearts, actively participating in the preparation and distribution of meals to individuals struggling with food insecurity. Through this hands-on initiative, the students not only contributed to alleviating hunger within the community but also gained valuable lessons in empathy, teamwork, and the significance of service.

Throughout the year, each performance was a step forward in their musical journey, one built on unity, perseverance, and an unwavering commitment to excellence. As they look forward to the next step on stage, the SJI Vocal Ensemble will hope to continue to shine within and beyond the walls of their institution.

SJI Drama

2024 has been a remarkable year for the Drama Club. The Club reached out to potential Year 1 members through Arts Exposure and Arts Alive. From January to May, the Club channelled its energies into Drama Night, a biannual showcase of its members' unique strengths in scriptwriting, directing, acting, sound and music, lighting and props creation.

The theme for Drama Night focused on the triumph of hope. Two original plays were staged. The Merger, a rap musical written by our Drama President, David Chong (LE401), was based on the events surrounding the merger of Singapore and Malaysia. Our Creative Head, Patrick Nott (ML403), wrote Part of You, a reflective piece that centred on the protagonist overcoming personal struggles and ultimately emerging victorious. It was a resounding success.

In Term 3, the SJI Drama also participated in the Mutien Festival, a biannual event showcasing the unique strengths of SJI's performing arts groups. The short play staged was centred on the Festival's theme of belief. The play, written by Jai Panchmatia (FN301), focused on a young writer's journey to success.

Apart from staging performances, the SJI Drama also put into practice the Josephian values of Faith, Service and Community through Values in Action activities at Calvary Community Care Centre and Lakeside Community Care. At both centres, Year 2 and Year 3 members engaged primary school students through drama-based activities

and performances. This was a heartwarming and fulfilling experience, and the club hopes to continue to engage the community through such efforts.

To deepen members' understanding of dramatic forms, conventions, and techniques, they watched Titoudao, a play by esteemed Singaporean playwright Kuo Pao Kun. This was the first time the Club had watched a professional stage performance in a non-school setting. Members were enriched through exposure to wayang, one of the oldest traditional theatre forms, as well as the use of different languages and dialects, and sophisticated sets.

Celebrating the success of Drama Night

Chinese Cultural Society

In 2024, the Chinese Cultural Society (CCS) actively engaged in a range of initiatives aimed at celebrating and promoting cultural identity through enriching and meaningful experiences.

In March, Joel Lim (MN201) attended a Public Service Advertisement Workshop, organised by CPCLL, SPH, and FM100.3 radio station. Under the guidance of industry professionals, students had the opportunity to explore their creativity in writing and producing public service advertisements, with a particular focus on the theme of "Addiction." Participants also learned techniques to effectively engage listeners through voice modulation.

In April, the CCS participated in the prestigious "Script It Right" Chinese Radio Drama Script Writing Competition, organised by the Committee to Promote Chinese Language Learning (CPCLL). Out of 664 participants from 62 schools and 292 entries, the CCS submitted six scripts and secured two Consolation Prizes and an Outstanding Script Award. The winning script by Oon Jun Da Jaren (ML302) was broadcast on UFM 100.3 throughout July, providing members with valuable insights into the world of radio drama.

In May, five CCS members took part in the Voice Talent Training Camp, also organised by CPCLL, SPH, and FM100.3. The participants were excited to develop their radio drama performance skills and had the opportunity to record in a professional studio setting.

In Term 2, CCS members broadened their understanding of Chinese culture by learning Wushu under the instruction of skilled trainers. In Term 3, members explored the art of Chinese drumming. Over three sessions, they learned various drumming techniques, culminating in a performance of "Rolling Walnuts."

Through these diverse activities, the Chinese Cultural Society fostered a strong sense of cultural pride and personal growth.

Indian Cultural Society

TL Camp 2024

A highlight of the year was the annual Indian Cultural Society (ICS) overnight camp in May, which provided students with extensive cultural exposure through engaging activities such as traditional games, trivia, and workshops on Indian instruments. The camp also featured an Amazing Race and film screenings, offering a well-rounded experience of Indian culture.

The ICS EXCO members played a key role in planning these activities, including cultural presentations that fostered a deeper understanding of the Tamil language. Students were also encouraged to conduct research and create presentations during ICS sessions, further broadening their appreciation of Tamil language and culture.

Mother Tongue Fortnight was organised in September aimed to impart mother tongue-related skills to students

through specialised activities: Year 1 students learned the traditional Indian martial art Silambattam, Year 2 students participated in a Tamil drama workshop, and Year 3 students honed their Tamil interview skills.

A group of Year 4 students from ICS also represented the school in Sorkalam 2024, a Tamil debate competition. After attending workshops and receiving guidance from teachers, they successfully clinched first place, demonstrating their mastery of effective argumentation and debate techniques.

Additionally, ICS members from all levels took part in various Tamil competitions, such as Avaiyar Vizha 2024, My Journey as a Reporter, and Kamban Vizha 2024. With determination and support from teachers and competition ICs, many students won prizes in their respective categories, further showcasing the talent and dedication of the ICS members.

Malay Cultural Society

This year, the Malay Cultural Society (MCS) focused on enhancing student participation in national competitions and events. The SJI Malay Language Debating Team delivered an outstanding performance in the National Debate Competition Final (Secondary), held on 2 March 2024. The team, consisting of Ariel Aiman (FN401), Amir Hamza (LE402), Mario Sebastian (FN302), and Gerald Aurelius (FN301), secured the Championship Trophy, defeating Madrasah Aljunied Al-Islamiah in the final. As a double triumph, Ariel Aiman was awarded both the Best Speaker Award in the final and the Overall Best Speaker Award for the debate season. The event, organised by the Malay Youth Literary Association (4PM), saw participation from 21 schools.

In another notable event, Ariel Aiman was invited to join a team of celebrities for the Bahas 4PM Selebriti debate, held as part of the M3 Youth Festival 2024. This event was organised by 4PM in collaboration with the People's Association (PA) and took place at Wisma Geylang Serai on 6 July 2024. Aiman's team emerged victorious in the debate.

In the Inter-Secondary Schools Translation Competition, organised by National Junior College on 18 July 2024, SJI was represented by Gurjustin Chico Singh (LE303) and Wylsen Steven Xu (FN301). Out of 26 participating schools, the team achieved a commendable 6th place.

Rafiq Rizqi (FN203) and Ariel Aiman (FN401) also participated in the prestigious National Malay Oratorical Competition,

'Saya Boleh Berpidato,' organised by the Malay Language Centre NUSA. Both Rafiq and Ariel advanced from the preliminary rounds to the finals, held on 29 July 2024, and ultimately won their respective categories.

The MCS is also proud to acknowledge the appointment of Zachary Mathew (LE301) and Ahmad Bin Mohammed Fahmy (FN302) as Rakan Bahasa for Bulan Bahasa 2024, by the Malay Language Council.

A proud moment for Ariel Aiman

Design & Innovation Club

The DI Club began 2024 by organising its students into four “Areas of Focus”: Coding, Making, Drone, and Robotics. The Coding and Robotics groups typically trained on Mondays, while the Making and Drone groups met on Fridays. Year 1 students were warmly welcomed with a specially designed Orientation Games session, aimed at fostering camaraderie and encouraging interaction among new members.

Throughout the year, students actively participated in a variety of competitions, including:

- First Lego League
- SAFMC Cat C2
- IDE (Sumo, Coding, and Making)
- H2GP (Hydrogen Grand Prix)

Several students also had the opportunity to join external programmes such as the Swift Accelerators Programme, Sentinel Programme, and the Scratch Olympiad, further enriching their skills and experiences.

Notably, 2024 saw the DI Club participate in two new competitions: the SAFMC Cat C2, a first-person view (FPV) drone racing event, and the H2GP, a hydrogen-powered remote-control car racing competition sponsored by Chevron. In the H2GP, students showcased their technical expertise by competing in a 4-hour endurance race with their hydrogen-powered cars.

In addition to competitions, the club introduced a Leadership Programme to develop students’ leadership skills. Year 2 students were entrusted with responsibilities to mentor their peers, including Year 1 students. This programme covered essential skills such as communication, leadership, delegation, and strategic planning, equipping the students to take on greater challenges in the future.

The DI Club’s multifaceted approach to education has successfully blended competition, leadership development, and community engagement, providing students with a holistic and enriching experience.

Southern pinwheel galaxy

Earlier this year, the Astronomy CAS collaborated with Beacon CAS to organise “Picnic Under The Stars,” a fundraising event supporting ItsRainingRaincoats, a charitable organisation aiding migrant workers in Singapore. The event allowed students to stargaze, share a meal, and enjoy time with friends. The large turnout reflected the enthusiasm and willingness of Josephians to contribute to their community.

After months of theory sessions led by the Y6 EXCO to familiarise Astronomy members with key content, six teams, composed of Y5 and Y6 students, participated in AstroChallenge 2024, an annual competition hosted by the National University of Singapore and Nanyang Technological University during the June holidays. Participants designed and presented posters based on their chosen inquiry questions and had the opportunity to explore presentations from other schools, gaining valuable insights into astronomy.

The incoming Y5 EXCO members also attended the School Astronomy Networking Dinner, organised by Astronomy—SG. At this event, they discussed potential collaborations with other astronomy clubs across Singapore and made valuable connections with representatives from institutions like Singapore Polytechnic and NUS School of Science and Technology. Other school activities included Astronite 2024, hosted by Raffles Institution.

Participants from AstroChallenge 2024 showcased their posters, and attendees enjoyed astronomy-themed games like Charades and Jeopardy. The event concluded with a stargazing session, during which students from different schools shared equipment and exchanged knowledge on practical astronomy.

These events allowed members to connect with fellow astronomy enthusiasts and build meaningful relationships with peers who share their passion.

Coding & Technology

The Coding & Technology CAS has made remarkable strides, fostering the expertise of its members across diverse disciplines and offering a platform for deep, self-motivated learning.

Our weekly sessions, complemented with newly established interest groups, have enabled a T-shaped learning approach, encouraging both breadth and depth in members' chosen fields. This year alone, we've delved into an impressive array of topics, including machine learning and AI, website development, game development, data science, and 3D design.

Our mission is to equip members with the knowledge and skills needed to contribute meaningfully through technology, preparing them to be future-ready. For example, the Mahalo Interactive Map project challenged members to develop an interactive map for the school's Mahalo Carnival. Additionally, our members developed and continue to maintain the IB Open House Website, providing a digital platform for the community to explore SJI. The 2023-2024 EXCO also organised a Zotero workshop, attended by over 200 SJI students, to familiarise them with using Zotero for efficient bibliography management.

Many of our members have also participated in competitions across various domains, such as programming, cybersecurity, and machine learning. Notably, our team "whysji" emerged as champions at DSTA Brainhack 2023, winning Best MVP and 2nd Best Design in the CODE_EXP event, where they developed a React Native mobile application that leverages AI to connect students and counselors.

These projects and competitions have served as a springboard for interdisciplinary work, enabling our

members to create a broader positive impact within the community.

The Coding & Technology CAS has had a transformative impact on its members, providing them with the tools and experiences needed to excel in the ever-evolving world of technology, while also using their skills to benefit the community at large.

Debate Society

Every Tuesday, SJI's Debate Society engages in critical discussion and discourse about important and contemporary global issues, debating the best governmental systems, the efficacy of political correctness, and gender inequality. Debate CAS provides an environment of trust and mutual respect where students can enhance their communication skills and critical thinking in a safe and fun manner.

Led by our coach, SJI debaters are individuals sharing a common interest in the art of persuasion and the structured science of logic. Students can improve their skills in discourse, concise communication, public speaking, and time management, as well as providing them with knowledge about various sociological, political, economic, and philosophical issues.

This year, the Debate Society participated in several competitions, including NUSPA, DEDO, and the yearly inter- varsity competition organised by University Technology Malaysia, where Josephians were able to debate against university teams from around the world.

A notable achievement this year was when our contingent from SJI broke into the quarterfinals at the 2024 MOE ACJC intercollegiate debating championships. Aarush Nair (LE607), Gabrielle Janine Dairianathan (MN618), Fan En Rui (LE610) and Rajavel Rahul (LE510) worked together and put up a valiant effort. SJI was also proudly represented by Rahul, who was awarded third-best speaker.

Ultimately, debaters acquire skills that stay useful even after their competitive debating days are finished. People who participate in debate club activities can articulate their thoughts during interviews, showcase a professional demeanour, and effectively communicate their ideas and skills.

The Debate Society continues to strive for excellence, engaging their debaters in inter-school spars with schools such as NUS High School. With "Illuminate 2024" in the works, we look forward to more opportunities to spar and compete with other schools.

Isaac (MN517) and Emma (MN517) after planting a tree

In 2024, the Ecology Club participated in various activities, both external and within the school. To commemorate Earth Day, the Leftover Food Competition was introduced. Participants were tasked with crafting delicious dishes that minimize food waste and have the lowest possible carbon footprint. Students were mindful of resource usage, striving to create their dishes using minimal electricity and water, further contributing to the competition's sustainability goals. The event showcased the culinary creativity of our students while also promoting important messages about environmental stewardship.

Additionally, the club attended a workshop at the Asia-Pacific Centre for Environmental Law (APCEL), NUS Law. This workshop gave members valuable insight into environmental law while emphasising the importance of law in achieving environmental justice.

As part of the OneMillionTrees movement, 15 members from the Ecology Club participated in a tree planting event on the state land near Moulmein Goldhill Community Garden. Organised by the People's Association and NParks, it is part of the OneMillionTrees movement – a nationwide campaign dedicated to planting an additional million trees across Singapore over a decade. The activity provided a hands-on experience for the students, allowing them to play an active role in environmental conservation and urban greening.

Two students, Nithil Chakravarthy (FN505) and Jedediah Conceicao Lau Jia Wei (FN505), represented SJI in the prestigious Don Bosco Global Youth Film Festival (DBGYFF). The annual festival focuses on encouraging, educating, and empowering young people through the powerful medium of film. Jedediah and Nithil's work, "I Have a Dream: Youth & Climate Change – Making Mother Earth Cleaner & Greener", beautifully depicted the natural world they wished to preserve, blending striking visuals of nature with a heartfelt poem that expressed their hopes for a cleaner, greener planet.

Film Club

The club started 2024 with introductory film sessions by Year 6 members on multiple aspects of filmmaking for its members, introducing topics such as shot composition and editing. The club also invited Guest Speaker Baha from Baha Video to impart knowledge on filming an Interview, as well as his experience with the local entertainment industry. These sessions provided invaluable filmmaking skills to the incoming club members, laying the groundwork for future endeavours in the club's film production.

Film Club members have had a multitude of opportunities to test out their skills through filming various school events, including SJI's Cross Country, Founders' Day and National Day Celebrations. The club also assisted in producing videos for different school activities, such as Concert Under The Stars (CUTS), Macbeth Soliloquies for Literature Festival 2024, SJI's Learning Festival Prelude Interviews, the Antigone

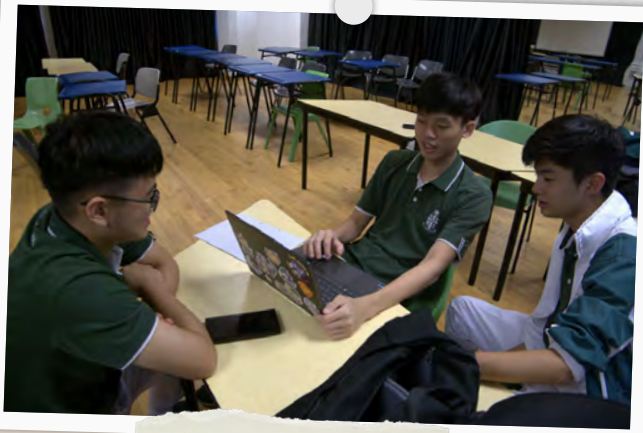

Play by ELL501S, and the Teachers' Day Comedy Video. These experiences have allowed members to both hone their filmmaking skills, as well as capture memories for the community to look back on in the future.

Club members have also participated in multiple filmmaking competitions thus far, including the Don Bosco Global Youth Film Festival 2024 and the #YouthAgainstScams Video Competition by SPF. These endeavours acted as a stimulus for creative thinking, prompting members to consider the different aspects of film to express emotions and share messages within the community and beyond SJI.

With many more projects down the road, SJI's Film Club looks forward in continuing to hone members' filmmaking and videography skills, allowing them to effectively capture memories and artistically express themselves through film.

Literary Society

The SJI Literary Society is a vibrant community dedicated to fostering a love for literature and creative expression. Our members, drawn from Years 5, share a passion for the written word and the power of storytelling. Through a diverse range of activities, we aim to inspire, engage, and empower our members to explore the depths of their creativity.

This year, the Literary Society has experienced significant growth, marked by a surge in creative output and a renewed sense of literary enthusiasm. A highlight of the year was the inaugural Creative Writing Competition, which attracted submissions from Years 1 to 6 across various genres, including poetry, short stories, and scripts. This competition showcased the immense talent within our community and provided a platform for young writers to share their work.

A key initiative this year was a series of six-month creative writing workshops conducted by the esteemed spoken word poet, Jennifer Anne Champion. These workshops provided invaluable guidance and inspiration, equipping our members with the tools to refine their craft and develop their unique voices.

We are immensely proud of the progress made by our members, and we are committed to nurturing their literary aspirations. We encourage all our writers to continue exploring their passions and to strive for excellence. Whether it's through writing for personal enjoyment or aiming for national recognition, the act of writing is a journey of self-discovery and artistic expression.

We believe that writing is not merely a skill but a powerful tool for self-reflection, empathy, and social change. By fostering a love for literature and creative writing, we hope to contribute to the growth of the literary arts at St. Joseph's Institution and beyond.

Mathematics Club

The Mathematics Club's 2024 journey has been marked by exploration, collaboration, and achievement. Our weekly Math-jamming sessions continued to serve as a dynamic space for engaging discussions, where members delved into advanced mathematical concepts, sharpening both their understanding and presentation skills. These sessions fostered a culture of intellectual curiosity, as members explored the connection between theory and practice while developing effective communication skills.

In addition to our regular sessions, the club focused on enhancing support for the broader school community. In April, we organised a Graphic Display Calculator (GDC) workshop for Year 3 students, equipping them with key GDC skills for their studies. To further extend our reach, we planned and launched an Instagram account, carefully curating content to provide peers with GDC tips and timely reminders on mathematical topics. The account began with a series on Internal Assessments (IA), aimed at guiding Year 5 students through their IA projects. The EXCO worked diligently to ensure the account was a useful resource, balancing accessibility with valuable mathematical insights.

To foster a love of mathematics in younger students, EXCO members also planned and executed an engaging post-exam activity for Year 3 juniors. This online mathematical game allowed students to apply their problem-solving skills in a fun, competitive environment. Selected participants advanced to the Golden Bell Competition, where they showcased their quick-thinking and mathematical aptitude.

The club's efforts extended to facilitating participation in prestigious competitions. SJI earned a Distinction Award at the international TI-Nspire Mathematics Competition. In the International Mathematical Modelling Challenge (IMMC), our teams received one Merit and one Distinction Award. Finally, our team secured a Merit Award in the Singapore International Mathematical and Computational Challenge (SIMC 2.0), against stiff competition from top global schools.

This year's successes reflect the club's dedication to fostering collaborative problem-solving and mathematical innovation.

Photography

Photography CAS at SJI offers students a platform to explore their passion for photography while developing a range of nuanced skills and techniques. Through workshops, practice sessions, and events, members are provided with diverse opportunities to refine their abilities across various photographic styles.

The CAS covers major school events, from Sports Day and Cross Country competitions to celebrations like Racial Harmony Day, Teachers’ Day, Mutien Festival, and National Day. In July, the Photography CAS set up a photobooth at the Mahalo Carnival, capturing moments for students, alumni, and families.

In August, the 2024-2025 EXCO invited professional photographer Mr Wesley Loh from Memphis West Pictures to lead a workshop on portrait photography, emphasising its ability to tell stories. Members practised creative portraits, receiving valuable feedback from Mr Loh, which helped both beginners and experienced photographers enhance their work. These sessions fostered creativity while providing a space for members to bond through shared experiences.

The CAS caters to photographers of all skill levels and explores a variety of genres, including portraiture, event photography, light painting, street, and food

photography. Experienced members also conducted exciting workshops, such as one on wildlife photography, imparting valuable lessons not just on technical skills but also on patience and perseverance.

Collaborations with other CAS groups also add an enriching layer to the programme. In October, Photography CAS partnered with Astronomy CAS for a unique stargazing and light painting event blending artistic creativity with scientific curiosity. This collaboration created lasting memories and strengthened connections across the CAS groups.

National Day Celebration

Pre-University Seminar

The Pre-University Seminar 2024 is a conference dedicated to fostering dialogues between youths on Singapore's development, national identity and values, and how these variables are shaped by the ever-changing geopolitical landscape. Hosted by Dunman High School, the seminar gave students from SJJ the opportunity to deepen their understanding of national issues and ideate policies to resolve them.

The seminar consisted of a 4D3N residential stay in the National University of Singapore. The Opening Address was delivered by Mr Desmond Lee, the Minister of National Development, where he spoke about the importance of engaging youth in issues of national concern, as well as the significance of the theme this year, 'Forging Our Way Forward'. The seminar placed a key focus on the importance of sustained and effectual progress in our nation's development in various aspects. Following this address, the seminar included a series of programmes, such as dialogues with experts from the private and public sector, as well as learning journeys.

Amidst the wide range of programmes planned, one key aspect that struck the students was the sharing by Professor Elvin Lim, who shared insights on the increasing necessity to develop the skill of thoughtful questioning. In an age where resources and information are abundant, the main priority students were encouraged to develop was how to ask the best questions, as opposed to having the answers. The seminar culminated in a showcase of students' proposed solutions to national challenges, as well as a closing address by Mr Chan Chun Sing, the Minister for Education, who shared the importance of staying relevant and competitive in preparation for an increasingly volatile global climate.

Through this experience, students were able to gain a deeper understanding into the prevailing contexts in Singapore through self-directed research and engagement with industry experts. The seminar provided a platform for students of diverse backgrounds to share their perspectives and propose solutions which pave the way for the strengthening of our social compact in the future.

Rock-A-Cause

Bringing joy at Teacher's Day

Rock-A-Cause (RAC) members form bands and ensembles, performing music of diverse traditions, styles, and genres. Through peer-learning, band rehearsals, and group performances, a strong spirit of collaboration and teamwork is fostered throughout the CAS.

Throughout the year, bands practise and rehearse to refine their ensemble skills and hone their musical performance. In July, Prism CAS and RAC worked together to hold a series of performances for the Song Dedication event where funds were raised for and donated to the Migrants Workers Centre. Two of the RAC bands performed, while the members of the CAS assisted to help with the equipment and logistics.

The RAC also played a very visible part in SJI's 2024 Carnival Mahalo held in July, hyping up the atmosphere with more than 7 band performances. Fund-raising through song dedication also happened, with the Migrant Workers Association in Singapore as the beneficiary. In October, RAC bands participated in Beacon's Concert Agape. The bands helped to make the event possible, completing a lineup of talented acts and performances that made the concert a success.

Other performances by the RAC include SJI's Teachers Day celebrations, where an RAC band dedicated two songs (selected by teachers) in honour of and gratitude to our teachers.

Science Club

2024 marked another year filled with exciting and enriching activities, as Science Club continues to push the boundaries of scientific discovery and learning within the school community. Carrying on the tradition of conducting unique experiments, members had the opportunity to plan and conduct electroplating reactions, allowing them to develop key laboratory skills and practices, as well as introducing them to potential industrial applications of their knowledge.

Additionally, the Club actively encourages exploration beyond the syllabus through dedicated member sharing sessions on various reactions, such as the Belousov-Zhabotinsky reaction, an oscillating reaction with variable periods, or on the production of carbon nanoparticles, which have found use in cancer treatment. On the side of Physics, members have presented on the ever important alternating to direct current conversion through the use of capacitors, providing communities with the electricity that runs the world. These sharing Club sessions promote discussion and collaboration between members, effectively simulating a real-life scientific environment for their experience.

Science Club hopes to continue its mission of engaging the community with even more fun and enriching experiences in scientific learning, beyond the confines of the classroom. This includes intriguing experiments, such as the Laminar Flow and Traffic Light reaction demonstrations, which aim to expose members to real-world problems and to the

innovative applications of concepts to solve them. This also has the added benefit of granting first-hand experience and greater familiarity in laboratory procedures, as well as the use of chemicals such as buffer solutions that require higher application of members' knowledge.

Aside from practical experiments and theoretical sharings, the Club also hopes to deepen our connection with the scientific community outside of school. Through conducting experiments, we aspire to expose the youth to the global scientific landscape by looking at research papers and forums.

SJI Science Club is excited to build on its legacy of fostering curiosity, promoting collaboration, and creating a lasting impact for both our members and the world of Science.

Society of International & Current Affairs (SICA)

SICA (Society of International Current Affairs) members actively participated in and excelled at various Model United Nations (MUN) conferences in Singapore, engaging in discussions and debates on pressing global issues. Their dedication and exceptional abilities earned SJI's delegation awards, including Best School Delegation and individual accolades, despite strong competition from top schools.

At the Singapore Model Cabinet 2024, Ryan Tan Sen Gin (LE606) and Ray Khoo Yong Ler (ML614) achieved Outstanding Representative for Cabinet C, representing the Monetary Authority of Singapore.

At Singapore MUN 2024, Akshath Balakrishnan (FN502) received an Honourable Mention, while SJI won the Best School Delegation Award at the International Model United Nations Conference (IMUNC) 2024. Other achievements include Aiden Chee Jeun Hang (FN501), who received a Verbal Commendation in the Disarmament and International Security Committee (DISEC); Elliot Navon Yu (LE509), awarded Honourable Mention in the International Monetary Fund (IMF); and Ethan Gabriel Yu (MN520), named Outstanding Delegate in the House of

Commons (HOC). Aarav Malik (LE508) earned Best Delegate and Best Position Paper in the IMF.

SICA members also attended a Counter-Radicalisation workshop conducted by the Ministry of Education (MOE) and Ministry of Home Affairs (MHA). This workshop enhanced their awareness of radicalisation among youths in Singapore, which they shared through a presentation to the Year 5 and 6 cohorts. In addition, members moderated the annual SG-Perspectives talks, featuring Senior Minister of State Zaqq Mohamed for Year 6s and Ambassador A. Selvarajah from the Ministry of Foreign Affairs (MFA) for Year 5s. Selected members also joined a small group discussion with Ambassador Selvarajah, gaining valuable insights on foreign policy and geopolitics.

The year concluded with the annual SJI Model United Nations (SJIMUN). Open to Year 3 to Year 5 delegates, the conference introduced creative councils, from the Mongol invasion of Kievan Rus to global responses to Kaiju attacks. This lighter approach encouraged delegates to negotiate and collaborate in a more relaxed yet engaging setting.

Visual Arts

The Visual Arts Club (VAC) is a creativity CAS that provides students with the opportunity to learn art making skills and mediums as well as to lead and serve through community art projects. For 2023–24, the art making modules were designed and facilitated by the EXCO led by President Ng Yu Tong (ML613), Vice-President Xu He (MN617), Jeff Chan (LE610), and Keagan Goh (ML613).

VAC conducted art making sessions to learn about mediums such as digital art making, pen illustration and clay, explored concepts such as impressionism, and learnt how to build dioramas. It is particularly noteworthy that this year's VAC explored the bonds of community, and this allowed the EXCO to embark on two service projects: Origami folding at at Kwong Wai Shiu Hospital @ Potong Pasir (KWSH), where students from VAC and Fidei came together to teach origami to the elderly, and CURATE!, a collaborative inter-school Art programme to connect passionate students with keen interest in the Arts to experience the joy of art-making and curation.

Origami folding at KWSH is a collaborative programme with Fidei groups that encourages the joy of art-making through service to the community. Together, they prepared and conducted origami art making sessions for the elderly community. Through this, the VAC team broadened their perspectives of art and service, and developed a deeper awareness of society, and empathy for the elderly. The project saw different levels coming together to lend their time to teach the elderly origami.

CURATE! saw the VAC members working together with students from other schools as well as curator mentor, Daniel Chong, to put together an inter-school art exhibition. They worked on curatorial projects, mentorship and participated in art workshops. Through this, the VAC team hopes to inspire a deeper understanding of society, community, leadership and service through art.

Badminton

The Badminton CAS is a recreational and modular activity CAS that aims to introduce the sport to beginners. This Activity CAS teaches members the rudimentary skills and strategies in Badminton. Above and beyond, members are encouraged to appreciate the value of teamwork and tenacity.

During the weekly two-hour training sessions, badminton members are able to learn the essential skills of badminton under the guidance of our two badminton coaches. These skills include footwork, which teaches the members to move efficiently and strategically around the court, as well as the backhand and forehand serves, lobbing, and lifting. These drills help members reinforce their learning and allow them to put it into practice for friendly matches. Additionally, these drills are also opportune for the Badminton members to develop their physical abilities and improve their stamina as it challenges them both physically and mentally.

A key aspect of the Badminton CAS is its members. In addition to developing technical skills, members are encouraged to forge and strengthen connections. By engaging in gameplay with fellow members, they are able to connect with new people and enjoy themselves at the same time. Through these friendly matches, Badminton members are able to build teamwork and establish good rapport with one another. Moreover, they also develop sportsmanship which can be seen at the end of these matches.

Lastly, the badminton CAS aids its members in achieving personal growth. Members become more resilient after each rigorous training session. After several sessions of honing their skills, when members find themselves able to perform a complicated serve, or defend against an attack, they would feel a swell of pride over their accomplishment. Looking back, members would be able to see their growth. This newfound mastery extends beyond the court, as members can realise their capacity to learn, grow and succeed in other endeavours as well.

Basketball

Captain Min Khant goes for a shot at the National School Games

The A-Division Basketball boys team embarked on the exciting journey of heading to the National School Games after welcoming their new members on board at the start of the year. In spite of the many challenges they faced, they trained and played hard as a team, honing their skills with dedication every week and late into the evening. Together with their coach, they learnt to communicate with and rely on each other and showed dedication and commitment in the demanding run-up to the season.

In the preliminary round, they fought hard and won a significant match against their opponents, showing that in spite of the challenges they faced, they had made marked progress and have demonstrated the drive to continue to improve. Their perseverance in the face of injuries and the demands of the training in preparation for the Games was a clear testament to their love for the sport and their commitment to their team.

Dance

Throughout 2024, Dance CAS members had the privilege of participating in various events to develop their potential and strengthen their connection with fellow dancemates. Highlights of the year included performances for Teachers' Day and SJI's Carnival Mahalo, where dancers showcased their passion for various dance genres, from Girl Style to Hip Hop.

The CAS has been fortunate to have multiple platforms to exhibit the members' enthusiasm and devotion, each offering a valuable opportunity to engage with different audiences. These varied settings were greatly appreciated and have contributed to the dancers' visibility.

These performances, however, did not come without significant hard work. Behind the scenes, the dancers were dedicated to intensive training and refining their dance techniques. In addition to regular practice sessions, Dance scheduled external

practices to ensure performances were of high quality and met the highest standards. It was truly gratifying to witness the culmination of the CAS's commitment, translating their efforts into vibrant performances.

Dancers were also encouraged to express their creativity during training and performance preparations by being actively involved in choreographing routines and designing costumes. This exchange of ideas, driven by a shared passion for dance, built a strong team dynamic. Training sessions fostered a sense of community and mutual support, with members always looking out for one another.

These collective experiences have allowed the team to mature as dancers and grow together, strengthening their bonds with one another in the process, creating a rewarding experience for all individuals involved.

Dragon Boat

Throughout 2024, SJI Dragon Boat stood as a testament to Josephians’ resilience and mental fortitude, where athletes dedicated their time and effort to both land and water training sessions. These rigorous practices nurtured camaraderie and discipline within the team, pushing the athletes to their limits while honing their physical abilities as a team.

On 24 May 2024, the SJI Dragon Boat team competed against seasoned teams across the country in the National School Games (NSG) at Kallang, a tenacious yet rewarding season, representing the school in the A-Division Boys’ and Girls’ 200m categories. After months of demanding training, the races tested not only the physical strength and stamina of the rowers but also their ability to work under pressure. The Girls’ Team earned a hard-fought Third and Fourth Runners’ Up position, showcasing their dedication and teamwork. Though the Boys’ Team gave their best effort, they did not secure a placement this year but left with valuable lessons that will fuel their future growth.

On 27 July, the Year 5 team entered the DB12 Singapore Youth Mixed category at the annual Pesta Sukan held at Kallang Reservoir. This competition brought fresh challenges, as the team faced off against seasoned opponents from all over the country. With steely focus and teamwork at the forefront, the athletes pushed through the fierce competition, demonstrating their unwavering spirit as they contended with the nation’s best.

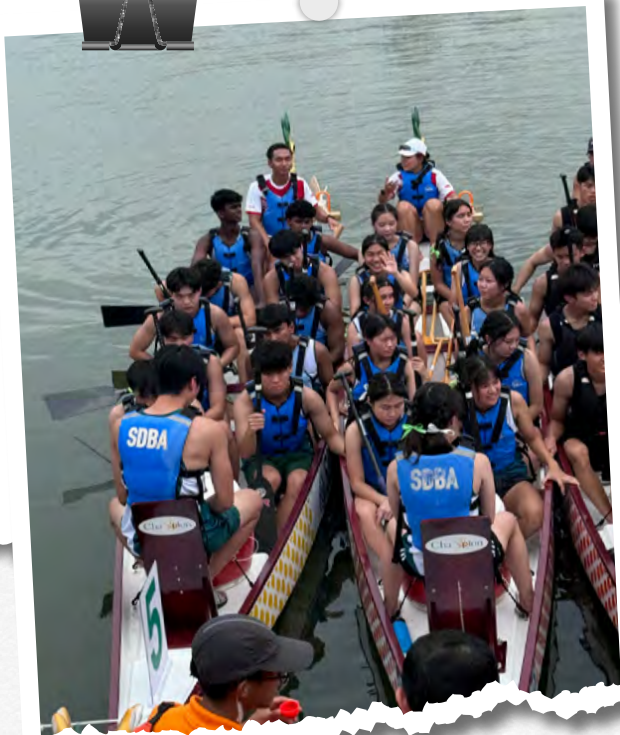

Through each challenge and every triumph, the SJI Dragon Boat team continues to grow together, fostering the discipline and unity that strengthens both their sporting abilities and their Josephian character.

Football (Girls)

In 2024, the A-Division SJI Football Girls' team competed in the National School Games (NSG). The competition season was rigorous, and although the results did not meet the team's expectations, it was an invaluable learning experience. During the season, the team realised that football was not only a test of endurance and skills, but also one of resilience, sportsmanship and the ability to bounce back in the face of adversities.

A significant opportunity came by when the team had the chance to train and play against the Hougang United Women's Team. Being exposed to higher levels of game intensity in a professional setting deepened the team's understanding of game dynamics, as well as the competitive demand of the sport. To end off the training session, the Hougang United Women's Team kindly opened the floor to a question and answer session which allowed for the SJI team of girls to clarify doubts, gain valuable insights and spark motivation for the sport.

Despite comprising mostly beginners, the team worked tirelessly twice a week, striving to improve their skills to fight against the stronger, more experienced opponents. It was heartwarming to see many players displaying their passion and staying back after training to work on their technique, supporting one another in the process. Moreover, the several friendly matches interspersed with regular training sessions cultivated communication skills, teamwork and determination among the team, whilst gaining a better understanding of game strategies.

The team looks forward to an enriching year in 2025.

Ultimate Frisbee

In 2024, the Ultimate Frisbee CAS experienced a dynamic year, marked by achievements in competitions, community outreach, team development, and leadership growth.

The team participated in the Inter-Junior College Games from 18 – 19 May, where they managed to clinch 9th place, winning against schools such as Anglo-Chinese Junior College and Dunman High. This accomplishment was the result of rigorous training sessions focused on enhancing strategic play, physical fitness, working with new teammates and playing together as one.

Team-building was an integral component of the CAS' activities this year. Regular unofficial training sessions were organised to strengthen team cohesion and harmony, with

team dinners to grow together as a team platonically too. The team also had a friendly match with Jurong Pioneer Junior College, in which they managed to utilise the strategies learnt, as well as obtain better game sense. The focus on team-building was crucial to their competitive successes, and also ensured that when the Year 6 team members stepped down, the Year 5s were able to work together efficiently and maintain a positive team culture.

Overall, 2024 was a highly successful year for the Ultimate Frisbee CAS, characterised by competitive success, meaningful community engagement, and strong leadership growth, and will continue to improve in years to come. Disc in!

St Joseph's Pelandok Scouts

In 2024, the St Joseph's Pelandok Venture Scout Unit had an eventful year, participating in both school-based and external activities which engaged the unit members and imbued them with valuable venturing memories and experiences.

The unit played a crucial role in organising and facilitating the Unit Training Camp (UTC) 2024 to assess and train the leadership abilities of the juniors in the Scout unit. Aside from the training of leadership abilities, the Ventures also imparted their knowledge of scouting to their juniors and ensured the enjoyment of the camp for all participants throughout the event. By involving themselves in the camp, the Ventures were able to hone their leadership abilities and live out the values of the school by being Men and Women for Others.

In addition to the camp, the Ventures also exemplified the ideal of servant leadership through their weekly and enthusiastic participation in Project Lectio, which aims to help underprivileged children acquire pre-reading and writing skills to have a smooth transition to formal education. Through their participation in this project, the unit moved beyond service in just the school community and extended their assistance to the wider community, aiming to uplift those who need help and be caring and empathetic members of society.

Apart from character development, the Venture unit has also engaged in multiple physical activities.

From participating in a Standard First Aid course and backwoodsman, to completing a 30km hike, the Ventures have acquired new skills which will undoubtedly benefit not only themselves, but those around them as well.

Having gone through the many activities and lessons throughout the year, the Venture unit has strengthened their mental fortitude, equipped themselves with valuable real-world skills, given back to society and become a united family.

Volleyball

Volleyball started its maiden year with a bang. The EXCO set up a Volleyball booth during the SJI Open House and CAS Fair, interacting with the visitors by giving them opportunities to try their hand at the sport. As a recreational CAS, Volleyball has allowed members to grow their passion for the sport in a fun, engaging, and stressless way.

Through the course of the year, Volleyball members participated in weekly training sessions. Even though most of them started with little to no experience with the sport, through the unwavering support and expertise from their coach, they quickly picked up the necessary techniques, such as setting, spiking, and blocking, building a solid foundation that would help them master the sport. The weekly training sessions also put a big emphasis on mastering volleyball matches. Members not only practised individual skills important to the sport, but also learnt how to effectively apply those skills in an actual game.

Members learnt that in volleyball matches, teamwork, communication, and team spirit are equally important in swaying the outcome of the match. Through effective communication, they are able to strategise easily, carrying out powerful plays while also boosting the team morale. Furthermore, at the end of the day, the nature of volleyball as a team sport has allowed members to bond and get to know each other better.

The members participated in a volleyball mini-tournament in September. Practising in teams for the tournament allowed members to develop team chemistry. Each team played with resilience, spirit, and exemplified outstanding sportsmanship. The tournament helped to validate members' efforts and hard work throughout the year, serving as a culmination of their journey until then. The tournament wrapped up volleyball's second module, concluding a successful first year of the CAS.

Beacon

Beacon is a service-driven CAS which offers various opportunities for its members to engage in community service, contributing their skills and creativity to the service of the larger community. It works closely with established organisations such as Love Kuching and St Luke's Eldercare and collaborates with new partners like the Migrant Workers' Centre (MWC) and ItsRainingRaincoats (IRR), among others, to provide long and short-term initiatives for volunteering.

Earlier this year, Beacon launched its first Picnic Under the Stars (PUTS) in collaboration with Astronomy CAS, with the aim of strengthening the community spirit among new Year 5 Josephians while celebrating the achievements of Year 6 students. Another of Beacon's notable successes was its annual Bake Sale, which drew a large crowd at the school foyer, where members sold their home-baked goods to the school population. The funds were raised for IRR, an organisation which works to improve the welfare of migrant brothers, empowering students to contribute their skills to enrich the lives of others. In yet another fund-raising project, Beacon made a huge splash at its second 'Splash for Impact' carwash fundraiser for MWC, surpassing the set goal of \$600 five-fold. Over 20 teachers and parents had their cars washed and members honed their collaboration skills to expedite the smooth flow of the event while raising funds.

Beacon's long-standing partnership with St Luke's Eldercare promotes members' effective communication with and compassion for the elderly through arts

and crafts and karaoke sessions. Through hands-on interactions, the students developed deeper connections with and empathy for the elderly population, bridging the gap between the two generations.

Year after year, Beacon members also volunteer at the Love Kuching cattery to maintain the cleanliness of the shelter, as well as to rehabilitate injured cats through play and interaction.

Finally, Beacon's most highly anticipated event, Concert Agape, featured performers from various schools, such as Raffles Institution, Eunoia Junior College, Catholic Junior College and more. A large team of members planned and facilitated the smooth flow of the concert to celebrate the spirit of 'Agape' – love and charity – through music, embodying the values of Service and Community.

BLOODay

In 2024, BLOODay organised two blood donation drives, one on 27 March and another 11 September. The initiative focused on contributing to the community by addressing the critical need for blood. The March drive was held at the Founders' Hall, while the September drive was held at the Indoor Sports Hall Training Room. Both drives saw active participation from students, staff, alumni and parents.

The planning for the drives required close coordination among various committees. Teams were formed to manage manpower and publicity efforts, ensuring that both events ran smoothly. A particular focus was placed on encouraging students under 18 to obtain the necessary parental consent, and the leadership team worked with Red Cross Singapore to streamline the process, making the experience accessible and inclusive for all eligible donors.

In addition to the blood donation events, BLOODay served as a platform for student leaders to develop their organisational

and leadership skills. Regular meetings were held to address challenges and devise strategies for improving participation and donor retention. The team-building aspects of these efforts were essential in fostering collaboration and creating a supportive environment for both volunteers and donors.

The blood drives also provided a valuable opportunity to engage in service and give back to the community, reinforcing the importance of Values in Action. Through careful planning and execution, the BLOODay blood donation drives of 2024 made a significant impact, both in terms of the number of donations collected and the experience gained by students in leadership roles.

At every BLOODay, there will always be a number of people who are turned away for various reasons. It is hoped however that they will persevere in their efforts to donate blood or if they cannot, then spread this awareness of the importance of donating blood to others.

C3 ACE Programme

ACE is a CAS dedicated to service. In partnership with the organisation C3, ACE works with students to create and host events that aim to benefit the less privileged. The beneficiaries of C3 ACE include children, youth, and the elderly, providing students with opportunities to step out of their comfort zones and positively impact these individuals through volunteer work.

Volunteers accompanied children to the ArtScience Museum, followed by a walk through Marina Bay Sands and a lunch at McDonald's. As the children come from low-income backgrounds with limited opportunities for outings, this day held particular significance for them. Observing their interaction with art and technology was a heartening experience. This event underscored the potential for volunteers to connect with the broader community and make a positive impact through shared moments of joy.

As part of the Dumpling Festival celebrations, the team created a video documenting the history of the festival for the elderly, followed by a quiz to engage them. Additionally, an origami arts and crafts competition was held, with prizes awarded to the best entries. The event concluded with a busking session where the elderly danced energetically to the music. At the end of the event, each participant received zong-zi, or sticky rice dumplings, to enjoy.

In the Youth TAT project, volunteers spent time with youth aged 14 to 17, engaging with them through mobile games. This experience provided insight into the diverse backgrounds of the participants and resulted in the formation of new friendships. The project provided a sense of fulfilment through these meaningful interactions.

Lastly, a Smiggle bag distribution project was conducted for families across Singapore, furthering the organisation's commitment to service.

C3 ACE remains dedicated to its core values of service and lifting up others, and looks forward to continuing its efforts in future service opportunities.

KidsRead

As the kidsREAD partnership between SJI and Bendemeer Primary School entered its third year, the National Library Board's (NLB) nationwide reading programme for young Singaporeans from less privileged backgrounds received an even more enthusiastic response from Josephians. This year, another 30 passionate SJI volunteers were recruited, the biggest number thus far. Both the outgoing (pioneer) and incoming EXCO members also led the CAS capably.

On Wednesday afternoons, volunteers travelled to Bendemeer Primary School to run the NLB-curated programme for Primary 1 and Primary 2 students. Each session comprised a story-reading segment, followed by book-related STEAM (science, technology, engineering, art, mathematics) activities facilitated by the volunteers to reinforce the story that was read to the students. Finally, the students enjoyed some individual reading time. Before each session, kidsREAD volunteers looked through the resources provided by NLB to prepare for the story-reading and facilitation of activities.

As the volunteers returned each week to mentor their younger buddies, a strong rapport was established with them, who in turn looked up to these big brothers and sisters and appreciated their guidance. The year-long programme culminated with a mini-party, as students and volunteers alike came together to celebrate the stronger interest in reading as well as the bonds formed.

Demonstrating unwavering dedication, the volunteers have continued to impress with their ability to guide their young charges patiently and the positive impact made on the young beneficiaries. Indeed, the Josephian volunteers have grown as Men and Women for Others.

Lasallian Youth

Lasallian Youth (LY) is a service CAS that works closely with the Lasallian Youth Network to share the Lasallian spirit throughout Singapore. The committed members embody the Josephian spirit of learning to lead through providing free academic mentoring and socio-emotional support to underprivileged youths, aged 9 -14, by being older brothers and sisters (mentors) to their younger mentees.

Between April and September 2024, the LY community executed a range of impactful projects, all meticulously planned and executed by the mentors themselves. This approach underscores the community's commitment to training mentors in servant leadership and project management beyond the regular academic mentoring sessions that are conducted for the Lasallian primary schools.

The Service Leadership Training (SLT) Speaker Series, first launched on 16 August, kicked off with a coaching session by diversity and inclusion leader Mr Allister Ong. It was designed to equip LY mentors with skills in servant leadership and effective communication.

The community also held several online "Fundays" aimed at fostering bonding and providing relaxation. On 24 August, Anthea (FN501) and Meryle (FN501) hosted a session featuring skribbl.io and Among Us. Earlier, on 27 July, Ian (LE509) and Damien (FN503) organised and hosted a Roblox "Funday" with games such as Squid Game and Super Golf, allowing mentors and mentees to destress and strengthen their relationships.

A notable achievement was the National Day Arts and Crafts Workshop for the elderly, conducted on 8 August in collaboration with Kelantan RC "Garden of Love." This event, organised by Jet Hong (FN502), Akshath (FN502) and Alton (LE510), involved extensive logistical planning, including coordination with the Kelantan Residence Committee (RC) and execution of the workshop outside of school premises.

Looking ahead, the community is set to continue expanding its positive impact through ongoing and future initiatives, maintaining a focus on servant leadership and community engagement.

Paper Bridges

Our President introducing what Paper Bridges is all about

Paper Bridges began the year embarking on a collaboration with the National University Hospital (NUH) and the Children's Cancer Foundation (CCF) where members spread joy to children undergoing chemotherapy and treatment by writing and designing Birthday and Get Well Soon cards, instilling a greater sense of empathy and care for the paediatric patients experiencing unique socio-emotional needs.

Paper Bridges also had the opportunity to work with Team SEAL, a project initiated by SJI students to raise awareness and funds for the Leukemia and Lymphoma Foundation (LLF). As part of this joint effort to support the LLF patients, Paper Bridges members decorated cards and penned their well-wishes to the patients, encouraging them to be positive and to press on in their recovery journey.

Both collaborations provided Paper Bridges members with a sense of purpose in reaching out to communities in need, particularly by harnessing the power of language to speak uplifting words of hope to the respective beneficiaries.

To cultivate empathy in the members alongside a sensitive disposition towards language use, the Paper Bridges Executive Committee organised scenario-based activities to expose members to the lived realities of the respective beneficiaries and to heighten awareness of differing linguistic connotations.

Prism

The year has been eventful for Prism, marked by extraordinary accomplishments and impactful community engagement. Our students have excelled in various social entrepreneurship competitions, showcasing their empathy, creativity, and problem-solving skills through innovative business models aimed at addressing real-world societal issues.

At the 2024 Southeast Asian Regional Young Entrepreneur Case Challenge, Team KEN achieved a commendable second-place finish, despite being the youngest team in the competition. In the Prudential Young Trailblazer Competition, PRISM demonstrated exceptional talent, with three of our teams securing top honors. Team Megasoft emerged as the Overall Champions and also won the Most Impactful Award. Meanwhile, Team Evoke and Team Janus were recognised with the Most Innovative Award and the Most Sustainable Award, respectively. Additionally, our participation in the Global Youth Entrepreneurship Challenge saw one of our teams advance to the finals, while our teams also earned second runner-up positions at both the CJC Nexus Business Competition and the ACS(I) EntreCon.

A significant highlight of this year was the organisation of the 'SJInnovation Challenge,' a Prism-led social entrepreneurship competition open to students from other educational institutions. The competition, themed "Leveraging Technology to Foster Social Inclusivity," provided a meaningful platform for students to present innovative business ideas aimed at tackling societal issues in Singapore.

In line with our commitment to community service, Prism has demonstrated unwavering support for marginalised groups by fundraising for the Migrant Workers' Centre. The week-long "Tunes For The Heart" initiative featured stirring performances by students, teachers, Vice-Principals, and Mr. Pierre, which united the school community in support of a noble cause. Additionally, our "Splash Dash," a Mahalo carnival event featuring a dodgeball-inspired water game, successfully raised over \$800 for the Migrant Workers' Centre.

2024 has been a year filled with exhilarating competitions and heartwarming community activities, strengthening the bonds within the Prism community and reflecting our dedication to innovation and social impact.

Tunes For The Heart

YoungXHush

YoungXHush is a service strand CAS that is aimed at raising awareness for the deaf community and also improving the well-being of students and staff in SJI. Having close association with the hard of hearing association Hush TeaBar, activities are planned to allow members to learn more about the deaf community and contribute in their own ways. Such activities include sign language lessons for members of the CAS, where volunteers initiate self-directed lessons to learn a few basic phrases and words.

In a collaborative event organised in June, YoungXHush taught basic phrases to other youths in Singapore Sign Language. This event also allowed both YoungXHush members and the youths to reflect on the possible

challenges and difficulties faced by the hard of hearing community, and how their contributions could make a difference.

In September, YoungXHush organised a letter-writing event to show appreciation for non-teaching staff members in SJI, including security guards, cleaners, and canteen vendors. These letters along with goody bags were presented to non-teaching staff on SJI's Staff Wellness Day.

With 2024 being its final year, YoungXHush is honoured and grateful to have been given the opportunity to serve the school and the deaf community in Singapore.

CHAPTER 7:

Our Key Collaborators

CONGRATULATIONS
TO THE
CLASS OF 2024
ON YOUR GRADUATION!

While everyone at SJI is sad to see you leave,
we at the SJIOPA
are pleased to welcome you
to an even bigger family!

www.sjioba.org

SJI PSG
Parent Support Group

Join us in making a **Difference!**

Who are we?

In collaboration with the school and fellow parents, the Parent Support Group (PSG) complements and supports school initiatives. We focus on parent-child bonding activities, informative parenting workshops, and student-centered activities—all designed to contribute to the well-being and holistic development of every student.
